

# PIMPLES.

These Troublesome, Disfiguring Blemishes can be Removed by the All Powerful Blood Purifying Burdock Blood Bitters.

The nasty little pimples that come on the face and other parts of the body are simply indications that the blood is out of order and requires purifying.

They are little irritating reminders to you that you need a course of treatment with Burdock Blood Bitters.

When B.B.B. makes your blood pure then the pimples will vanish and your skin become soft and clear. Here is evidence worth considering:

Mrs. Morrice Ketch, Bristol, Carleton Co., N.B., writes: "I take great pleasure in recommending Burdock Blood Bitters to every one troubled with pimples. I was for years that I would break out with them at times on my face and back. I tried all sorts of remedies, including doctors' medicine, but everything failed to cure me. At last I heard of B.B.B. and thought I would try it. When I had finished taking two bottles I felt a great deal better, so kept on using it until I had taken in all six bottles. It has completely and permanently removed every pimple from my body and I never felt better in my life than I do at the present time."

## A Birth Day Party.

A very enjoyable evening was spent in the Bridgetown Hall on the evening of Nov. 6th, the occasion being a farewell birthday party for the Rev. A. C. Shaw. Tea was served by the Dundas Ladies to some one hundred guests. Towards the close of evening, Mr. Shaw was presented by Mr. G. A. Mellet, with a purse of twenty dollars and the following address:—

DUNDAS Nov. 6th, 1900. TO THE REV. A. C. SHAW.

DEAR PASTOR AND FRIEND.—Learning that you are about to leave us and remove to another charge, we wish to extend to you our good wishes for your future welfare. During the two years and a half you have labored amongst us you have won the esteem, respect and love of the entire community, a fact clearly shown by the large and attentive audiences who have listened to you proclaim the gospel so faithfully from the sacred desk. Rest assured that you will not be forgotten especially by the young people of Dundas as you have always taken a marked interest in their welfare. Permit us to present to you this purse as a small token of our appreciation of your faithful labors amongst us. As you leave and go to work for the Master in another field, may you and yours have God's choicest blessings, and when life's work is done, may we all meet where it shall be said: "Well done thou good and faithful servant, thou hast been faithful over a few things, I will make thee ruler over many things. Enter thou into the joy of thy Lord." Signed on behalf of your Dundas friends.

## DRINK HABIT CURED AT HOME.

Rev. Father Quinlivan's Tribute.

To whom it may concern: The good points of Mr. Dixon's new discovery for the cure of the liquor habit in my opinion are the following: First—It taken according to directions it completely removes all craving for liquor in a short space of three days; its use for a longer time is intended only to build up the system. Second—It leaves no bad after effects but on the contrary aids in every way the health of the patient whilst freeing him from the desire of drink. Third—The patient may use it without interfering with his business or leaving his home. All other liquors cures I have yet heard of are very costly, operate slowly, are doubtful as to effects and often impair the health and constitution of the patient. I therefore look upon this remedy as a real boon, recommend it heartily to all concerned and bespeak for it here in Montreal and elsewhere every success.—J. Quinlivan, S. S. Pastor St. Patrick's Montreal. Full particulars of this new medicine mailed free to all applicants. Address Mr. Dixon, 81 Willcocks Street, Toronto, Ont.

## Working Suits..

Working Suits are garments that most dealers think can be slighted in the making and not suffer for it. Those of ours are different. We have established a record, a character as to the quality and merit of this line, and, with our added popular price phase, we offer an article positively irresistible. The assortment of colors and patterns is very complete. In fact, while realizing that wear and general utility is the main point in suits intended for hard service, and meeting this point equally, we insist that they be trimmed right and neatly, that they are out to fit with correctness, that they look their money's worth as well as last their money's worth. This is why we carry a full assortment. People buy and are satisfied and come again. Those of you who come first will have the benefit of a larger list to choose from.

Overcoats too are all that you'd wish.

Prices on Suits \$275 to \$15.

Overcoat prices \$5 to \$15.

**THE LINA BELL FUND.**—The subscription list opened by W. G. Calhoun, of the Terrace Hotel, Amherst, for the purpose of punishing the penetrators of the outrage which resulted in the death of Lina Bell, has reached \$192. A number of smaller amounts have been promised, and it is hoped of Mr. Calhoun that \$1,000 will be raised to help reimburse Mr. La Roche for his great loss, and assist in discovering the guilty parties. Mr. La Roche has received telegrams from all parts of Canada, and in Quebec, when the news arrived, extra editions of the newspapers were issued, before the regular editions, announcing the death of the gentle little mare these Provinces have seen in a long time.—Halifax Recorder.

YESTERDAY THE GUARDIAN was shown a sample copy of the Pen-carbon Letter Book. The idea of letters copied while writing certainly should commend it to all business men. In private as well as business life it is well to keep a copy of all letters in case reference is necessary. Among the advantages of the Pen-carbon Letter Book are that no press, no water, no brush, no work is necessary. When wishing to preserve a copy of a letter it is often found that the proper kind of ink is exhausted or that the special paper used has run out; all such is avoided in the use of the Pen-carbon which never smuts. The book is a convenient size, being twelve inches in length and nine inches in width, bound in cloth with a strong leather back. On the inside of the cover are the directions which are by no means intricate and are easily understood. The first 24 pages are devoted to the alphabet, the remaining 200 pages are for copying. In the rear of the book is a pocket in which are the extra carbons. When the book is filled out it can be slipped out and a new one inserted at a nominal expense. The carbon paper and letter paper held firm by an ingenious clip and to secure a perfect copy no extra pressure is necessary. Simply slip your own paper into the clip and write away as usual. In fact in looking over the book it is invaluable to writers, students or anyone who likes to know just what they said to their friend a month or a year previous. It is pleasing to learn that Mr. C. H. Nash, the general agent for P. E. Island is meeting with a large sale among business men and will be pleased to show a specimen of the work. Address all communications to C. H. Nash, P. O. Box 457, city. The adv. will appear to-morrow.

## THE NEGLECT OF GOD.

Religious Journals contend that in all the functions connected with the great Paris Exhibition the name of God has not been mentioned.

Dear Sirs.—I was for seven years a sufferer from Bronchial trouble, and would be so hoarse at times that I could scarcely speak above a whisper. I got no relief from anything till I tried your MINARD'S HONEY BALM. Two bottles gave relief and six bottles made a complete cure. I would heartily recommend it to any one suffering from throat or lung trouble.

## To the Children of Charlotte-town and Country.

As I have been figuring on what is best to give to the good little boys and girls for a Xmas present, I have travelled over the Island pretty well and I notice in the best homes several beautiful life size portraits, copied off tintypes, dogcootypes and groups, etc., and I learn that they all came from S. F. Tarbush's High Grade Art Parlor, Charlottetown.

I found as many as seven in one house and in several places three, four and five, all from this Art Parlor. Another part of the Island I saw an odd one, but I could easily see it was some other house did it, as it looked miserably cheap, not a patch to his work, and some getting him to do it over again. I notice one thing in particular, that is many of the ministers, doctors, lawyers, merchants, professors and professional men have two, three and four from him. Yes, the Mayor of your city has two and but as I have seen them for my self, I know the rest are all in the shade with their work. I have decided that the nicest present I can give to some, will be a nice water, sepia, or crayon portrait from the High Grade Art Parlor, just run up by S. F. Tarbush for yourself. Mr. Tarbush advises me to not give anything this year to bad boys who chew tobacco, smoke cigarettes or say bad words. Now as some haven't a photo to copy, I will have to bring something else so lay away a nice clean pair of the largest stocking you can get to bring up Christmas eve, yours Respectfully, SANTA CLAUS.

## GRAND BRITON A D T HE FILIPINOS

New York, Nov. 8.—Great Britain will be asked by the Government to suppress the Filipino Junta at Hong Kong says a Washington special to the world. The administration has had this in contemplation for some time, but political obstacles were in its way. The action is to be taken now without delay.

"Pull up!" That's the counsel very often given by a well meaning person to a friend who is slipping down the road of alcoholism. And when the answer comes "I can't stop," the man is perhaps reproached for the cowardice of that phrase, "I can't."

But intemperance is only a form of disease, and there may come a time in the progress of any disease when it can't be stopped. That's what we mean when we talk of "galloping consumption." It's like a horse running away with us. We can't stop it.

Strength will stop the wildest horse. Strength is the great necessity in the stopping of disease. Dr. Pierce's Golden Medical Discovery has cured thousands who had obstinate cough, bronchitis, weak lungs, spitting of blood, emphysema, and similar ailments which if neglected or unsuitably treated lead to consumption. It cures by strengthening the lungs and giving them power to throw off disease.

"I had been troubled with bronchitis and cough of the head for eight years; had severe attacks and at times great difficulty in breathing," writes J. W. Mowerton, Esq., Hancock Co., Tenn. "A portion of the time my appetite was poor and part of the time I was unable to do anything. I had been treated by our best country physicians for several years with little benefit. I had been reading about your medicine for several years but hadn't much faith in it. Last spring I concluded to try it and before I had taken one-third of a bottle of Dr. Pierce's Golden Medical Discovery and 'Fiscian's Pellets' I began to mend and I continued taking it until I had taken seven bottles. Now I feel like a new man and can do as hard a day's work as any man. I advise all of my friends who are diseased to take Dr. Pierce's Golden Medical Discovery."
