Eczema On Hands For Two Years Cuticura Healed

"For about two years I suffered with eczema on my hands. It started with small scales and then turned to a rash and was very sore and red. It itched terribly at times and kept spreading until my fingers were covered with it. I could not put my hands in water nor do any work. I did not get much sleep at night on account of the irritation."

"I used other remedies without much success. I saw Cuticura Soap and Ointment advertised and sent for a free sample. After using it I purchased more and in a month's time I was completely healed." (Signed) Lawrence Chastain, West Chazy, N. Y., Sept. 27, 1924.

Make Cuticura Soap and Ointment your every-day toilet preparations and have a clear, sweet skin, soft smooth hands, and a healthy scalp with good hair. Cuticura Talcum is unexcelled in purity.

MAY SEYMOUR FOOT LOOSE by BEATRICE BURTON ONE!

MAY SEYMOUR, whose husband killed himself because of her love affair with another man, returns to her home town after a year's absence. She sells her property and with her small fortune sets out to find and marry a man with money. She tells her lawyer, DICK GREGORY, and GLORIA, his wife, that love means "nothing in her life."

At Atlantic City she meets a divorcee, CARLOTTA FRANKING, and her friends, HERBERT WATERBURY and DAN SPRAGUE. Both men pay court to May, greatly to the distress of Varlootta, who has been in love with Dan for years. But May sets her cap for Waterbury, who, she thinks, is the rich

"Like old times to see you again, Maizie," he was saying smoothly, as he pulled a chair out from the table.

husband she is looking for. In her effort to "land" him she spends a third of her little fortune on clothes.

At last he proposes, and May accepts him. She turns over to him for investment all the money she has—including \$12,000 from the sale of her house. But she immediately regrets this when Carlotta, departing for California, warns her not to trust Waterbury too far.

When she goes to Waterbury to demand the return of her money, he disappears. And May, practically penniless, sells her jewels and fur coat to buy a ticket for California, where she intends to visit her mother.

On the way she stops off to see her lawyer, DICK GREGORY, and GLORIA, his wife, who is May's best friend. She shrinks from meeting her townspeople, who know the story of her husband's suicide. But Gloria tells her the only thing to do is to face them bravely. So she finally consents to go downtown to lunch with Gloria.

THE STORY Standing in the doorway of the downtown restaurant, May drew a deep breath such as a swimmer takes just before he waterbury to water. She clutched Gloria nervously by the arm as she looked around her at the familiar walls and snowy tables.

Lydia E. Pinkham's Vegetable Compound a Dependable Help for Mothers

Port Greville, Nova Scotia.—"I took your medicine for a terrible pain in my side and for weakness and headache. It seemed to blast all over, too, and my feet and hands were the warmest. The mother of four children and a nursing baby—the first one of whom I could nurse. I took Lydia E. Pinkham's Vegetable Compound before my baby's birth, so you can see how it helped me. I cannot praise it highly for what it has done for me, but I can tell you that it has helped me in many ways. I recommend it to any one with troubles like mine and you may use my letter as a testimonial."—Mrs. ROBERT McCULLOUGH, Port Greville, Nova Scotia.

Many many letters are received giving the same sort of experience as given in this letter. Not only is the baby benefited, but these good results pass on to the child.

No harmful drugs are used in preparation of this medicine—just herbs and herbs—and it can be taken by the nursing mother.

88 out of every 100 women report benefit from its use in a recent census among women users of this medicine.

reference to the apples. They were sitting by the fire one evening when Peggy said to David, "Master Davy, how should you like to go along with me to visit my brother at Yarmouth?"

You'd see the ocean and the boats and the ships and the fishermen and there'd be Ham to play with and Little Emly."

David was quite overcome by all these delights and replied that he would very much like to go, but what would his mother do?

crowd for tea, and if you'll just keep the Dad away from home this afternoon I'll love you forever! He crabs all my parties! He's so darned goody-goody."

"Never you mind, young woman," Ullyses grimly told her. "I'll be there on the spot when your friends come in for tea, same as I always am! Will you help me chaperon the party, Mrs. Seymour?"

NOT A GIFT, SIR Her adorer: "She has the fatal gift of beauty."

"What makes you think so?" "Such glorious hair and complexion."

"Oh, they're not gifts, I was with her when she bought them!"

NOT IN 15 YEARS SUCH AN EXHIBITION

A powerful lot of money has been spent to make this year's Saint John Exhibition hit the high spots.

The word "Expansion" hardly touches on what has taken place. It beats every other Exhibition in fifteen years, ranking beside the great Dominion Exhibition of 1910.

The most expensive entertainers on the Continent are coming to Saint John September 5-12 to make us all throw our hats in the air with excitement. Troup after troupe of Topnotchers. One feature alone will be the world's greatest Ladies' Symphony Orchestra, who have been the main attraction at the huge Expositions of the chief American cities. Three thousand and more concerts heading the bill on Keith and Lyceum circuits. Classical Music from light to grand opera—4 hours daily and any favorite piece at your command. Another of many is a sky soaring bike rider who comes down 75 feet into 30 inches of water. That's not all by a mighty long shot. Not forgetting either the ten mile Marathon Race.

Egg and Dairy Demonstrations Livestock and Pet Shows Beat Records

Course of Instruction on Egg Buying in connection with Poultry Competition. Government Experts. Complete New Dairy Fair. Massed effort to promote big scale Dairying through Maritimes. Government experts demonstration as well as Breeds. Products from farm and factory and modern methods and machines.

Building after building devoted to expanded contests among various Cattle and Horses, Swine and Poultry—and Blooded Dogs. Dahlia Show added to Horticultural Department. Grand Development of Natural History Departments. Made-in-Saint John Fair fills whole hall.

The new growth of the Senior Exhibition of the East cannot be covered in one announcement. Keep yourself in readiness to come to Saint John September 5-12. You may never live to enjoy so much. Come!
