BERLIN, July 2—Hundreds of persons have been summarily executed in Adolf Hitler's suppression of revolt in Nazi ranks, a reliable source stated tonight, as the full significance of the party "blood purge" became more evident.

More than 60 persons were shot down in Berlin alone, said this authority, indicating that previous reports that only a score or so fell were far short of the real facts. The government, which has been promising an "authentic" list of those executed, tonight again postponed giving it out.

Secure thus far in his position, Hitler prepared to consolidate himself and his colleagues by forcing from power the mainstay of the Conservatives, Vice Chancellor Von Papen. An authoritative source said Von Papen, a staunch friend of President Von Hindenburg, a devout Catholic and a critic of many Nazi policies, will go out of office tomorrow. Press plans, said this information, call for elevation to the Vice-Chancellorship of Hermann Wilhelm Goering, Prussian premier and co-purser with Hitler in Saturday's suppression of "traitors."

The President of the Reich warned Von Papen must not be harmed. The bluff, solidly President, regarded 24 hours ago as a sick old man, exposed his iron hand to the strife-torn nation by making the Reichswehr (regular army) directly responsible for the safety of his friend and protege Von Papen.

Not long after this became known a spokesman for the propaganda ministry stated it had been definitely established the Vice Chancellor and no connection with the attempted rebellion which led to the executions. It was indicated he would be

cleared at tomorrow's cabinet session, but would resign because some men in his office had been involved. "He is sitting in his home," this spokesman said of Von Papen. "In a bank it may happen that some lower official absconds," he continued, speaking of Von Papen's position. "The chief director is not implicated, but he is considered as having lacked in vigilance. Such a man often resigns."

Only 10 executions have been accounted for in official statements, despite reports that literally hundreds were executed and many "took the consequences" (committed suicide) or were "killed resisting arrest."

### Warsaw Acclaims Brooklyn Flyers

Adamowicz Brothers Get Great Reception At Polish Capital Where They Ended Their Trans-Atlantic Flight — Made Forced Landings In France.

(C. P. by Guardian's Special Wire) WARSAW, July 2—The Brooklyn soda-pop manufacturing brothers who set out for Poland by air last week successfully completed their flight today and were acclaimed by a huge throng at the airport and in the streets of the City they left 17 years ago.

Joseph and Benjamin Adamowicz ended their trans-Atlantic flight to Warsaw at 5:15 p. m. Forced down twice after an emergency landing in France in the Newfoundland take-off they arrived in fine spirits in spite of the delays, which they attributed to a clogged feed pipe and a fuel shortage.

Their plane, the City of Warsaw, after taking on fuel at Paris, France, stopped at Nelditz, Germany, and again at Toron, Poland, where a flight of six Polish military planes met them to act as a special escort for the rest of the journey. The borders of the Mokolow Airport were black with packed throngs of patriotic enthusiasts as the machines roared in and circled the field.

So dense was the crowd outside the field that many who would have been among the first officials to greet the flyers were unable to get through to them. A number of Polish nobles and foreign envoys, including the United States ambassador to Poland, John G. Cudahy, met the flyers officially only after they had been brought to the town hall through streets gay with flowers and bunting, past rows of cheering admirers.

Bottles of rare wine were uncorked in honor of the airmen, but the brothers surprised their hosts by asking for beer instead.

HALIFAX, July 2—Prediction that a trans-Atlantic air service from the British Isles to Newfoundland would be inaugurated soon was made by Holger Holtrils, noted United States aviator, who arrived here today on the liner Silvia from St. John's.

Holtrils flew to Newfoundland last week with the Adamowicz brothers, who completed their adventurous flight from New York to Warsaw today.

### TWO SHIPPING LINES MERGED

Cunard And White Star Company Will Operate Fleet of 25 Liners.

(C. P. by Guardian's Special Wire) NEW YORK, July 2—After years of rivalry and months of litigation, two of the oldest ship lines in operation were merged today into the new Cunard and White Star Company, Ltd.

The new firm will operate a fleet of 28 liners whose total tonnage exceeds 600,000 a fleet that will include the two largest trans-Atlantic vessels afloat, the Majestic and the Beringaria.

The history of the two companies of rivalry and months of litigation, two of the oldest ship lines in operation were merged today into the new Cunard and White Star Company, Ltd.

Announcement of the intended merger months ago brought bitter opposition and threatened injunctions from a United States firm which claimed to be interested through holding a large block of first mortgage bonds issued by one of the companies. Some delay in carrying out the plan resulted, but the case was finally dismissed from the court and the merger completed.

The new company's schedule calls for eleven sailings from Canadian and United States ports during July, August and September. There will also be 15 cruises.

### Resignation Of Alberta Premier Is Anticipated

Formation Of Coalition Government With Hon. George Hoadley Is Reported.

(By George Finlay, Canadian Press Staff Writer. (By Guardian's Special Wire) EDMONTON, July 2.—Formation of a coalition government in Alberta with Hon. George Hoadley, veteran legislator, as its head, was a possibility discussed in political circles here on Dominion Day.

The possibility arose out of the report that Premier J. E. Brownlee, whom a civil court jury found had seduced a young Parliament building stenographer, had handed in his resignation as head of the government to the lieutenant-governor.

The report had not been verified to-night while it still stood unconfirmed. The 56-year-old premier had been sued by Vivian MacMillan, 22, and her father for unstated damages on an allegation of seduction. The jury late Saturday night found in favor of the plaintiff and awarded the former legislature stenographer \$10,000.

To her father they awarded \$5,000. Acting Chief Justice W. C. Ives, who presided at the hearing, made his disagreement with the verdict and said he would hear argument on a motion for dismissal of it after he had "refreshed his mind."

Word of the jury verdict was followed quickly with the unauthoritative but widely-circulated report that the premier had resigned.

It was expected that a definite announcement would be forthcoming from either the premier or the lieutenant-governor Tuesday.

An emergency caucus of United Farmers of Alberta party leaders and House members, is slated for tomorrow. It was expected that the premier would make known his future plans following the meeting. If a successor is to be named, it is expected he will be the veteran Mr. Hoadley, present Minister of Health, or Hon. R. G. Reid, Minister of Municipal Affairs.

### DEVELOPMENTS IN NAZI CRISIS

(C. P. By Guardian's Special Wire) Monday's outstanding developments in the Nazi crisis in Germany: Reliable reports that hundreds of Storm Troop leaders—not a score or so—have been executed.

An eye witness who was a member of one of the Berlin firing squads told of seeing more than 60 leaders fall while the roll of drums muffled the crack of the rifles. The executions followed a three-minute court martial, he said.

Indications were that the future course of the third Reich would be neither rightist nor leftist but straight down the centre and thoroughly anti-monarchical.

It was believed the wings of orator Joseph Goebbels of the propaganda ministry would soon be clipped.

Old General Von Hindenburg congratulated Chancellor Adolph Hitler and Prussian Premier Herman Wilhelm Goering for their excellent work in "nipping revolution in the bud."

### Clarence Darrow Gives Opinion Of Hitler

(By Elmore Kellogg) (Associated Press Staff Writer) NEW YORK, July 2.—Clarence Darrow, internationally noted lawyer, started off an inquiry into conditions in Germany today with the statement that he hoped "they" would kill Chancellor Adolf Hitler.

"If there are any more murders tomorrow, I hope it will end in the killing of Hitler," Darrow declared, as he and fellow members of the American Inquiry Commission visited Mayor F. H. LaGuardia in City Hall. "I think Hitler is a very dangerous man and should be destroyed."

With Darrow were former United States Attorney George Z. Medaie, Dudley Field Malone, former collector of the port, Arthur Garfield Hays, United States Senator Edward P. Costigan of Colorado, Stanley High, and Raymond L. Wise.

It is opening session, Hays stated under the auspices of the Lord Marley committee to aid victims of the Nazis.

Testimony quoting Dr. Ernst F. S. Hanstaengl, Hitler aide who is now in the United States, as having called Catholics "swine and traitors" was given by Mrs. Amabel Williams-Ellis, British author and daughter of J. St. Loé Strachey, famous British Liberal editor.

### Visitor Comments Favourably On Rifle Range Job

Favourable comment on the excellent work done in improving the Kensington Rifle range was made by Major General A. G. MacNaughton, C.M.G., D.S.O., during his inspection of the military training facilities of the city on Saturday last.

Major General MacNaughton was accompanied by Brigadier Hertzberg, D.S.O., officer commanding Military District No. 6; Flight Commander Edwards, Col. P. W. MacNevin, and Col. D. A. MacKinnon. In addition to the rifle range, the drill hall and the camping grounds were also inspected. The visitors also called upon His Honor Lieutenant Governor DeBlois.

Saturday afternoon Major General MacNaughton and Flight Commander Edwards took off by plane for Sydney, N.S. Brigadier Hertzberg left by car for Halifax.

### No Change In Star's Condition

(A. P. By Guardian's Special Wire) SANTA BARBARA, Calif., July 2.—Marie Dressler, 62-year-old star and screen star, was fully conscious and mentally clear today, but there was virtually no change in her condition.

Dr. F. R. Nuzum, head of the staff of physicians attending the actress, issued the following statement: "Having slept much of the day Sunday, the patient was restless Sunday night. Today she is mentally clear and takes liquid nourishment freely. Her temperature is 100.6."

The actress, a native of Cobourg, Ont., had rallied from the coma into which she sank last week from a complication of uremic poisoning and cancer, but her condition still was grave.
