## France Wants More Railway Facilities

(Special to The Guardian.)

LONDON, Feb 16— The British and French cabinet members met here today, in a conference, which if it fails to evolve a programme for British co-operation with the French and Belgians in solving the Ruhr transportation problem is considered likely to result in the early withdrawal of the British troops from the Cologne area.

The conference was begun in Downing Street at ten o'clock this morning the British ministers at the meeting were Prime Minister Bonar Law, Lord Curzon, secretary for foreign affairs, and the Earl of Derby secretary for war, with the French cabinet represented by M. Le Trocquer, minister of public works. It was understood that as a conference started that the French request for additional transport facilities through the British zone was being received sympathetically. The British maintain the French have little need for more railway lines to handle reparation coal shipments to France, but it is realized that the French have a problem equally serious in the transportation of supplies from France into the occupied territory.

The question may be settled temporarily by the transfer of a six mile section of the British zone containing a double track railway line to the French.

## Postal Authorities After Mail Crooks

(Special to The Guardian)

WASHINGTON, Feb 16— Closer co-operation between Canada and the United States for running down violators of postal laws is being worked out here in a conference between H. E. Atwater, chief of Canadian Post Office Department. Inspection of division and United States postal officials the running down of mail frauds and the uncovering of thiefs by the two postal departments working jointly is expected to spell the doom of international schemers who in the past have been able to operate from both sides of the border.

## Anglo-French Conference Failed

(Special to The Guardian.)

LONDON, Feb 16—The latest Franco-British conference ended abruptly today apparently in disagreement with the British refusing France permission to run troop manned trains through the Cologne area. Optimists who were confident earlier in the day that M. Le Trocquer, French Minister of Public Works would be successful in his mission were surprised when the parley collapsed.

The Entente survives the breakdown, however. It was authoritively indicated the French will return to Paris tonight.

## Vote of Confidence To Bonar Law

LONDON, Feb 16— The House of Commons today gave Premier Bonar Law a vote of confidence. A labor amendment to the resolution adopting the speech from the throne was defeated by 277 to 180.

THE GAME BETWEEN Dorchester and Abbies will be played as by schedule tonight.

DORCHESTER vs ABEGWEITS at the Arena tonight.

A BAD ACCIDENT—Little Elaine McCallum, the five year old daughter of Mr. and Mrs. John A. McCallum, Brackley Point, met with a painful and serious accident last Tuesday. While passing through the barnyard, accompanied by her brother, she was kicked by a horse which was running loose. She received the blow in the face, breaking the jaw-bone and the nose and several cuts and bruises. She remained unconscious for some time. Medical assistance was procured as soon as possible but the child's injuries are very serious although hopes are entertained of her recovery. She was brought to the P. E. Island Hospital Tuesday and everything possible was done for her with the result that last night her condition was somewhat improved. Much sympathy is felt for her parents and the keenest anxiety is felt by her many friends as she is a most engaging and loveable child.

## Windsor-Carlyle Skaters At Arena Monday And Tuesday

The public will be pleased to learn that the Windsor-Carlyle skaters who have been touring the provinces for the past three weeks with great success will arrive in the city today and perform at the Arena on Monday and Tuesday nights. In all the Maritime cities where these skaters have appeared the press pronounced them the most marvellous performers in their line ever seen in the provinces.

## British Army And Navy Organizations

(Special to The Guardian.)

LONDON, Feb 16— Further evidence of the general tightening up of the British Military and Naval organizations which has been going on quietly for some months was revealed here today by a new order of the army council to the Territory anti-aircraft units of the air defence brigades. It was officially announced that the member of the brigades would be recruited to serve during national emergencies when called upon, even though no calling out the territorial army for actual military service is in force at this time.

## Sir Henry Thornton Promises Prompt Action

(Special to The Guardian.)

OTTAWA, Ont, Feb 16— Sir Henry Thornton, chairman and president of the Canadian National Railways, addressed over four hundred people at the Board of Trade luncheon here tooay. One announcement of interest to Ottawa was made by Sir Henry, that the Canadian Nationals offices, although the headquarters were in Montreal, would always maintain an executive office in Ottawa, Sir Henry announced that he, as well as other officials of the road would move their residence to Montreal.

## British Steamer On Fire Off Vancouver Coast

(Special to The Guardian)

VICTORIA, B. C., Feb 16 — What appeared to be a large passenger steamer affre off Pachena Point west coast of Vancouver Island was reported in a wireless message received here late last night from the salvage steamer Algerin which while laying overnight at Port San Juan was boarded by customs officers at 9.30 p. m who reported that an unknown passenger vessel was on fire and sending out distress flares off Pachen. The Algerin set out at once for the burning ship. No authentic news of the Tuscan Prince has come since she sent a faint message yesterday morning, her wireless apparently failing before she could give her position. She is a British passenger and freight liner with a crew of forty-two.

## Wife Fights Duel While Husband Minds Baby

WHITESBURG, Ky., Feb. 16 — Mason Combs, alleged to have fired several shots at Mrs. Alex. Stacey across Carr's Fork Creek, west of here, after challenging her to a duel to settle an argument, is to be tried in a magistrate's court here tomorrow.

Mrs Stacey, who swore to a warrant for Combs, told of going to the bank of the creek unarmed to meet her opponent. She charged that he fired at her several times before she went to her home and obtained a rifle. Then, she claimed, Combs fled.

In the meantime, Mrs. Stacey said, her husband was at home attending the baby.

## Hockey Game This Evening

The Abegweit-Dorchester hockey game will take place at the Arena Rink tonight at 9 o'clock.

## Radios Defeat Jam-Tarts 3—2

The Radios defeated the Jam Tarts at the Arena last night in what might be termed a get your man game. At the bell the score stood 3 to 2 in favor of the Radios.

The line-up was as follows:

| Radio | | Jams |
|---|---|---|
| | Goal | |
| J. Welsh | | F. Lawler |
| | Defence | |
| W. Livingstone | | L. McKenzie |
| J. MacInnis | | N. Welsh |
| | Forwards | |
| T. Small | | T. McEwen |
| F. Anderson | | B. McMillan |
| M. Leigh | | R. Bevins |
| | Subs | |
| B. McKenzie | | R. McMillan |
| A. MacMaster | | |
| H. Fraser. | | |

MacInnis can sure chop wood.

MacKenzie holds them three at a time.

Keep up the good work Welsh you stopped some hot ones.

Armour is being ordered for the next game between these teams.

## Objects to Indoor Games on Sunday

LONDON, Feb. 16—A proposal that the playing of billiards and cards in the National Liberal Club should be permitted on Sundays is threatening to create as much of a division among the members as when the club's fine portrait of Lloyd George was relegated to the lumber room, after H. H. Asquith and Lloyd George parted company in 1915. The membership of the club runs into several thousand.

Years ago the National Liberal Club was regarded somewhat as the headquarters of that puritanical strain in the old style Liberalism, derisively described as the Nonconformist conscience. More recently, however ,the club has assumed a decidedly broader element, although the representatives of the old-fashioned Liberalism largely control the management.

The members of Parliament prominently connected with the club are rather apprehensive over what may be thought in the country districts of billiard-playing and card-playing on the Sabbath, when the members are in town for their Parliamentary duties.

The supporters of the proposal declare as Sunday golf is now almost universal Sunday games at cards and billiards should be allowed. "What recreations are there," they ask, "which entail less labor upon servants than billiards or cards?"

## Madisons Defeat Pie Eaters 4—1

One of the fastest games of hockey played at the Arena this season took place Thursday night when Lambros Bros Madison's and the Pie Eaters crossed sticks.

The game was fast and clean throughout, only five penalties being handed out, for minor offences.

Frank Cronin played his usual steady game, being on the ice all the time. Fred Walsh was unfortunate enough to lose two teeth, but this did not hinder him from playing a star game. Also Love, Henry, Power, and Kilfoy are to be congratulated on the brand of hockey they played. As for George Craig and Wm. Purcell, they were second to none when it comes to defence work. And also for S. Diamond in the net, who cannot be equalled in Charlottetown. Diamond was the stonewall Finnegan for his team.

Mr. Frank Brown refereed the game to the entire satisfaction of both teams.

The Madison's line-up was as Goal—S. Diamond. Defence—Geo Craig; Wm. Purcell, F. Herrell. Forwards—F. Cronin; F. Walsh; E. Love; R. Henry; Geo. Fraser; R. Harris.

After the game the team was entertained by Lambros Bros at Stewart's Restaurant. Lambros Bros should be congratulated upon the magnificent way they upheld sportmanship, also for the funds donated by them and for the extremely generous way they treated the boys after the games. Lambros Bros should be remembered for their true sportmanship by the sport-loving populace of Charlottetown and the Island. After refreshments were served sketches were given by membres of the team and also some songs by Messrs Power, Francis, Reid and an enjoyable selection by Mr. Nick Cosmos on the Hawaiin Harmentino. Later Capt. Herrell occupied the floor to burst forth with an able and enthusiastic speech. George Craig came next with a side splitting specialty, followed by Mr. W. Purcell, our noted elocutionist. Before the party broke up Mr. William Cambell was elected honorary president of the team. Mr. Campbell kindly donated a liberal contribution to the Madison's funds.

## Dorchester Loses to Summerside Crystals 16—2

Dorchester lost to Summerside at the Crystal Rink, Summerside, last night in a one sided game, the score being 16—2, before a fair sized crowd of fans.

The visiting players were speedy and worked hard throughout the entire game but were somewhat handicapped by the fact that their goalie was accidently injured in the first part of the game. The Crystals went on the ice determined to win and passed out to the fans a brand of hockey that has not been excelled for many years. From the very first until the finish of the last period the game was fast, notwithstanding the heavy score.

Referee H. M. Baker called the game at 8.45 and after five minutes of play Gautier landed the rubber in the net for the home team. This was repeated in three minutes by Dalton and four minutes afterwards Cahill repeated, the score being 3—0 the first period. No penalties.

The second period started at 9.15 In this period the game was fast but one-sided, the Crystals scoring eight goals and just before the end of the period Dorchester landed the rubber for the first time. Score 11—1.

In the third period the Crystals shot five more goals and the visiting team scored one, ending the game 16—2.

In the second period Rogers, Monkley and Walsh were penalized for a mix-up. In the third period Morris and Rogers were penalized.

The line up was:

Crystals: — Graves, Rogers, Morris, Dalton, Gautier, Cahill, Houghton and Monkley.

Dorchester:— Gaudet, Cormier, Walsh, Drillio, H. Belliview, LeBlanc, F. Belleview.

## CURLING

The scores below are for the last two matches played for the Senior Challenge Trophy.

In the first game Mr. J. H. Malcom and his men successfully defended the Trophy for the fourth time.

The second game was won by Skip D. A. MacKinnon and his team, after securing a big lead in the first four ends. The remainder of the game was very even and some nice playing took place on both sides. Skip C.H. Black, who was playing this position for Mr. J. H. Malcom, who was unable to compete, making a couple of remarkably good shots in the last stages of the game.

## Championship Hockey Schedule In N. B. And P. E. I League

Mr. Frank Brown, Abegweit coach, received a wire from Mr. James McEachern, representative for the Abbies, at the hockey meeting in St. John to arrange a schedule for the play-off games in the N. B. and P. E. Island Hockey League.

The first game is in Charlottetown, February 22nd, between the Abegweit, 1922 champions and the Sussex team.

Feby. 28—North Shore at Charlottetown.

March 5—Sussex at North Shore

March 9—Charlottetown at Sussex.

March 12—Charlottetown at North Shore.

March 16—North Shore at Sussex.

Referee—Jack Twaddle.

While the above schedule does not throw any bouquets in the way of the Champions, it shows that the Abegweits will have to use their heads as well as sticks and speed to retain the coveted Morton Thompson Trophy for 1923.

## Banquet Tendered Chatham Team

CHATHAM, Feb. 13—The Chatham hockey team received a rousing reception at the depot this morning upon their return from Campbellton. A large body of citizens met them at the station with a band and the boys were escorted to their homes in royal style. Tonight the team is being banqueted at the City Cafe by John Murphy, the proprietor.

## HOCKEY

The fastest and hardest fought game of hockey played on the Carleton rink this season was played on Friday evening, Feb. 9th when the second hockey team of Bedeque drove to that place in the afternoon to have their first workout and to cross sticks with the Royals that night. The Bedeque team having only six players and had not been on the ice together this winter showed that they were good sports and were not afraid to face the purple and gold.

The game started about eight thirty (8.30). In the first period the play was fast and clean the rubber being around one end as much as the other, and nearly all individual play either teams were unable to score.

The second period was much faster the Royals playing some combination made it more interesting for the Beavers and especially Suffie who was called upon several times in this period to brush away some hot shots. The Beavers however, failed to find the Royals net and no scoring was done at the end of the second period. In the third period both teams put forth every effort to make a tally. The Beavers having everything in their favor tried their best to bring the victory to Bedeque but failed to make a single score, while the Royals still thinking it was theirs made several attempts to reach Campbell but the Beavers had built a dam just in front of him and made it impossible for the Royals to claim the game. Mr. Arnett Howatt handled the game to the satisfaction of all.

After the boys had a little practice in the afternoon they were met in the rink by Mr. Norman Campbell who drove them to his home where a grand reception awaited them. After the match lunch was again served by the ladies which was much appreciated by all. The captain on behalf of the other boys thanked the people of Carleton for their kindness shown them during their visit.

The line up:

| Bedeque | | Carleton |
|---|---|---|
| | Goal | |
| S. Campbell | | G. Waddell |
| | Defence | |
| L. Wright | | N. Campbell |
| H. Green | | D. Bell |
| | Forwards | |
| P. Noonan | | D' Irving |
| F. Noonan | | C. Howett |
| H. Chaddock | | W. Pye |

NOTES

Campbell played a star game for Beavers.

The forwards worked hard, especially at six o'clock.

The defence refused to let anything pass'

Norman (at supper time) are there any freight moving in Bede-

Wright, passing his cup the fourth time, just a small drop please.

The Bedeque boys were badly disappointed they went down to Carleton with the intention of getting a beating but had to come home without it.

Green, you will have to be easy on us tonight, boys. Wiley—Oh, sure we won't beat you very bad.

If Frank's shot was as good as his appetite, the Beavers would have won.

Dug fired all long range shots.

The hardest shot Suffie found to stop, was the one Lewis gave him.

que. Frank—No Norman, I didn't think so.

## X-Ray Discoverer Will be Cremated

MUNICH, Feb. 16—The body of Prof. William Conrad Roentgen, discoverer of the X-ray, will be cremated at Ostfriedhof Cemetery here.

The immediate cause of the famous scientist's death was a brief illness from an intestinal stricture. The fact that he was ill was not known outside the family circle.

Professor Roentgen retired as ordinary professor and director of the physical institute of the University of Munich about three years ago. He had been on active duty at the university previously for two decades. His wife died three years ago, and the only surviving member of the immediate family is an adopted daughter.

Roentgen, because of his discovery of the X-ray, was elected to membership in practically all national and international academies of science. For his contribution to science he was given the designation "Excellency," and raised to the nobility. He won the Nobel Prize in 1900. It is said that in 1896 Roentgen was approached by one of Germany's largest electrical concerns to make his invention available for technical purposes and manufacture, but that, while approving of the idea, he rejected the suggestion of personal co-operation saying: "What I have discovered belongs to the universe."
