—KENSINGTON CREDIT UNION. The annual meeting of the Kensington Credit Union Ltd. was held on Oct. 14th, with a good attendance of members. Mr. James L. Saunders presided and made the opening remarks. The meeting was held in the parlors of last annual meeting by the Secretary, Mrs. E. G. Gillis. The minutes were adopted as read. The directors reported followed and was most encouraging. The Inspector of Credit Unions visited the Kensington office recently and found everything satisfactory. The Treasurer's report was given next. The volume of business amounted to \$64,727 for the year ending Sept. 30, 1940. Forty nine members were added to the membership list since last annual meeting. The Treasurer's report was unanimously adopted. The report of the Credit Committee was given by Mr. James Pendergast who reported thirty loans given out during the year to the amount of \$545.00. There has been no bad loans. The Credit Committee has had no difficulty in getting members to use the money available, the only difficulty was to have enough money to meet the demand. The report of the Credit Committee was adopted and also the report of the Supervisory Committee. It was decided to hold an entertainment to raise money for operating expenses. A committee was appointed to make arrangements. Remarks by Rev. Joseph Trainor were much appreciated. He stressed the need of good study clubs operating in conjunction with any co-operative movement. He thought it a splendid idea to encourage children to become members of the Credit Union thereby learning to save their nickels and dimes. Father Trainor said he was a strong supporter of the Credit Union and would be glad to assist whenever possible. Lenders of Study groups were appointed and urged to get meetings started as soon as possible. A dividend of three per cent was declared. Retiring officers were re-elected and the following are the directors: Pres. Jas. L. Saunders, Vice, Allan Semple, Directors, George Higgins, Frank Marks, Leslie Ramsay, Mrs. E. G. Gillis, Robert Glover, Credit Committee, Mrs. James Pendergast, P. Lellan, Supervisory Committee, Arthur Reedy, Gerard MacLellan and Rev. J. Trainor.

—NORWEGIAN SHIP SUNK. NEW YORK, Oct. 16 (AP)—Marine circles said today the 3,318-ton Norwegian freighter Toran had been sunk by a "marine" of the Norwegian coast. Logs of the 5,780-ton British passenger steamship, Lorna in the English Channel also were reported.

—Do You Suffer From Headaches? It is hard to struggle along with a head that aches and pains all the time. A headache need not be an illness in itself, but it may be a warning symptom that there is intestinal sluggishness within. To help overcome the cause of headache it is necessary to eliminate the waste matter from the system. Burdock Blood Bitters helps to remove the cause of headaches by regulating the digestive and biliary organs, neutralizing acidity, regulating the constipated bowels and toning up the sluggish liver, and when this has been accomplished the headaches should disappear. Island Girl Woods In Que.

The United Church at Chateaufort, Quebec, was the scene of a pretty autumn wedding at three p. m., October 5, 1940 when the Rev. T. R. Ross united in marriage Margaret Jean, daughter of Mr. and Mrs. G. W. Profit, Spring Valley, and William O. Gordon, son of Mr. and Mrs. Joseph Gordon, Montreal, P. Q.

The bride, who was given away by her father-in-law, Mr. Basil McCoubrey, looked exceedingly shy in a street length dress of Indian Earth wool crepe with gold trimmings. Her velvet turban with shoulder length veil and accessories were matching. She wore a corsage of Talisman roses and small mums. The couple were unattended.

After receiving congratulations and best wishes the bridal party motored to the home of Mr. and Mrs. K. L. Gilmore where a delicious wedding luncheon was served by the hostess.

Following the luncheon the happy couple left for the Hotel Cornwall, Cornwall, Ontario. For travelling the bride wore a snarley designed black boucle coat with mink trimmings.

The groom's gift to the bride was a gold watch. The young couple will reside in Chateaufort, P. Q., where the groom is an employee of the Montreal General Electric Company. Their many friends wish them years of happiness.

Gibraltar Is Bombed In Fierce Raid

ALGECIRAS, Spain, Oct. 16 (AP)—Gibraltar, western anchor of Britain's naval strength in the Mediterranean, was heavily attacked today by high-flying planes.

Observers here were unable to determine their nationality or strength because of clouds, but it was the most violent attack since French airmen under orders of the Petain-Laval government bombed the fortress Sept. 24 and 25.

Anti-aircraft batteries replied in fuller voice than ever before—suggesting that defenses of the Rock had been newly strengthened.

It was believed possible that the raiders were following up Anglo-Italian naval engagements on the chance that a damaged British ship was anchored at Gibraltar. The extent of the damage to the Rock, if any, could not be ascertained.

Death Of Well Known S'ide Mail Driver

The many friends of Mr. Joseph A. Richard will learn with much regret that he passed away at his home in Summerside early Wednesday morning, Mr. Richard was 83 years of age and has for the last 35 years been the very efficient mail carrier for Summerside, driving the mail to and from the post office and railway station. He was always courteous and obliging and will be missed very much by the town citizens.

Mr. Richard served as water commissioner for the town of Summerside for six years. He had been in failing health for some time but it was only the last few weeks that his illness was serious.

The funeral takes place on Friday morning at nine o'clock from the residence of Mr. Benjamin Gallant, Notre Dame Street to St. Paul's Church.—S.

WAKE UP YOUR LIVER BILE

And You'll Jump Out of Bed in the Morning Rarin' to Go!

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink.

Mr. Jervis Matthews, student at Summerside Academy, spent the Thanksgiving holidays at his home here.

Miss Margaret Matthews, Kensington, was a week-end visitor to his home here.

Rains Come To Turn Desert Into Quagmire

By EDWARD KENNEDY Associated Press Staff Writer MATRUH, Egypt, Oct. 16 (CP)—Nine months of drought have ended, and soon the desert over which Marsala Rosalia Graziani's Italian legionnaires mull roll if they are to reach Alexandria and Suez, will be a quagmire.

The rains came yesterday, a lashing sub-tropical cloudburst. The parched land absorbed it quickly, but today it rained again. Bedouin tribesmen say the time has come now, and for two months we may expect rain.

The Italians may still try to drive toward Alexandria and meet the toward cars and tanks through the mud would be about impossible, and they have difficulties as it is, supplying their forces.

The British, too, on the other hand, have solidly reinforced the Matruh line which stretches from Matruh to Alexandria and will have considerably less trouble maintaining their front lines.

The Italians still hold the 70-mile strip of coastline within Egyptian territory, and for the time being have been consolidating their position by building a road.

The Italians may use force not only against the British on the side of the Burma road upon its reopening, but also against the British Crown Colony of Hong Kong if transportation of munitions to China is resumed via Hong Kong, it was learned today.

Both routes, the one from the west and the other from the east, are within easy range of Japanese bombers, the same sources contended.

Circles close to the Japanese Government said they expected "an important announcement" within a few days on the situation.

The indication that forcible methods may be employed came from the Tokyo newspaper Asahi, which in a dispatch under a Hong Kong dateline said the Japanese consul general had warned the British authorities that Japan considers closing of the Hong Kong-Chungking route as a separate agreement from that governing the Burma road.

northwestern city demolished a surface shelter, and there were undetermined dead and injured.

Other raiders were over Wales and other western areas. The Midlands had some casualties.

All day the Germans had scouted out the devastation wrought in London and elsewhere. These still are in the worst attack of many days, dropping five bombs in the day—10 hours.

All day long rescue squads dug in ruins to rescue the living entombed and recover the bodies of the dead. They lay in the heaps of rubble until yesterday were hospitals, churches, factories, air raid shelters, a college, apartment houses, a youth hostel and the buildings of an historic square.

The heaviest toll was taken by two direct bomb hits on a two-storey school house, used as an air raid shelter. Before these still are in the worst attack of many days, dropping five bombs in the day—10 hours.

Others, when the bombs struck, were blown into the street, where ambulances picked them up. There was no estimate of the dead.

BERLIN, Oct. 17 (Thursday)—(AP)—Nazi sources claimed today that several hundred German warplanes took off with bomb cargoes for England during the last few hours, with London their main probable goal.

Conference On Tourist Industry Is Completed

OTTAWA, Oct. 16 (CP)—Recommending increased appropriations for tourist promotion work by Dominion and provincial governments, a two-day conference on the tourist industry ended tonight.

Final session of the conference was confined largely to adoption of resolutions dealing with various phases of transportation agencies.

In addition to urging that all tourist agencies should increase their advertising appropriations for 1941, the conference decided:

1. The Canadian Travel Bureau and the National Film Board should cooperate to frame a program for production and theatrical distribution of technicalorlogues.

2. More accurate and complete statistics on tourist travel should be compiled, so a better picture of the industry could be obtained and public and advertising could be handled more efficiently.

3. Tourist advertising and publicity campaigns should be conducted on a year-round basis; Canada was losing tourist business by sporadic drives.

The conference instructed the Travel Bureau to confer with the Canadian Broadcasting Corporation to secure its recommendation regarding the production of all-Canadian programs of a type that might merit use by networks in the United States for a period of 26 weeks.

The conference stressed the importance of the tourist industry as part of Canada's war effort, emphasizing that the industry was one way of procuring foreign exchange which could be spent in the United States for war materials.

OTTAWA, Oct. 16 (CP)—D. Leo Dolan head of the Canadian Travel Bureau, tonight said the number of tourists entering Canada from the United States during the past eight months showed a drop of more than 2,000,000 from the same period last year.

Dolan said the eight-month total this year, he estimated, was 9,825,000. He estimated that the total for all of 1940 might reach 14,000,000 or 15,000,000.

Early in the year it was estimated that the tourist industry would be worth \$300,000,000 to the Dominion this year, Dolan said, but actually the industry would not be worth much more than \$250,000,000. This would represent a decrease of about \$50,000,000 and \$30,000,000 from 1939.

ACTRESS TO MARRY HOLLYWOOD, Oct. 16 (AP)—Actress Helen Mack said today she would marry Tom McAvity, Hollywood advertising man, within the next few weeks and would give up her screen career. It will be a second marriage for both.

FATALLY INJURED TRURO, N.S., Oct. 14 (CP)—James Eagles, of Londonderry Mines, near here, died today of injuries received when he was struck by an automobile driven by Walter B. Eagles Saturday night. A coroner's jury returned a verdict of accidental death, with no blame attached to the car driver.
