ISLAND VOLUNTEER.—Among the men who enlisted in Cumberland for the 85th Regiment appears the name of Private L. T. Lowther of Kensington, P. E. I.

AN ATTRACTION.—Messrs Carter & Co's big store was the Mecca of most of the children of the City Saturday. And all ages crowded the large showrooms, as well as the large department up stairs. This was devoted specially to toys and was a port of delight for young eyes. The booths were divided into various sections such as dolls, mechanical toys, etc., at various prices from 5 cents up. The sale will continue until the entire stock is cleared out, which will not be long if the popularity of the offerings in the estimation of the public continues on Friday and Saturday continues. A 50 per cent reduction does not happen every day.

SCOUTS TURNOUT.—The scouts had a splendid turn out at the park last Saturday afternoon. They had a great time. One of the features was a Despatch Running. Five scouts had to get through a position which was defended by the rest of the scouts. Two of the boys carried despatches hidden in their persons. If captured by the defenders these despatches had to be found in order for the defending side to register a full capture. The defenders won on points. After the despatch running, bridge building was practised and also signalling. The scouts are growing in numbers every week and now number close on sixty boys.

SPLENDID SHOWING.—Enlistment still continues at Mount Allison. George T. Metherall, president of the Junior class, left on Saturday for his home in Prince Edward Island, whence he will proceed to Charlottetown as a member of the Ambulance Corps, attached to the 105th. W. R. Seeley, president of the Y. M. C. A., and R. Smart, a member of the last year's debating team, are both awaiting appointments on active service in the Y. M. C. A., work and may be called out at any time in the near future. In this connection it is interesting to note that, of the twelve officers of last year's training corps at the college, nine are now in uniform on active duty four with the 64th, two on duty at the detention camp in Amherst, one with the 104th, and one with the Dalhousie medical unit. Lieutenant Kierstead, who had been acting as instructor of the training corps this year, recently went to Halifax to enlist as a private, but was ordered back to duty at Mount Allison for the remainder of the year.—St. John Exc.

ADDRESS AND PRESENTATION

Mrs. Gillis of the Wood Islands, Mansie who has been seriously sick for some time left yesterday morning by the Empress for a change of climate. She was accompanied by her son, Mr. Robert W. Gillis, of Calgary, Alta., and Master John H. Gillis of

the same place. Mrs. Gillis goes in the hope that the fine dry atmosphere of Sunny Alberta may have beneficial effects upon her health.

Last Saturday evening 27th, Nov., a party of the young People's Society waited upon her and presented her with the following address and a beautiful and valuable present.
Wood Islands, Nov. 25, 1915.

Mrs. (Rev.) John Gillis, Wood Islands.

Dear Mrs. Gillis:—We the Young People of Wood Island's Church Congregation do sincerely regret to learn that you are going to leave us for a while and we cannot let this opportunity pass without showing to you in a small measure the love and esteem in which you are held by us.

You have been a faithful worker in our Christian Endeavor since coming amongst us, always taking a deep interest in the welfare of the People and never tiring of making things pleasant and amusing for them both at our meetings and at your home where you always had a hearty welcome for us all.

We shall miss you very much while absent at our meetings, but shall ask God to bless you wherever you are, and we know we shall have your prayers and be helped by them.

Now we beg you to accept this small gift from us as a token of our appreciation of your valuable help to us and trust we shall soon have you back with us again.

Signed in behalf of the Young People, Mrs. A. Munn, Young McLennan and Florence Cameron.
Mrs. Gillis replied in a few chosen words that she highly appreciated the gift not only on account of its intrinsic value but also on account of the kindly spirit which prompted the donors to give such a gift.

NOTHING UNUSUAL

"My goodness!" said Wiggles, "Rudyard Kipling's autograph brought \$17.50 at auction the other day." "That's nothing," retorted Ralph Walde Inkwell, author of "Sonnets to a Portuguese." My autograph brought \$37.50 last week." "Auction sale?" queried Wiggles. "No," said Inkwell. "It was signed to a check in payment of my tailor's bill."

I SWEAR

"I am a blacksmith. I contracted a sore finger, which led to blood-poisoning. After three months of doctoring, the finger had to be cut off. It was too late! The poison had spread to my hand and arm. My hand was opened and the bone scraped. No use! Doctors said hand would have to be taken off. I refused, and began to use Zam-Buk. I used it freely for a few weeks. It subdued the blood-poisoning and my hand began to heal. By the time I had used 7 boxes of Zam-Buk my hand was quite healed. Zam-Buk surely saved my hand, and I firmly believe it would have saved my finger too, had I used it at first."

The above facts were sworn to by Mr. John Evans, of 87 Lawrence St., Halifax, N.S., before Supreme Court Commissioner O'Hearn.
Zam-Buk cures wounds, sores, ulcers, eczema, abscesses, piles, cuts, cold sores, burns, scalds, babies' rashes, etc. 50c. box all druggists and stores, or Zam-Buk Co., Toronto, for price.

Although Protection is so Easy and Cheap

The accompanying clipping is taken from the Hamilton Spectator of Saturday, Nov. 6, 1915. It is an unsolicited testimony to the great work performed by life insurance in preventing poverty and distress:

No INSURANCE That Is What Causes Much Family Trouble, Says Relief Officer

If Relief Officer McMenemy had his way, marriage licenses and insurance policies would be inseparably linked together. Experience has taught him that young people should not be allowed to marry until they have insurance protection. "It would cost me my job for it would automatically do away with most of the poverty that is prevalent to-day, but I would do my best to bring it into force," said the relief officer, and he cited instances showing that most of the cases he was called upon to investigate would have been prevented if the head of the family had carried insurance.

The relief officer of a city the size and importance of Hamilton is in a position to speak with authority and his words should carry some weight. Most of the cases of families in dire need requiring his services would never have occurred if the benefits of life insurance had been taken advantage of. Thousands of families are running the risk of being left to be looked after by the relief officers in every town and city of the Dominion.

No man should rest content while the welfare of his family depends merely upon his own uncertain existence. Life Insurance will make their welfare permanent.

If you want the best protection, at the lowest net cost, get in touch with an Agent of the Great-West Life, the Company writing the largest new Canadian business. Over one hundred million dollars Insurance in force.
