#### BROKEN SLEEP-TIRED NEXT MORNING.

Sleep not only rests, but builds up the body. Cut down the hours of sleep and you cut down health in the same proportion. Rebuilding then ceases, nerves go to smash, you grow tired, weak and wretched. To restore sleep you must get more bodily strength, more nutritious blood, healthier nerves. Ferrozene solves the whole problem, makes you sleep soundly, gives endurance, vim, ambition. No more morning weakness—instead the fire of youth will run in your veins, supplying abundance of energy and vigor. Witchery expresses the instant effect of Ferrozene; try it.

## REBELLION PROBABLE IN NORTHERN NIGERIA

A New Mahdi is Stirring up the Natives—"Another Little War" Probable—The Protecting of Extensive Country is a Matter of Very Great Difficulty.

CAPTOWN, Mar. 24.—Advices from Northern Nigeria indicate the outbreak of a rebellion there which probably will prove of greater importance than the so-called continual war now being carried on by the German government in Africa. The stretch of country to be protected, the native tribes to be dealt with, the unhealthfulness of the country make the proposition an extremely difficult one to deal with. According to all accounts the whole affair results from the appearance of a new Mahdi. No sooner did the news reach Mr. Hillier, the acting resident at Sokoto that a Mahdi had arisen than the mounted infantry with the Maxim were dispatched to the scene of the trouble. Sir Frederick Lugard states that his advice is to the effect that not only the British but the French were involved in the defeat.

Sir Frederick Lugard is said to believe that he has a force sufficient to put down this latest Nigerian war but this is considered doubtful by traders and by those familiar with the Niger River country. Much depends upon the attitude of the Emir of Sokoto and Kano and whether they are able to hold the natives in that section in line. It is true that Sir Frederick already has several thousand troops concentrated at Kano but he may need every man that can be hurried to the frontier. Once the situation gets away from him the entire Western Coast of Africa will be ablaze.

Though the original cutting up of the British force in Northern Nigeria was bad enough, scarcely a day passes that murder of whites are not reported. Traders are pulling up stakes and hurrying to the fortified cities and towns.

However, if this were the only thing the situation might not be so alarming. But it has been one long battle for civil-

ization in this part of Nigeria where the garrison of native troops officered by Englishmen were massacred by the tribesmen of Sokoto. The trouble with the natives has been continuous. And there have been repeated military expeditions for the suppression of risings and the abolition of savagery and barbarous native customs and practices. Many white men have met their deaths in the pursuit of these objects. Some of them have been killed in fights with natives; others have been massacred during sudden risings of tribesmen at distant outposts; while still more have fallen victims to the terribly trying climate.

Early in 1900 an expedition had to be sent against the Munsali tribe, a truculent set of cannibals on the Denue river which had attacked an isolated British fort. They were for a time subdued, but only a few weeks ago they broke out again, thus adding to the present complications. In 1901 an expedition was sent to Katsanga and Bida for the purpose of suppressing trouble caused by native pagan practices, and in September of the same year the Emir of Adamawa turned opstrepous and had to be persuaded into obedience by a small force of troops.

The Province of Bornu was brought under British control in 1902 by means of a military expedition, and in the following year Col. M. Rand proceeded against the Emir of Kano and took the town of Kano, together with Sokoto and Katsena. The Sultan of Sokoto fled, but was pursued by Captain Sward and finally killed after considerable severe fighting. In 1904 another expedition was rendered necessary against the Okoto tribe which had murdered Captain O'Beard and Mr. Amyatt Burney, and except for the reported rising of the Munchis there has been peace and order in this section of the country ever since.

### Your "Fagged" Feeling is Spring Sickness

This Unhealthy Weather Will Intensify Your Exhaustion Unless You Have Good Medicine.

Time won't help; matters grow worse instead of better if your system isn't rid of its poisonous burden. Your blood is not only thin, but is contaminated with a whole winter's accumulation of wastes.

A stimulating blood tonic is required. What's it going to be? Not bitter or alcoholic dope, but concentrated cure in the form of "Ferozzone" which is known as the best of all spring rejuvenators.

It creates keen appetite. Produces prodigious digestion. Converts food into nourishment. Gives richness and vitality to the blood. Makes strong nerves and hardy muscles.

Ferozzone possesses power that can't be doubted. It will do for you what it did for Walter Wood, of Beaufort Car Co., N. B., who writes: "I can say that Ferozzone has given me a new lease of life. A year ago I suffered much from nervous weakness. I was really scarcely able to drag myself around. My appetite was gone, had no color or ambition and felt generally used up. The first box of Ferozzone started me back to health. I took a number of boxes, but it was worth while as my health was completely restored."

Get back to health with Ferozzone. Your druggist sells it 50c per box or six boxes for \$2.50. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

### WHO WILL SUCCEED LATE ARCHBISHOP

HALIFAX, March 24.—Already there is much speculation as to who will be the successor of the late Archbishop O'Brien.

It might be said that Bishop Casey will have a prior right to the exalted dignity, being a model man in every respect, and a matter of paramount importance is that his lordship is in the prime of life.

Bishop Barry's name is also rumored but his lordship's health, it is said, would not permit of the tremendous responsibility.

Dr. Thompson is connected with St. Francis Xavier College, and it is altogether improbable that he will be chosen. Bishop McDonald of P. E. I., and Bishop Cameron of Antigonish, are aged, and it is altogether unlikely that either one would be selected.

Bishop McNeill, of Newfoundland, is an able man, and perhaps he might be chosen as Archbishop.

As a matter of fact who will be 1 Dignissimus, 2 Dignior and 3 Dignus when the names go to Rome is yet and will be unknown to the public until after the appointment.

### ADVERTISING IS BROAD.

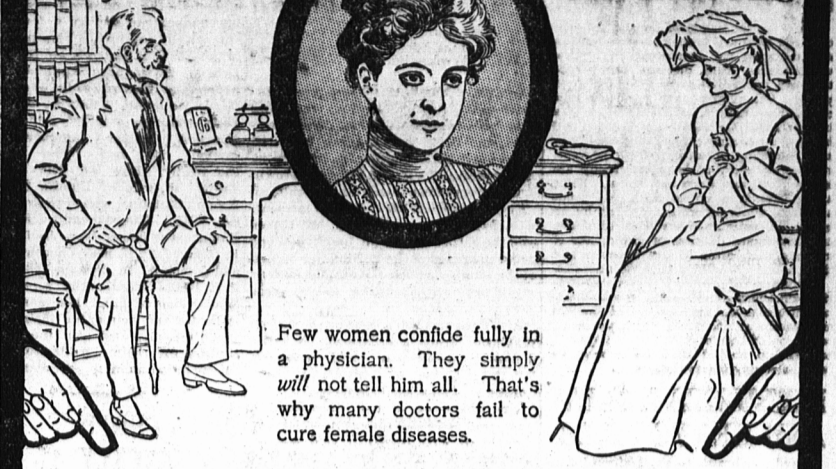

Advertising in itself means publicity and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupied space that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any funds expended to this end be adjudged extravagance.—American Medical Journal 1st.

### Consults A Physician But does NOT Tell Him All.

Few women confide fully in a physician. They simply will not tell him all. That's why many doctors fail to cure female diseases.

Every woman dreads the ordeal of the physician's consulting room. A sensitive, refined woman shrinks from the searching questions and the physical examination! It is not so in writing to Mrs. Pinkham. Thousands of women owe their present health and happiness (yes, and their good looks, too) to the fact that they have told all their physical troubles to Mrs. Pinkham and followed her advice and been cured of female diseases.

### Lydia E. Pinkham's Vegetable Compound

Cures more women every year than any other medicine in the world. If you are in doubt about your case, write in perfect confidence to Mrs. Pinkham, Lynn, Mass. You will receive in reply a personal letter, absolutely free. Mrs. Pinkham is daughter-in-law of Lydia Pinkham, and for twenty-five years under her direction, and since her decease, she has been advising sick women free of charge.

DEAR MRS. PINKHAM:—I suffered intensely with suppressed periods and pain every month for years, and could get no relief from physicians' prescriptions or other medicine. I was advised to try Lydia E. Pinkham's Vegetable Compound, and did so, and in a very short time the flow was regular, natural and without pain. I am, indeed, a grateful, happy woman for what Lydia E. Pinkham's Vegetable Compound has done for me.

ELLEN WALBY, Wellington Hotel, Ottawa, Ont.

Mrs. Hayes also profited by Mrs. Pinkham's advice.

DEAR MRS. PINKHAM:—Sometime ago I wrote you describing my symptoms (fibroid tumor) and asked your advice. You replied and I followed all your directions carefully and to-day am a well woman. 22 Ruggles St., Roxbury, Mass. MRS. E. F. HAYES.
