DR. A. W. CHASE LECTURING AT ANN ARBOR, MICH.

THE MEDICAL PROFESSION

Recommend Dr. A. W. Chase's Ointment.

Dr. C. M. Harlan, writing in the American Journal of Health, of February 19, says:—

"Among the proprietary medicines deserving recognition is 'Dr. Chase's Ointment,' compounded by THE DR. A. W. CHASE MEDICINE CO., Buffalo, N. Y., and Edmanson, Bates Co., Toronto, Ont., as a remedy for sores, eruptions, and skin diseases of all kinds, for which it has been used with marked success, and has effected remarkable cures in many obstinate cases which seemed to baffle the skillful medical attendant. The results were most favourable, proving the value of 'Dr. Chase's Ointment' as a curative agent in the diseases named. The manufacturers of the remedy are well-known as experienced pharmacists, careful and reliable. In addition, which we have made full examination, and find the article to be all that is claimed for it. It is not the practice of the medical profession to endorse indiscriminately the use of proprietary medicines, but while we condemn the bad and worthless, we are still more ready to endorse and recommend the remedy deserving the recognition."

"Neither the physician nor the responsible Journal of Health dare refuse to acknowledge the claims of the highest standard of worth, that it will hold in high esteem wherever it is used, and consequently, we endorse it as every sufferer."

"We know that 'Dr. Chase's Ointment' meets all requirements of the highest standard of worth, that it will hold in high esteem wherever it is used, and consequently, we endorse it as every sufferer."
