

SUNSHINE FURNACE

And Coal Economy

COMBUSTION taking place in the dome or top chamber of furnace fire-pot is the result of air and heat mingling with fumes. This combustion produces heat-energy, which the radiating surfaces above and around fire-pot absorb or draw in and then deflect or throw off. Incoming cold air receives this heat-energy, the result being heated air. Now, if the combustion takes place at a faster rate than the radiating surfaces can absorb and deflect, the surplus heat-energy will pass up the chimney or into cellar—a waste of coal.

There is no waste of coal in "Sunshine" Furnace. Circuit of radiator is so complete, and air-circulating space so large, that every bit of heat-energy is quickly absorbed and quickly deflected on the circulating cold air, which is thus quickly heated and ascends through the hot-air pipes to rooms above.

The check-draft of a furnace is situated on the smoke-pipe. When this draft is closed—especially on an "ordinary" furnace—heat particles can escape up chimney. When check-draft is opened the incoming cold air from the cellar drives all heat particles back into furnace proper. If the grates and fire-pot of furnace are not constructed properly, there's a clogging and gathering of ashes, and fire does not burn up readily. If no provision is made for gas escape, the check-draft must be left closed indefinitely—a waste of coal.

There is no waste of coal in "Sunshine" Furnace. No clogging can take place in the 4-piece grate, no ashes can gather on the straight fire-pot walls, and the Automatic Gas Damper makes every provision for the escape of gas; consequently, check-draft can be opened shortly after coaling and all heat-energy saved for radiation.

THE KING'S COUNTY GUARDIAN

Offices in Montague, Capt. W. A. Johnstone, Manager, and in Souris, Morley S. Acorn, Manager.

Capt. Bonnell has arrived with his schooner at Murray River having on board a man named John Merchant who was picked up at sea by a French schooner and taken to St. Pierre, where the captain put the unfortunate man in Captain Bonnell's care that he might be taken back to British soil. Mr. Merchant was made on the schooner Ben Holt belonging to Yarmouth, N. S., and drifted away from the schooner during a heavy fog. When picked up he had been out for three days and two nights and was badly exhausted. He is now under the care of Dr. Barnes and is physically much better, but his mind is still deranged from the exposure. During the trip to Murray River with Captain Bonnell he jumped overboard and was with much difficulty rescued. However his recovery is now hopefully looked forward to.

WATER BICYCLE RUNS ON LAND.

NEW YORK, June 20.—"A California youth has constructed a water bicycle which will also run on land," says the July Popular Mechanics. "When he wishes to enjoy the pleasure of a trip on the water he mounts the machine in front of his home, rides through the streets to the beach and glides out into the ocean's surface." The article is illustrated.

Get Rid of the Dust Nuisance in Your House

Flood-dust carries most of the germs that make doctor's bills mount up. Floor-glaze makes floor-dust not worth reckoning with.

Because Floor-glaze, the can't-wear-off enamel in ten shades, practically DOES glaze a floor. And dust won't lodge on a Floor-glazed floor. Saves a lot of housework,—and banishes a plenty of disease.

Floor-glaze and rugs, with the smallest care, insure the health of the household and make a better-looking house. Anybody can apply Floor-glaze,—a gallon does 500 square feet.

Just as good outdoors as indoors,—and nothing else does so well for either. Why don't you get your floors disease proof?

Your dealer should have Floor-glaze. Let us know if he hasn't. You would find our Free Book interesting reading. May we send you a copy? Ask on a postcard. Imperial Varnish & Color Co., Limited, of Toronto. Recommended and sold by Fennell & Chandler, Charlottetown. Bruce McKay & Co., Summerside.

EAT ORANGES

IF YOU WANT TO KEEP WELL

Careful tests have proved beyond question that orange juice has clearly defined medicinal virtues. Those who suffer with indigestion—can be called "to die"—and then after eating oranges regularly for breakfast there is no distress, no palpitation.

Where there was a tendency towards constipation, the eating of oranges regulated the bowels.

In skin troubles, those who began the morning meal with an orange were noticeably improved.

There is, however, a quicker way to get better results. This is to take one or two "Fruit-a-tives" tablets at bedtime in addition to the juice of an orange before breakfast the next morning. "Fruit-a-tives" are the richest source of oranges, apples, figs and prunes, in which the medicinal action is magnified by the special way of combining them. Valuable tonics are then added.

Take the juice of an orange before breakfast—take "Fruit-a-tives" at night—and you will quickly be rid of Indigestion, Stomach Troubles, Constipation and Sleeplessness. "Fruit-a-tives" are sold by all dealers at 50c a box—4 for \$2.50. Sent on receipt of price by "Fruit-a-tives" Limited, Ottawa.

Cleanliness is Next to Godliness

If you want your home thoroughly clean and healthy, have it done scientifically. Ordinary disinfectants give only a false sense of security. Microbes and bacteria lurk beyond the reach of the most particular housewife. I use only the latest approved method which is a perfect germicide and endorsed by a 1 Board of Health and Health Officers.

This is the Fit-Reform trade mark. It is the most important part of a Suit or Overcoat, because it represents a definite standard of value. It goes only in honest garments, honestly made. And behind the trademark is the Fit-Reform Company, the founders in Canada of hand-tailored garments. This trade mark is small in size but great in its meaning to you. Look for it—buy by it.

Suits and Overcoats FIT-REFORM Suits and Overcoats

is one of the big successes of the Canadian commercial world. Founded on the rock of VALUE, the business has trebled in the last five years. Today there are 165 agencies handling Fit-Reform Suits and Overcoats exclusively.

This means that Fit-Reform garments are sold in 165 different cities and towns for there is only one Fit-Reform agency in each place.
