**IT PAYS to buy in this Province**

**POSTPONED MEETING of the Anti-Tuberculosis Society, Monday evening, Board of Trade Rooms, 7972**

The many friends of Mr D. R. MacKinnon, city, will regret to learn that he is ill suffering from an attack of pneumonia.

**RECOVERING.**—The many friends of Miss Louise McCabe, daughter of Jos. McCabe of Iona, will be pleased to learn that she is improving from an attack of appendicitis and hopes for her speedy recovery.

**UNIQUE WINTER TRIP.**—Mr. E. J. Smith and Miss Frances Beales of the city who had been out on snow shoeing at the mouth of the harbour Saturday afternoon, on invitation of Captain Murchison, got on board the Prince Edward Island and had the pleasure of a sail home.

**PRESENTATION.**—Messrs Elzair Arsenault and Leo Doucette, of Charlottetown, who leave by the next steamer to join the Stationary Hospital at Antigonish, were presented each with a valuable pipe and an address by the League of the Cross and with a fountain pen and an address by the Knights of Columbus. Messrs Arsenault and Doucette will be attached to the Hospital Unit Band at Antigonish, both of them being experienced bandmen here.

**IN THE CHURCHES.**—Owing to the unavoidable absence of Rev. Dr. Fullerton, who is storm-stayed in Picton, Rev. D. McLean very kindly took the morning service and Mr W. S. Louson the evening service in St. James Church yesterday. In the First Methodist Church, Mr. Sharnan took the morning service and Rev. Mr. Heaney spoke most acceptably in the evening. In the Baptist Church Mr Heaney took the morning service, while Sergt. Sharnan preached in the evening to a large congregation. The special music of the previous Sunday was most enjoyably repeated, the choir being in excellent voice.

**LETTERS PATENT.**—In last week's Royal Gazette the Robert T. Hardy Silver Black Fox Company Ltd. make application for letters patent to purchase, breed, raise, import and export, propagate and sell all kinds of wild and domesticated animals and their products, to buy and sell options thereon and to transact such business as may be incidental thereto. Those interested are R. T. Hardy, D. J. Grenier, Worcester; Jas. J. Coan, Arthur A. McPhee, Geo. B. Murray, E. B. Fitch, F. J. McEady, all of Worcester, Mass.; A. R. McPhee, Boston; J. Edgar Milligan, Northam, P.E.I.; John Palmer and Nelson Palmer, Freeport; Wm. Kinsman and Alex. Palmer of Freeport.

## Hon. J. D. Hazen On Important Mission

**OTTAWA, March 21.**—A good deal of interest has been created here as to where Hon. J. D. Hazen has gone and what important Government business he is attending to. He was not in the House when the St. John Valley Railway was discussed this afternoon and Hon. Robert Rogers remarked that he had been asked by the Prime Minister to take up an important matter. It is believed that he has gone to New York, but whether in connection with some plan of securing the much needed additional tonnage for Canadian trade, or in connection with some matter relating to the naval service is not known.

## HIGH SCHOOL GIRL RUN-DOWN, WEAK AND NERVOUS—MADE STRONG BY VINOL.

For the benefit of Charlottetown school girls who overwork and get into highly nervous, weak and run-down condition, we publish this letter from Dorris Coppler, of Fort Worth, Tex.—"I go to the high school and take music lessons, and became run-down, weak and very nervous, so I could not do anything. I would shake all over and could have screamed at times, and was really unfit to keep on with my studies. Mother purchased a bottle of Vinol for me and within a week I was better and in two weeks I had gained five pounds and felt fine."

It is the curative strengthening elements of the true cod liver extract, aided by the best of vitamins, revitalizing effect of peptone of iron and beef peptone, contained in Vinol, which make it so successful in building up health and strength and overcoming the nervous condition of Miss Coppler, and we ask every school girl in Charlottetown who is in a like condition to try Vinol, on our guarantee to return their money if it fails to benefit.

E. A. Foster, Central Druggists, Charlottetown. H. J. Mabon, Druggist, Souris.

**No Person Minds** an upset store when they see improvements. The carpenters and other workmen are nearly done.

**Come In** and we will attend to your wants promptly.

The first price was 2.50 to 4.50. Now is your chance.

**Morris & Smith**

## ISLANDER DEAD.—Mr John Mark Shreehan of Kinkora died in St John on Saturday.

**NEW CHAIRMAN.**—Dr David D. Scannell, brother-in-law of Mr R. McDonald, city, was recently appointed chairman of the Boston School Committee.

Captain John Bassett, who is accompanying Sir Sam Hughes as staff officer in the Ottawa correspondent of the Guardian. During Captain Bassett's absence his place is being efficiently filled by a substitute.

**HONOR MEDAL ARRIVES.**—Mr D. B. Stewart, city, is the proud possessor of the Russian medal, which was awarded some months ago to his son, Hugh Ronald, who is now in the trenches, for conspicuous service. The medal is inscribed with Russian lettering and bears the head of the Czar. It is attached to a ribbon, colours of Russia, yellow and black, and is enclosed in a handsome case. Mr Stewart is justly proud of his son's medal, which will be a valued heirloom in the family.

**THE TRAINS.**—The Prince Edward Island Railway, which was tied up by Thursday's storm, was all opened yesterday with the exception of the Murray Harbour line, which is still snowed up from a short distance east of Vernon River to a point a few miles west of Murray River. The train which left Charlottetown Saturday morning got only as far as Vernon River Saturday night. Yesterday morning she started eastward, making only a few miles, the snow being very heavy. At one point a drift ten feet in depth and 500 feet in length had to be plowed through. The train which left Murray Harbour Saturday morning at 6 is still beyond the heavy drift. It is expected this line will be opened today. A train which left Charlottetown at 1.45 Saturday arrived in Tignish at 12.30 midnight. Yesterday a train left Tignish at 11.40 a.m., bringing in Charlottetown at 5.35, bringing mail and passengers. The lines from Souris and Georgetown were opened yesterday. A special coming from Georgetown met with a slight mishap at Brackley Point Station, the snow plow and engine leaving the rails. At eight o'clock last night a train was sent out from Charlottetown, which brought in the mails and passengers.

## Coasting Fatality At Black Point Nov. Scotia

**HUBBARDS, N.S., March 21.**—An unusually sad and distressing accident occurred near Black Point school-house to-day, just as the Halifax and South-western train was passing. Some school children were coasting on a high bank from the building and across the railway track, and not noticing the train, or not seeing it approaching until too late, rushed headlong in front of the engine, with the result that Oliver Nickerson, aged ten years, son of Horace Nickerson, was killed, and Russell Brigley, aged twelve years, son of Fred Brigley, and Mack Snahr, son of Levi Snahr, were badly bruised. The latter boy's injuries are not considered serious, while Russell Brigley, who is bruised considerably, has no bones broken, and will recover.

## NEW ZEPPELIN DEVICE CREDITED TO GERMANY

**PARIS, March 22.**—Equipped with a new, horribly destructive device, a great fleet of Zeppelins will accompany the German fleet when it dashes out to meet the British, according to stories told by Swiss Boatmen on Lake Constantine, where the great Zeppelin works are located.

Suspended from the gondola of the Zeppelin is a wire more than two miles long. At the end of the wire dangles a cluster of bombs filled with high explosives, each Zeppelin accompanying the grand fleet will be fitted out to fish for enemy warships. Scouting ahead of the fleet at a great height, the Zeppelins, the boatmen say, will drop their explosive bait to the water and drag it at a high rate of speed in the direction of approaching Britishers. When the bomb cluster strikes the side of an enemy warship the Zeppelin commander, two miles above the water, will touch an electric button, setting off the charge.

## HILL 60 AGAIN THREATENED

From information gained by reconnoitering patrols sent out by the "Busy Bees" of Hill 60 it is learned that the "Active Ants" have again planned a night attack on this hitherto impregnable stronghold for Wednesday evening at 8 o'clock.

It is understood the "Active Ants" are making desperate preparations in their endeavour to capture "Hill 60" and the forces of "Union Jack," but as everyone knows one success leads to another, and having resisted one strenuous attack, the Busy Bees are confident they can not only easily again repulse the attack of the Active Ants, but can launch a successful counter-attack into the camp of the enemy and thus definitely stop for ever the Active Ants' dreams of the conquest of Hill 60.

**Manicuring**

Phone 314 Miss D. Rudge for appointment. 171 Great George St. 7367-2-14M1Mo.

## MORAN OUTPOINTED BY CHAMPION WILLARD

**Gate Results Amounted to \$151,254, Willard Receiving \$47,500 and Moran \$23,750.**

(Special to the Guardian)

**NEW YORK, March 26.**—Willard, the heavy-weight champion of the world, out-pointed Moran in a ten-round bout Saturday. Willard had the better in points in every round except the third, which went to Moran on a narrow margin, and the eighth and ninth were even. The conqueror of Johnson, it is claimed, broke all the bones in the back of his right hand during the slashing rally in the third round, and it was noticeable that he did not use his right to any extent in the later rounds. Occasionally he uppercut Moran's body or jaw with that hand, but it lacked the punching power shown in his training work. The chief feature in Moran's battle was his gameness. Although he could make no impression on Willard with his hardest swings he fought steadily and courageously under a fusillade of left jabs and hooks which battered his face and almost closed his left eye toward the end of the bout. Several times Moran was dazed by the champion's smashes, but Willard, fighting with his usual lack of aggressiveness, did not try particularly for a knockout. The champion was never in danger from Moran's blows, although a number landed with crashing force on the jaw and body. Most of them, however, were either blocked or avoided by Willard, who took full advantage of his great height and extraordinary reach. The awarding of the bout to Willard on points was unanimous among the experts at the ringside. All gave Moran credit for gameness in his continual efforts to land a punch on the champion and bring down his opponent.

Promoter Rickard announced that the gate receipts amounted to \$151,254. The state received seven and a half per cent. of the gross receipts, which amounted to \$11,344.05. Willard received \$47,500 and Moran \$23,750. Combined with the per centage taken by the state and \$7,500 paid as rental for the garden, the expenses totalled \$90,044.05. To this must be added other expenses, which will probably bring the amount up to \$100,000, so Rickard and his partner, Sam McCracken, will clear close to \$50,000 profit on the bout.

Moran refused to make a statement after the bout other than to say there would have been no fighting if he had not taken the aggressive throughout the ten rounds. Willard left the garden after the bout, refusing to be interviewed.

## GALLANT BELGIUM ARMY IS HIGHLY EFFICIENT UNIT

**IN BELGIUM LINES, March 22.**—This glorious little army that at first arrested the rush of the Germans, the army that gave the Allies invaluable

**Prince Edward**

**New Pictures Today**

breathing time, has been fighting longer than any of us. And it is not too much to say the world's debt to Belgium has increased steadily since those events at Liege and Antwerp. I had been with the Belgian army soon after its long series of rear guard actions. It was then suffering from great losses. It was war-weary and needed sleep and rest. But it had never lost heart or discipline.

Today it is the same army but even though renewed, has no great reserves to fall back upon, because the greater part of the nation has been imprisoned. The wise men who administer it under the affectionate care of King Albert therefore while getting into the ranks every possible available Belgian of military age have devoted themselves to the work of refitting and reorganization. The result is a perfect little army of more men than I am at liberty to state.

Though the shortest of the lines held by the Allies, the Belgian line is, in proportion to the free Belgian population, much the longest occupied. It is the most difficult and extremely uncomfortable position, for in no part of the war zone is the mud of Flanders blacker and deeper than it is in the Belgian trenches.

It is an open secret that the Belgian preparations were not such as Rebroochville had urged, but in artillery the gallant little army had acquired great proficiency, doubtless partly by reason of its association with the French. The Belgians are well equipped with great cannon, big

howitzers, 75's machine guns and every gun has a plentiful supply of shells of every description.

Our way lay through the ruined Flemish villages where the churches in almost every case had been shelled to fragments, and in almost every case the carved wooden Christ remained as by miracle untouched.

LONDON, March 22.—The Daily Chronicle's correspondent at a great naval base writing on "Scrapping in the North Sea," says:

"German warships have been out in the North Sea and our sailors are convinced they will again be out soon. There has been more than one scrap. The Moewe evaded the blockade out and in, and naval men are the first to acknowledge the skill and daring of seamanship. The dash of the Germans on Dogger Bank, when they sank the mine sweeper Arabis was not their only dash out, and we got in some blows before they found refuge behind the Frisian Littoral.

"Our fleet now is never long at its moorings. It becomes restless behind the multiple of defences which guards the narrow channels of its base, and during the last four weeks the battle squadron has often scudded to sea.

"It is out on the prowl now at quicker intervals than we have ever known—often more than in the very early days of the war, and the discontent engendered by the long waiting in sheltered waters has vanished like the rising mists of a spring morning.

# WHAT CANADA PAYS!

## SOLDIERS PAY AND ALLOWANCES, CONDITIONS OF ENLISTMENT PROVISION FOR WIVES, MOTHERS AND CHILDREN

Canada is determined that her sons shall be as well paid and their families as well cared for, as a grateful and wealthy country can afford. The scale of pay for Overseas Service, the allowances from the Patriotic Fund, and the Pensions, are on a more liberal basis than those of any other country engaged in the war.

**SCALE OF PAY**

RANK	Pay per day	Field Allowance per day	Separation Allowance per month
Sergeants.....	\$1.35	\$0.15	\$25.00
Corporals.....	1.10	.10	20.00
Private, Buglers, Drummers etc.....	1.00	.10	20.00

The men are, of course, fed and clothed by the Government.

The Separation Allowance is the sum paid by the Government to the wife of each enlisted man, or to the widowed mother if the son is unmarried and is her sole support. This is in addition to part of his pay which is reserved for her.

One-half of a soldier's pay is withheld by the Government and paid to his dependents. This ensures that at least \$35.00 per month is paid by the Government to the wife of each soldier.

## THE PATRIOTIC FUND

The Patriotic Fund has been created to assist those dependents of a soldier who need more help than the Government gives. From this Fund the following sums are paid if the need exists:—

Wives.....	From \$5.00 to \$10.00 per month
Children of widowers.....	
Mothers of unmarried men.....	
Children of married men according to age and number in family.....	\$1.50 to \$6.00 each per month

Ladies representing the Patriotic Fund pay regular visits to families of men on Overseas Service, and give friendly advice and practical help in case of need.

Many employers have pledged themselves to give preference to returned soldiers when engaging men.

## PENSIONS

The Canadian scale of pensions range for private soldier, from \$75.00 per year for certain minor injuries to \$264.00 for total disability. In case of death \$22.00 a month is paid to the widow, and \$5.00 a month for each child. A widowed mother whose son was her whole support receives \$22.00 a month.

## CONDITIONS OF ENLISTMENT

Age—18 to 45 years. Height—5 feet 2 inches minimum

**HOW TO ENLIST**

Apply to LIEUT. COL. CAMPBELL or to any recruiting officer LIEUT. COL. ALLAN, MAJOR LEIGH, JUDGE FRASER, Souris, or write for information to
