

**CURES Inside Ills**

A sneeze—a sniffle—a cold in the head—a cough. Serious trouble may result unless you recognize the symptoms and eradicate them at once. There's a sure remedy for inside ill—take it in time and save doctor's bills. A few drops of

**Johnson's Anodyne Liniment**

taken on sugar will work wonders. The first dose makes a big improvement in your condition, whether you are suffering from a sore-throat, a cold, cough, tonsillitis, bronchitis, asthma or other disorders of the respiratory organs. For pains in the stomach, cramp, colic, cholera morbus and diarrhoea, a few half-teaspoonful doses will bring relief and effect a speedy cure.

For outside aches and pains, cuts, bruises and lameness Johnson's Anodyne Liniment is invaluable. Always have a bottle within reach. Sold everywhere. Guaranteed under Food and Drugs Act, June 30, 1906. Serial Number 512, 25 and 50 cents a bottle.

ARTISTIC AUTUMN MILLINERY

We beg to announce that we have now placed in our show room, a large variety of the newest models in Fall Millinery. That they are beautiful and artistic goes without saying, as our milliner Miss Walpert—after a most successful spring season—is well known to the ladies as an exceptionally clever artist in the millinery line.

Owing to an unusually large stock of Furs, and ladies' Mantles, which necessarily take up a great deal of space, we will hold no formal Millinery Opening this season, as it would result in an uncomfortable crush. However a large display of unusually attractive models are now ready, and the ladies are cordially invited to come at their convenience and view the latest authentic styles as prepared by Miss Walpert and her clever assistants.

The change in the seasons styles, not only includes new shapes, but new materials as well, and introduces new colors and combinations. The fashionable hat is large—very large—with high crown, and brim which droops slightly, or flares high to right side. Hats with sailor brim are also good, with wide high crowns which display to advantage the new fancy bandeaux, large wings, Ostrich plumes and tips now so much in vogue. A great number of the smaller shapes are on the turban order, and these are expected to be very much worn.

Satin plays an important part in the new millinery, as also Ottoman silk and lustrous velvets, with which the striking large Directoire shapes are plainly covered.

The most fashionable colors are Peacock blue, Smoke grey, Empire green tans and Brown. All black hats are excellent style, and jet effects, tinsel bandings and soutache braiding much used. Fancy hatpins are still modish on the plainer models, while on the more elaborate hats buckles—some extremely large—are much used.

We have an unusually splendid assortment of shapes in Felt, Satin, Velvet and Fur, and Miss Walpert, after her recent trip to the millinery centres is better prepared than ever to cater to the millinery wants of our customers.

We guarantee you artistic work—up to date materials—fair prices—and correct styles; you can ask no more, and we give you no less. Leave your order.
