FLOUR IS VERY CHEAP IN BOSTON

BOSTON, Aug. 27.—Nothing has taken place in the flour situation for some time that has caused so much excitement and comment as the very low price made by a spring wheat flour in sacks \$5.25 per barrel has been quoted, and a large amount of business has been booked, orders coming from all over New England. It is estimated that in the neighborhood of 200 carloads have been contracted for in the past few days. The price for standard first patent and most quotations are much higher. Before this development it was thought that \$5.50 was a low price and several producers quoted up to \$6 per barrel for flour in wood packages. The market is so far as spring wheat flour is concerned, is demoralizing, and many authorities believe that the flour sold at \$5.25 is to be made from Kansas wheat, as in the present position of the wheat market it is unlikely that the miller would sell short. There is steady inquiry for winter wheat flour and a fair amount of orders are being booked by millers' agents for both the hard and soft variety. The opinion is quite general that winter wheat flour is trading along close to the bottom and what will prove to be the average price of the crop year. The reason for this is because present prices are based upon cost of wheat at the most favorable time millers ever accumulated supplies, whereas later in the season they will be compelled to draw from central markets. Quite a good deal of Kansas hard wheat patent is still being called for and business is fairly brisk and well distributed. Good flour is being offered at \$5.50 in sacks, including standard and fancy brands. There is also quite a little movement in soft winter wheat grades at prices slightly lower than those offerings of patent at \$4.90, but few mills quote less than \$5. and choice brands are held at \$5.20 and \$5.25 in several instances. Straights and clears are quoted in the range of \$4.50 to \$4.90, pastry flour selling at \$4.50 to \$4.80 per barrel.

ROOSEVELT'S PEACE SUGGESTION WAS FROM ITALY'S KING.

LONDON, Aug. 27.—The Daily News yesterday published a communication stating that the origin of Colonel Roosevelt's suggestion for a European Peace League, made in Christiania, during his recent tour of Europe, was a memorandum prepared on the subject by the King of Italy which the King asked Colonel Roosevelt to convey to Emperor William of Germany. It was before the Nobel Prize Commission at Christiania, in his address on "International Peace" that Col. Roosevelt made his plea for a league of peace. "It would be a master stroke," he said, "if those great powers honestly bent on peace would form a league of peace, not only to keep the peace among themselves but to prevent, by force, if necessary, it being broken by war."

BASEBALL BY NIGHT WILL COME

CHICAGO, Aug. 27.—C. A. Comiskey's recently installed lights received their first real try-out at the American League grounds last night when the Illinois Athletic Club and Calumet lacrosse teams battled for over two hours in a fast match in the glare of more than 1,000,000 candle power of light which constitutes a portion of the light plant that will give Chicago night baseball in the near future. The plant proved itself equal to the occasion. At no time during the eighty minutes of play did the players find it hard to follow the ball, but the game proved as fast and as interesting as if it had been played in broad daylight. No complaint was heard from the players and with the roof lights uncovered the contestants were in no way bothered by the force of the lamps.

CLERGYMAN VICTIM OF BLACKMAIL

WOODSTOCK, Ont., Aug. 25.—The Rev. Warren H. McLeod, of Woodstock, has been the victim of one of the worst cases of blackmail and slander known to Ontario. He and his family left this city in July to spend their vacation in Chicago and vicinity. Immediately afterwards and false reports were circulated by malicious persons concerning his departure. When the nature of these reports became known to Mr. McLeod he returned at once to Woodstock, and for the last three weeks he has been relentlessly searching out the slanderers. After a thorough investigation, the First Baptist church has been unable to find a single charge against Mr. McLeod. At a large and representative business meeting held last evening the church, by an overwhelming majority, granted a church letter to Mr. McLeod, declaring him to be in good regular standing.

OUTBREAK OF RABIES AMONG ONTARIO HERD.

LONDON, Ont., Aug. 27.—Two cows are dead, and many others infected in the worst outbreak of rabies for many months, on the farm of E. S. McIntyre, a well known stock-raiser of Lobe Township. The cattle died in horrible agony after a brief illness, and the Dominion Government officer, J. H. Tennent, ordered them to be cremated and the other cattle isolated. The McIntyre farm is a mile from that of D. Campbell, at whose place a horse died of rabies in March last, and eight people were hurried to Pasteur institute for treatment. McIntyre's cows are supposed to have developed the disease from in some way.

EMPIRE CITY MEET ENDED

NEW YORK, Aug. 27.—After four days of interesting light harness racing, the grand circuit meeting, under the auspices of the Trotting Horse Breeders' Club, ended yesterday at the Empire City track. Three events were on the final card, with the Bonner memorial stakes of \$25,000 for 2.25 class trotters, the feature. This was won in two straight heats by the bay mare Joan, owned by David Shaw, of Cleveland. Joan was driven in good style by McDevitt. Duddie Archdale, driven by the veteran E. F. Geers, was second each time. Both finishes were close, and as twelve horses started in the first heat, it was the largest field but one in the grand circuit this season. Captain George and Arloeyburn divided third and fourth money. The pacing division of the matron futurity stakes was won handsily in straight heats by the bay filly Teftwith, owned by Michael Murphy, of Philadelphia. The Abbe, with Geers as reinsman, had the better of his only opponent, Branham Baughman, in the 2.20 class pace for the Union stakes of \$2,500, and won both heats. Besides the money prize won by Teftwith in the futurity, a silver cup, valued at \$250, was awarded to L. V. Harkness, of this city, who bred the winner.

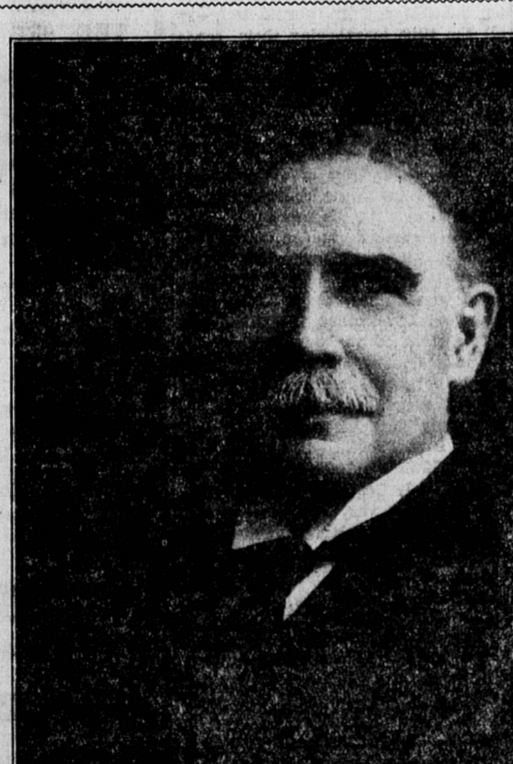

SCHOONER ROMEO LONG OVER DUE.

ST. JOHN, Aug. 25.—The large schooner Romeo, Captain Henderson, from St. John is long over due at New Haven, and there are grave fears for her safety. The vessel was last reported at Portland, Me., and was then leaking badly. The captain however, in a letter to his wife, said he hoped to be able to reach his destination without a great deal of trouble. As the Romeo was loaded with lumber, it is not thought that he lay down to sleep and the muzzled bear practically tore him to pieces.

PHILADELPHIA, Aug. 27—Medical circles and psychological students are interested in the peculiar phenomena accompanying the death of Theodore P. TALKED AFTER DEATH HAD TAKEN PLACE.

At that moment all resuscitation stopped, his eyes became glazed and closed, his limbs rigid and his body cold. But for twenty-seven minutes he continued to talk to his wife and daughter till his vocal organs became paralyzed. He continued the conversation for eighteen minutes more with his daughter by means of the deaf and dumb alphabet. The story is told by his wife, daughter and private secretary. Several physicians today professed to see nothing improbable in the story, though they admitted it was decidedly unusual for a person to be able to talk after his heart apparently had lost all action.

EXPRESS CO'S HAVE MERGED

YARMOUTH, Aug. 27.—V. G. R. Vickers, manager of the foreign department and superintendent of the Atlantic division of the Dominion Express Company, which is owned and controlled by the Canadian Pacific Railway, arrived in town yesterday evening, accompanied by F. W. Branscombe, route agent of the company. He informed the Halifax Herald correspondent that they were inspecting the agencies of the Maritime Express Company, which has been operated by the Dominion Atlantic for the past twelve years. Mr. Vickers stated that his company would assume control of the Maritime Express Company on September first. The express charges, said Mr. Vickers, will be as good or better than those which exist today, and in any case the public would not be disappointed, as through rates would be established from Yarmouth to the Pacific. W. M. Fraser, manager of the Maritime Company, is with them, and will accompany them to Boston and other points which the present service covers. Asked as to when the Canadian Pacific would operate the Dominion Atlantic, Mr. Vickers said he did not know, but presumed it would be some time next year. Under the management of Mr. Fraser the local company has given a good service between Yarmouth, Halifax, Boston, St. John and Parrsboro. Mr. Parker, one of the travelling auditors of the Dominion Atlantic, has resigned to accept the position of accountant with the company which proposes to build the Halifax and Eastern Railway.

THE WEST GOES WILD OVER ROOSEVELT.

GRAND ISLAND, Neb., Aug. 27.—The west goes wild over President Roosevelt was a warm greeting today. The people gathered in crowds at all places at which he stopped in his journey across Iowa and Nebraska, rang bells, tooted whistles, played bands and cheered. They stood on roofs, climbed telegraph poles and scrambled on top of cars on the sidings to see him. The welcome began before Col. Roosevelt was out of bed, and kept up until long after dark. After his arrival in Cheyenne (Wyo.) tomorrow Col. Roosevelt will make a two and a half day tour of his western tour at a cowboy's carnival. The colonel was called out of bed today by the people of Marshalltown, Iowa, who had gone to the station before breakfast to see him, and would not be denied. Glad in a raincoat and slippers, he made the first speech of the day before 7 o'clock. From then on it was almost a continuous performance. At every point at which the train stopped, a speech was demanded.

HOW PEACE IS SECURED

Every good and just man may gain, if not happiness, then something higher than happiness. Let no one regard this as a mere phrase, for it is capable of a more distinct and definite meaning. There are certain things which all men desire, and which all men would gladly, if they could lawfully and innocently, obtain. These things are health, wealth, ease, comfort, influence, honor, freedom, yet, if you were to place all these from opposition and from pain; and blessings on the one side, and on the other side to place poverty and disease and anguish and trouble and contempt—yet if on this side, also, you were to place truth and justice, and a sense that, however densely the clouds may gather about our life, the light of God will be visible beyond them, all the noblest men who ever lived would choose, as without hesitation they always have chosen, the latter destiny. It is not that they like failure, but they prefer failure to falsity; it is not that they love persecution to meanness; it is not that they relish opposition, but they welcome opposition rather than guilty acquiescence; it is not that they do not shrink from agony by crime. It is not that they are stillness, it is assurance, it is satisfaction, it is peace, the world can neither understand it, nor give it, nor take it away—it is something indescribable—it is the gift of God.—F. W. Farrar.
