It takes hard rubbing to get cooked starch into a fabric because cooking starch increases the size of its particles or cells fourfold.

Celluloid Starch soaks into the fabric in its raw state, fills the little spaces and is then enlarged by the heat of the iron—making the surface perfectly smooth and leaving the fabric thoroughly stiffened.

Celluloid Starch Never Sticks Requires no Cooking. The Branford Starch Works, Limited, Branford, Canada.

WORKMEN'S HOUSES

THE LONDON COUNTY COUNCIL'S SCHEME AT TOOTING.

Now Practically Carried Out—Estimated Cost Was £495,000. The Cottages Are of Four Different Kinds—What the Scheme Provides in the Matter of Streets—Description of Each Class of Cottage.

In a few weeks the first section of the new workmen's cottages at Tooting will be opened, and it is worth while recording, says Lloyd's Weekly Newspaper, the details of a housing experiment that will be watched with interest by local authorities throughout the country.

THE TOOTING COTTAGES.

being prosecuted under the Public Bodies Corrupt Practices Act. The purchase was eventually completed under the Housing of the Working Classes Act, 1890, at £1,150 per acre and the task of clearing the ground and erecting workmen's dwellings was put in hand as soon as the law's delays would permit.

The scheme provides for three lateral and three main streets, the latter lined with plane trees planted just inside the forecourts of the cottages, the arrangements of the roads enabling the whole estate to be divided into 1,244 plots for the erection of cottages of four different kinds. These vary in area, frontage, and depth, according as they are first, second, third, or fourth class, and are to be arranged in terraces of about 18 cottages to each terrace, with a space of some 15 feet between them.

Our Youngest Prince. The youngest member of our Royal family, Prince George Edward Alexander Edmund of Wales, has been duly photographed, and made in picture form his first public appearance during the first week in April.

Lottiest Lighthouse in the World. The new lighthouse just completed on the Isle Verge, off the coast of Brittany, has the distinction of being the most lofty yet erected. The new lighthouse stands in close proximity to an older one dating from 1845, which it is intended to replace.

Advice. Johnson—He said I was an addled jackass. What do you advise me to do about it? Jackson—See a good veterinary.

THE NUNS' HOUSE.

Famous Rochester, Eng. House in "Edwin Drood" Opened Recently by Earl Stanhope as a Museum.

Eastgate House, Rochester, was formally opened recently as a museum, so there is no longer any fear of the builder laying violent hands on one of the most remarkable old houses even in "Cloisterham."

THE NUNS' HOUSE.

pay his periodical visits to Rosebud. To visitors to the old cathedral town the guide books have made Dickens' account of Eastgate tolerably familiar, particularly the comparison of the worn house front and the shining brass plate to "a battered old beau with a large modern eye-glass stuck in his blind eye."

A LESSON FOR CANADA.

Hardy English Steeplechasers Compared With Those of This Country.

There are lessons for American breeders and owners on this side of the water, says The New York Telegraph, to be had from a brief consideration of the horses which the other day ran in the Grand National Steeplechase, the blue ribbon event for the world's steeplechasers. Of the thirty or more jumpers which figured most prominently among the candidates, none is under 6 years old, thirteen are 7, two are 8, four are 9, two are 10 and one is 18 years of age, while five are 15 years of age, the winner, is 9 years of age.

Our Youngest Prince. The youngest member of our Royal family, Prince George Edward Alexander Edmund of Wales, has been duly photographed, and made in picture form his first public appearance during the first week in April.

PRINCE EDMUND OF WALES.

One Cure for Baldness. Some cases of baldness can be cured by lactic acid. Dr. Balzer, in the Medical Times, recommends friction of the bald part daily with a 30 per cent. solution of lactic acid until the skin becomes inflamed. The treatment is discontinued until the local irritation subsides, when it is begun again.

Washing Chamol's Leather. Wash chamol's leather in lukewarm soap suds and finally rinse in slightly soapy water of the same temperature, for washing leather in dry water causes it to harden. Dry in the air and not near a fire.

The Thomas Organ and Piano Co. ESTABLISHED IN 1882, IT WAS THE THOMAS ORGAN

that received the highest honors over all competitors as follows: Diploma at Provincial, London, 1881. Diploma at Great Central, Hamilton, 1881. Diploma at Lincoln Co., St. Catharines, 1881. Write for catalogue and easy payment plan. E. Berliner 2315 St. Catherine St. MONTREAL. EMANUEL BLOUT, Gen. Mgr. for Canada. MILLER BROS. & McDONALD, Distributing Agents, HALIFAX, N.S.

The Pride of the Kitchen. In the olden days was the shelf on shelf of plates, platters and pans. Well, there's no reason why the belle of the kitchen to-day need be ashamed of the culinary department, if her utensils were purchased from us—for we have all the good old things, all the modern utensils, appliances, conveniences. Stanley, Shaw & Peardon

NO FADDISH FOOD. Better than all the faddish food is good, healthy exercise. That's what bicycling is. It gives you the exercise you need in that sedentary life of yours. You get this in the fresh air and sunshine—nature's medicine for 'all ills.' And bicycling isn't what it used to be, because of the great improvements—particularly because of the Hygienic Cushion Frame. It does away with all vibration—makes all roads smooth roads. It is to wheeling what the "Pullman" is to railroading. This bicycle has it. CLEVELAND. P. G. ARMOUR, Charlottetown. Write for a New Booklet. First-class repairing in all branches. Repairs for cash only. CANADA CYCLE & MOTOR COMPANY, LIMITED, Head Office and Works, Toronto Junction. Sat. 14, 13, 21, 23.
