You have often wished for a disappearing cream which doesn't dry the skin—and now we have it. The name is Penslar Vanishing Face Cream.

It is delightful, soothing and refreshing. At the same time, it is free from ingredients that deprive the skin of its natural oil; therefore, it doesn't have the drying effect occasionally noticed after the use of disappearing cream.

## A Remedy For All Pain

"The efficiency of any drug" says Dr. C. P. Robbins, "is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we certainly are warranted in its use. One of the principal symptoms of all diseases is pain, and this is what the patient most often applies to us for, i. e. something to relieve his pain. If we can arrest this promptly, the patient is most grateful to us in for the other remedies which will effect a permanent cure. One remedy which has been used largely in my practice is Anti-kamnia Tablets. Many and varied are their uses. I have put them to the test on many occasions, and have never been disappointed. I found them especially valuable for headaches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine. Anti-kamnia Tablets are also excellent for the headaches from improper digestion; also for headaches of a neuropathic origin, and especially for women subjected to certain times. Two Anti-kamnia Tablets give prompt relief of headache, and are perfectly safe to go about as usual. These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also successful for headache, neuralgia and all pains."

## SIR JOHN FRENCH REPORTS PROGRESS

(Special to the Guardian.)  
LONDON, July 20.—Field Marshal Sir John French to-day reported as follows:—Yesterday evening, after successfully exploding a mine just west of Chateau Hooge, East Ypres, we occupied 150 yards of the enemy's trenches. This gain has since been consolidated. We captured fifteen prisoners, including two officers, also two machine guns. Two other German guns were destroyed by explosion. Elsewhere on the front there is nothing new to report.

(Special to the Guardian.)  
PARIS, July 20.—The following official statement was issued to-day: "In the valley of the Aisne fairly lively cannonade was reported and the town of Soissons was bombarded. On the heights of the Meuse the fight was lively without infantry action, except near Calonne, where two German attempts to take a trench were easily repulsed. Four of our aviators dropped 42 shells on the junction station at Challange, southward of Vouziers. A squadron of six aeroplanes this morning bombarded Colmar Station. A shell was dropped on railways buildings and trains. Damage was done to the main station and the freight station. No shells fell on the town. Our machines returned undamaged."

## BOAT RACES AT PINETTE

A large gathering assembled at Pinette on Monday afternoon to witness the motor boat races, under the auspices of the Pinette Boating Association. There were two boats from Charlottetown entered, which made the race all the more interesting. In the race for the Wm. Mutch cup, the motor boat owned by McTear and Blake won the race in good style, with Morrison's boat a good second.

The other race was for the John J. McDonald, Jun., cup, boats of 15 h.p. and under taking part. This race was won after a very close finish by the Dixie Girl, owned by the Hennessey Bros., of this city, with the Vixen a close second. The Vixen is owned by McDonald and Deacon, also of this city.

The boats from the city will meet again to-night on the harbour, and no doubt a large crowd will go out to see them. Races start at 7 o'clock.

## SOURIS RACES

The following entries have been received for the Souris races:—  
2.19 Trot.—Dr. Sharper, Oakley H., Devillish Dorothy, George Crecescus, Mayor Todd.

## U. S. NOTE NOW BEING FORWARDED

(Special to the Guardian.)  
WASHINGTON, July 20.—President Wilson and Cabinet after two hours discussion to-day approved the final draft of a note to Germany. Cabinet officials refused to discuss the contents or to intimate how insistence of the States to obtain a definite answer to its representations on submarine warfare has been phrased. The new note will be ready in a day or two for despatch to Berlin. Publication will be withheld until the note actually has been received in Berlin.

(Special to The Guardian.)  
VIENNA, July 20.—Radical capital of the Province of Radom, which lies 57 miles south of Warsaw was captured by the Teutonic Allies, according to official communication this evening.

(Special to The Guardian.)  
CARDIFF, July 20.—Subject to ratification by the miners themselves, through delegates who will assemble to-morrow, representatives of the Government and coal mine owners on one hand and the Executive Committee of the South Wales Miners' Federation on the other, agreed to-day on terms which it is thought will end the coal miners' strike which, since last Thursday, has tied up the South Wales coal fields and menaced the fuel supply of the navy. The terms arrived at grant substantial increase in wages and involves concessions to strikers which are considered by the Executive Committee as tantamount to an admission of the miners' claims on nearly all outstanding points. If to-morrow's meeting should bring a settlement of the strike, the thanks of the country will go chiefly to Lloyd George, Minister of Munitions, for it was his arrival here Monday night that paved the way for breaking the deadlock between the miners and mine owners. If the vote to-morrow is favorable to ending the strike, 200,000 men will return to work immediately and agree to abide by the terms of settlement until six months after the termination of the war.

## SEVERAL PEOPLE WHO NEED HANGING

TORONTO, July 19.—Shoved into a pail of boiling water when he was asking for a piece of ice outside a restaurant at 162 Dundas Street, Saturday afternoon, three-year-old Garnet Earl Shelton was fatally scalded. As a result Wm. Smith, employed in the restaurant, was arrested on a charge of manslaughter and remanded till Friday. The man shoved the screen door open to drive the lad away and this caused the boy to fall into the pail. None of the men in the place bothered to get the child out and he was so terribly scalded that he died in the hospital.

## WAR CONTRACTS ENQUIRY HAS BEEN CONCLUDED

(From our own correspondent)  
OTTAWA, July 20.—The Commission inquiring into war contracts concluded its present Ottawa sittings this afternoon, though a short session will be held to-morrow to hear some further brief evidence in regard to T. A. Russell's purchases of motor trucks for the first contingent. Evidence taken to-day was of a somewhat fragmentary character. Mr. R. A. Pringle, K. C., and ex-M. P., appeared before the Commission to deny that he had been asked to tender for the supply of motor trucks to the Militia Department, or for any other supplies. Auditor-General John Fraser told the Commission that he was still investigating certain contracts on his own account and would report his findings to the commission later. In the meantime, he stated, many matters which had looked suspicious had been found all right upon investigation. The only new feature in this afternoon's evidence was the disclosure of attempts to supply inferior material in some of the socks furnished to the Militia Department for the soldiers.

## QUEBEC CLEARING HOUSE FOR INVALID SOLDIERS

(From our own correspondent)  
OTTAWA, July 20.—Quebec will be the clearing house for invalided Canadian soldiers. It was decided at a meeting of the committee appointed by the Hospital Commission to-day, that the migration building in that city will be used as a distributing hospital where wounded and invalided soldiers will undergo examination and will then be drafted into convalescent homes in different parts of the country. Owing to the uncertainty as to the number of invalided soldiers at present on their way from Europe, a number of the many offers of private buildings as convalescent homes cannot yet be accepted.

## WHO WALKS WITH SOUL AWAKE

(By Florence Earle Coates)  
Who walks the world with soul awake Finds beauty everywhere; Tho' labor be his portion, Tho' sorrow be his share, He looks beyond obscuring clouds, Sure that the light is there!

And if the ills of mortal life Grow heavier to bear, Doubt come with its perplexities And whispers of despair, He turns with love to suffering men— And, lo! God, too, is there.

When you bring home the tell-tale coat of tan—a vigor equal to any job that crops up, and the story of the big fish that got away, you recognize the annual holiday as an institution that makes life more worth living.

It certainly helps make for perfect health, but these outing trips increase the chance of accident.

Among those insuring in this Company during a period of 18 months recently ended, were 16 young men and one young woman who passed the medical examination as being in perfect health—but not one of them lived out the 12 months.

In the face of evidence such as this, no man should take the risks incident to holidaying without the protection of adequate insurance. The best protection you can have is to be found in a policy issued by the
