

YESTERDAY'S STOCK and BOND QUOTATIONS

MARKET GOSSIP

NEW YORK, N. Y., Oct. 5.—The market gave a rather good account of itself yesterday. The reaction was fairly active for a time but volume dried up later and by the close many of the leading stocks were up on the day. Most stocks met support at about Monday's low. The oil and the California issues, however, continued to pressure. Wheat suffered no further relapse yesterday and bonds continued firm. A fairly good test of previous support levels was successfully met yesterday and if the advance is to be assumed it should begin again shortly.
