

This Afternoon
THURSDAY APRIL 2nd.

The first showing of the New Hats

YOU ARE CORDIALLY INVITED TO VISIT OUR first formal opening of the New Hats for the present spring season. You will be much interested in the variety of new ideas shown—the wide range of colorings—the delightful differences in shapes.

In addition to the styles suggested in the illustrations above and below—there will be shown you some very clever models in wider brims, as well as new treatments in crown shapes.

Most of these are arrivals of the last two or three days—from New York. Come in expecting to see something "just a little different" from the usual.
