THE voluntary concert which we hope will be initial of the summer band concerts was given in the Gardens last evening. Notwithstanding the dull and threatening clouds in the early part of the day a very large number took advantage of the promenade. The Gardens at this time of the year are naturally beautiful, with their carpet of green, cropped down like velvet. The introduction of a few colored incandescent lights would make the whole scene an entrancing one. It is regrettable that the band stand, which has been condemned has not been altered to meet the views of the musicians. The music was furnished by the 4th Reg. Band, and needless to say was thoroughly enjoyed by all present. The introduction of bright pieces on the program was commented upon by all. The director of the band as well as the individual members are certainly to be warmly congratulated on having made such a decided success on this their first concert of the season.

EASTERN NOTES.—The recent northerly storm damaged the lobster traps on the north side, and also injured the crops considerably, especially in exposed situations. The strong and searching wind dried up the surface of the earth so that pastures, meadows and grain fields are much in need of rain. Both cheese factories are in full blast, and the sound of the whistle of Red Point Factory twice a day is heard for miles around. Its energetic manager John J. Smith is giving universal satisfaction. This is his second year in charge.—Fishing is dull at present and bait is scarce. The cod fish this year are of an unusually large size and price is likely to rule higher than for some time.—Plenty work for every man here now, and no room for the pessimist. John J. Campbell Ellnera is road contractor for this district. Workmen are busy at Campbell Cove Breakwater, and men with timber land are doing well with their timber. It is certainly a growing time.—James Stewart South Lake has returned from the hospital; his condition is not much improved.—The country is now clothed in its garb of green, and no part of the Island presents a more pleasing appearance than the East.

A MAN AND WIFE. Agree Perfectly in Their Warm Praise of Dodd's Kidney Pills.

NAPANEE, Ont. June 24—(Special).—It is pleasant to see a man and his wife agree as heartily as Mr. and Mrs. Simon Warner of this town agree about Dodd's Kidney Pills. "I would like to recommend Dodd's Kidney Pills to every one I hear complaining of a pain in the back" says Mr. Warner. "I was so lame in my back that my wife had to lift me out of bed. The doctors said that they could do nothing for me. I was told by a friend to try a box of Dodd's Kidney Pills, and found they helped me right away. I recommend them to everyone, and always after a trial the people are ready to recommend to others. My wife had used five boxes of Dodd's Kidney Pills, and says exactly the same as I do. Neither she nor I feel safe unless we have a box in the house."
