—VISITING IN LOT 16—Mr. John Riley with his wife and two sons are visiting relatives in Lot 16 and Summerside. Mr. Riley was a native of Lot 16 as was his wife, who was formerly Miss Belle Hutchinson of the same place. During their stay they were the guests of Mr. and Mrs. Wm. J. Hutchinson of Lot 16 and Mrs. Eddie Ramsay, Summerside. Mr. Riley is a professor at Ohio University.—S.

—VISITORS TO S'SIDE—Mr. Thomas Boates of Moline, Illinois, who was for many years a valued employee of R. T. Holman's, Ltd., is visiting his old home in Summerside. He was accompanied by his niece, Mrs. Marguerite Wrangham of Belmont, Mass. Mr. Boates was struck with the vast improvement in the town with its many paved streets and up-to-date and charming residences. He is receiving a cordial welcome from his many old friends. It is Mrs. Wrangham's first visit to the Island and she expressed much pleasure at the kind welcome of the people and the lovely aspect of the country with its comfortable farm homes and beautiful towns.—S.

—SPEAKS IN TRINITY UNITED CHURCH—The congregation with morning and evening at Trinity United Church had the pleasure of hearing Rev. Thomas Mitchel of East River, N. S., preach excellent sermons. Rev. Mr. Mitchel was a Summerside boy, educated at the High School and received his early religious training in Trinity Church. He is visiting his mother, Mrs. Pauline Mitchel, with his wife and little son, Robert Gordon. At the morning service Mr. Roland Phillipson was the soloist and in the evening the ladies quartette, Mrs. Victor Rivers, Mrs. T. H. E. Inman, Mrs. George Sheen, and Mrs. Llewellyn rendered a selection by special request.—S.

—PASSING OF MISS BERTHA HAMILTON—There passed away at her home in Summerside early Monday morning, Miss Bertha Hamilton after a lingering illness. Miss Hamilton was born in Summerside and was 67 years of age. She was the daughter of the late Mr. and Mrs. Daniel Hamilton and resided all her life in Summerside, where she was most highly esteemed. She leaves to mourn four sisters, Mrs. Attleboro of Winnipeg, Mrs. Montgomery Waugh formerly of Summerside; Mrs. John Collins, Charlottetown and Miss Florence Hamilton, R. N. of New York, who nursed her sister during her last illness. The funeral will take place on Wednesday afternoon from her late residence.—S.

—BRTHDAY PARTY—Mrs. Agnes Linkletter celebrated another birthday on Saturday, August 27th, at the home of her son, Mr. Ivan Linkletter and Mrs. Linkletter. The event is becoming an annual affair and affords her relatives much pleasure. On Saturday about forty guests were present at the tea hour and a number also called in the evening to offer congratulations. Among those present was her cousin, Mr. George MacPhail of Brookline, Mass.; her nephew, Mr. Daniel MacLean and Mrs. MacLean, of New York; her brother Mr. William MacLean and his two daughters, the Misses MacLean, Lot 16; also her brother, Mr. A. E. MacLean, M. P., and Mrs. MacLean of Summerside; and Mr. William MacLean, a brother-in-law of Northam.—S.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

—WELL KNOWN NORBORO FARMER DIES — There passed away in the Prince County Hospital on Monday afternoon, Wesley Harding a well known farmer of Norboro. Mr. Harding had been in poor health for some time. He was born near Kensington and was the son of William Harding. He was 59 years of age. His first wife was a Miss Jardine and predeceased him a few years ago. He leaves to mourn his second wife, at present visiting her family in Scotland and two young sons by his first wife. Also a sister Lydia and a brother Montague of New Jersey. Funeral arrangements are waiting for word from Mrs. Harding who was notified of her husband's death by cable.

—CRUISING YACHT CALLS AT S'SIDE—A very handsome cruising yacht paid a week end call at Summerside, leaving about 11 o'clock Monday morning for Bras D'or Lakes. The yacht was without doubt the handsomest and best equipped yacht ever to put in at Summerside. She was named the Elda and was owned by an American company and had on board a party from Sorel, Quebec, which included Mrs. Nesbitt and family, who had chartered the yacht for a cruise of the Bras D'or Lakes. The yacht was later going down Miami, Florida. She had a crew of twelve and was 140 feet long. The yacht was fitted with two Winton Diesel engines and had a speed of 17 knots. Her salon and state rooms were fitted with inlaid wood panelling and elaborate fixtures. The visitors had a most delightful stay and enjoyed the yacht racing in the harbor which took place over the week end.—S.

Broadway Melody Of 1938 At Capitol, Summerside

Never before has a Summerside audience witnessed such an array of stars as were on the screen in Broadway Melody of 1938 which opened last night at the Capitol Theatre. The lovely musical from Metro-Goldwyn-Mayer co-starring Robert Taylor and Eleanor Powell has a virtually all star cast.

It includes George Murphy, Binnie Barnes, Buddy Ebsen, Sophie Tucker, Judy Garland, Charles Igor Gorin, Raymond Walburn, Robert Benchley, Willie Howard, Charles Grapewin, Robert Wildhack and a chorus of lovely girls.

The audience left the theatre in rare good mood, whistling and humming such numbers from the score as "I'm Feeling Like a Million," "Sun Showers," "Yours and Mine", "Pair of New Shoes," "Follow in My Footsteps," "Your Broadway and My Broadway" and Sophie Tucker's remembered, "Some of These Days."

Eleanor Powell outdoes her finest performance as a tap dancer extraordinary. Robert Taylor proves again his versatility as an actor and he also sings very well. Without exception the players are uniformly excellent.

An amusing story supports the lavish sets, with Miss Powell backing her horse racing father's horse. Taylor an earnest young playwright buys the animal at an auction to save it for her and the horse romps home a winner in the big race.

Roy Del Ruth directed and the producer was Jack Cummings. Dave Gould directed the dance numbers and Nacio Herb Brown and Arthur Freed collaborated on the musical score. The songs are sure-fire hits.

"Broadway Melody of 1938" will take rank as the foremost musical picture ever produced and, with the facilities of the studio, it surpasses anything possible on the stage.

Us Minard's for burns.

Orioles Tie & Lose Tilt In Weekend

Joe Wedge, starry pitcher for the luckless Orioles pitched 18 innings of softball in a Summerside weekend doubleheader but could not pull one of the games out of the fire losing the first to the Busters by a 24-19 score in 10 innings and tieing the second with the Silvers 6-6.

The umpire was forced to call the second game with the Silvers after seven and a half innings of play as he could not keep the fans off the playing field. The Silvers were leading 8-6 at the time but the Orioles had not had their turn at bat and the score reverted back to 6-6.

The opening game was a corker with the score deadlocked at 19-all in the regulation nine innings. The Busters went right to work in the tenth scoring five runs while holding the Orioles scoreless to win the game 24-19. J. Bernard pitched for the Busters for the full 10 innings and held the losers pretty well in check with the exception of the three innings when the Orioles ran wild scoring seven runs. The infields on each side worked well turning in some close snappy plays. T. MacNeil was heavy hitter for the Busters getting 6 for 7. Daley, Nicholson and H. Gallant each hit three for six for the Orioles. H. Gallant and Nicholson walloped homers for the losers while S. Gallant and P. Gallant collected four ply wallops for the Busters.

The second game between the Silvers and Orioles produced the best ball as the 6-6 score would indicate. The rival pitchers, Wedge and Beagan were in rare form and what they did lack was well made up for by faultless support from their mates. Steele was heavy hitter for the Orioles with three for four and Beagan and Hogan collected three for five for the Silvers.

have an up to date airport at Charlottetown", the councillor said. The $35,000 mentioned would be expended before the end of the fiscal year—March 1.

There was possibility of the Federal Government providing an up to date radio beam station and flood lighting the port to permit night flying, he continued.

Motion that the report of the Mayor's delegation to Ottawa on airport arrangements be adopted was made by Coun. J. T. McKee and seconded by Coun. Holman.

The resolution accepting the Provincial Government's offer to provide half the cost of the site was made by Coun. R. C. Chandler and seconded by Coun. Holman.

Coun. J. E. Blanchard asked assurance the City would have the supplying of the labor for airport development. He did not want it to be political as the present project at Kensington rifle range was, he said. Only Liberals were employed there, except for those the Canadian Legion supplied.

Coun. Chandler explained the Legion had the supplying of 50 per cent of the laborers, the remainder were all "good Liberals", he supposed.

Coun. Holman said he was "sorry to hear it was so". It was not so under the previous government. Money spent for unemployment relief should be for all classes and creeds. Politics should not enter into it.

Coun. Chandler remarked that Coun. Holman was "no more pained than he had been five years ago when men seeking employment on the breastwork at the east end of the city had to go to the Conservative committee rooms."

Coun. A. A. Hennessey believed, since the city was not contributing to the project at the rifle range the government should have the privilege of hiring whom it pleased.

Mayor Foster assured Coun. Blanchard the city would have full control of the supplying of labor and that men would be taken from the relief list. He requested councillors to keep politics out of the affairs of the council, stating that so far as the city was concerned it mattered not what a man's politics or religion were, if he were unemployed he was given work in turn.

COUN. HOLMAN REPORTS

Coun. Holman, reporting on the entertainment arranged for the delegation from the Union of Municipalities told the meeting about 320 people would arrive here by special steamship at 9.30 a. m. They would be met with automobiles at the dock and taken to visit the gardens at Government House where they would be welcomed by His Honour Lieut. Governor George D. DeBlois. Following that they would be taken on a motor tour of Cavendish and the National Park returning to Charlottetown for luncheon at the Canadian National Hotel. Local speakers there would include Premier Thane A. Campbell and Mayor Foster. Members of the visiting delegation would speak also, Coun. Holman believed.

Last night's meeting was attended by a full Council with the exception of Coun. F. C. Dougan, who is at Halifax attending the exhibition as one of the judges at the horse races.

TEXT OF AGREEMENT

Following was the text of the agreement between the City and Federal Government concerning the airport as confirmed by the Transport Minister in a letter to Mayor Foster:

Your Worship:

This will confirm various points of agreement reached during the conversations held between your delegation and myself, and the various officers in my department, regarding the development of your airport at Charlottetown, P. E. I. These points are as follows:

(1) The corporation is to provide the land for the airport on the location already agreed to between your city authorities and the District Inspector of Eastern Airways on the site known as the Sherwood Station Site. The development work noted hereafter is to be undertaken by the Department, upon assurance that you have paid for this property and have obtained satisfactory title to the same.

(2) Your corporation is to maintain your airport as such by providing:

(a) Adequate airport administration.

(b) Water.

(c) Electrical power for light and other similar services.

(d) Telephone.

(3) The Corporation is to take such steps as are possible under existing legislation to protect the field by passing zoning regulations; and to co-operate with other municipalities and the Provincial Government in the matter of having the necessary by-laws or legislation enacted to enforce the zoning regulations.

(4) The corporation is to maintain the necessary power lines leading to the airport and to provide at its own expense the current necessary for lighting the airport if or when the lighting facilities are installed.

(5) The corporation is to administer the airport and retain for itself all revenue therefrom. This management should be exercised either directly by the city or indirectly through an agent such as an aircraft operation company.

(6) The corporation is to lease to the Department one acre of land to be chosen at a location selected by the Department for the sum of $1.00 per annum.

(7) The Department undertakes to pay for the cost of development of the airport as noted hereafter:—

(a) Provision of not more than $35,000 for clearing, grading and installing such drainage as appears necessary for the season 1938-39. The agreement with the contractor is to include a clause requiring him (the contractor) to employ all help, with the exception of key men, from the city's relief lists.

(b) To undertake hereafter from time to time, such further field development of the airport as may be called for to keep it up to the standard prescribed by the Department for airports handling similar classes of aircraft and services.

other items controlled by combines, they can be of a vast benefit to consumers, and, even by severely cutting prices, can score handsome profits.

Near two years ago, when the last raise was made in milk price the excuse was offered (a very lame one) that costs of feed (bran) had advanced. Wheat was then selling at over $1.00 and bran at a small advance per ton. Today wheat is down to less than 60c and feed at the lowest for many years. Pasture practically the only summer feed, has been luxuriant, never better, and yet the Milk "Board", find this their justification for jacking prices up a few notches higher.

Bread was, for the same reason, wheat over a dollar, flour around $8.00 per barrel, jumped up from 10c to 12c loaf. Now with wheat and flour down almost half there is no panic amongst bakers to get back to former prices. In Toronto bakers followed the flour market with reduced prices. Not so here. Perhaps they will now tell us that salt is costing 10c per ton more.

In these two items alone, with 6c to 7c milk, and the same price for bread, the profits would give a fine send-off and a substantial financial support to the Consumers-Co-operative enterprise. And they might even help the primary producers by giving a better price than the 90c to $1.00 per 100 lbs paid them by the proteges of the "Board." And Ice Cream, sold in Boston cities, where costs are higher, at 10c a pint, 20c a quart, retailing in Charlottetown at 75c per quart, since local competition was withdrawn.

What is the news from Ottawa, on "Price Fixing"? There is ominous quiet in government circles as to this. What happened that the Board advertisements were so suddenly withdrawn? Has it ceased to function, except as a bluff body? Why refuse information? Is party pull trying to ward off the blow?

JAPANESE PUSH DEEPER INTO CENTRAL CHINA

SHANGHAI, Aug. 30—(Tuesday)—Invading Japanese forces pushed further into central China today both north and south of the Yangtse River. On the river itself both British and United States gunboats were warned by the Japanese navy to look out for themselves.

Japanese naval authorities here, asked to comment on Hankow dispatches concerning the explosion of a mine dangerously near the United States gunboat Monocacy, said they had no information of this incident but made it clear the Japanese navy was opposed to the movements of both the Monocacy and the British gunboat Cockchafer nearby "while the campaign is going on in that region."

(Hong Kong dispatches disclosed a serious dispute had risen over the rights of the American gunboat in the Yangtse sector near Kiukiang, controlled by the Japanese. The Monocacy was shaken but undamaged by a mine explosion only 80 yards from the vessel's anchorage Saturday.)

On land the Japanese said they pushed 20 miles southwest of Liuan, important town 130 miles north of Kiukiang which the invaders occupied Sunday night. On the south bank of the Yangtse they reported they lunged west of Juichang, infantry forces following up a severe aerial attack in which Japanese planes dropped tons of explosives. Juichang is 30 miles southwest of Kiukiang.

In Praha, Britain's unofficial mediator in the Sudeten German problem, Viscount Runciman, conferred with President Edouard Benes.

A Praha dispatch said the Czechoslovak Government, with Lord Runciman sitting by and making occasional suggestions, was completing a plan to re-organize the government on the basis of cantons which would have a large measure of self-rule.

It reported Lord Runciman was understood to have a promise from Sudeten German Leader, Konrad Henlein, to indicate by Wednesday his party's reaction to the Czechoslovak proposals.
