The fact of Mr. Trank himself being in charge of the exhibit, gives the greatest possible confidence in its excellent qualities and general usefulness.

One of the most attractive and best arranged displays at the Provincial Exhibition was that of the Maritime Exhibition Co., Truro, and Thebert Taylor Co., Ltd., Halifax. The popular representative whose permanent address is 1000 Hotel, Charlottetown, was for some time in securing a splendid location in the main building, and he arranged his goods in such a neat and attractive way to show to excellent advantage. Added to this is the fact that his lines of hats, caps, boots and shoes are so up-to-date and such exceptional value that they will undoubtedly be in much greater demand than ever before.

The committee appointed by the New Brunswick and P. E. Island Conference says the Wesleyan to report on the desirability of the camp grounds at Westfield, after a trip of inspection to the grounds, drew up a resolution setting forth that the grounds were very desirable in every respect for the purpose in view, and recommending that the Conference take prompt action to place the tract under the control of the Conference. The committee of the Methodist Conference appointed to consider the situation of the children's fund and the fund met in St. John's last week. After much discussion the details it was agreed that the funds should be amalgamated and a committee consisting of Rev. Thomas Hicks, of Point de Bute, and G. F. Dawson, of Chatham, all of whom are well known in Charlottetown, was appointed to draw up a plan to be submitted at the next meeting of the Conference.

One of the most interesting sights at the exhibition and one that attracted a great deal of attention from dairymen and farmers was that of the Sharples Tubular Separator. This separator is the result of thirty years experience in a Centrifugal Separator building and is built by the oldest and best known manufacturers on the American continent. Such well known dairymen as Walter McLean, Victoria; Ropes, Charlottetown; Gavin Hard, Graham Road; and many others are selected and are using this machine. Some of them, for many years. The superior features are, low apply can, enclosed self oiling gear, simple bowl, easy washing and which is most important clean skimming. A copy of the government test displayed shows its exceptional standing. The exhibit was in charge of H. A. McArthur of Sussex, N. B., and Wm. Myers of Toronto, office. The local agents are the Frost & Wood Co.

That Splendid 69c. Venetian is Getting More Business for Us Every Day

The highest tribute to excellence is imitation! That's why we feel so pleased over this splendid 69c. all wool venetian of ours. But this original standard cloth of ours has points of merit that make it unique—and beyond successful copy. It is 44 to 45 inches wide.—It is absolutely all wool, it is fine, firm, and lustrous. It makes up nicely and hangs gracefully—and it will wear. 4 shades of navy, 3 shades of brown, 2 shades of green, 2 shades of red, black, copenhagen and grey, if not superior to any cloth under \$1.00, we won't expect your business. 69c.

4 Inch Taffeta Ribbon 12c. yd This attractive special perfectly adapted for hair ribbons, nice weight, the quality usually sold for 18c. We picked up a remainder in white, cream, sky, coral and cardinal—and are able to offer at 12c.

The Opera House last evening was again crowded to see W. S. Harkins' capable and clever company present "Paid in Full" The play was an excellent one and called forth much dramatic power on the part of Miss Julia Morton, and R. Siddell. Louis Resen as Capt. Williams took some time to win his audience but good work tells everytime and the Captain showed up nobly when put to the test, while his partner James Smith, as Wilmer Walter, was an immediate favorite. Lillian Payne and Francis Wright appeared to advantage in their several parts, while the Japanese valet was truly laughable. Tonight's play is the latest dramatic sensation "The Devil" while this afternoon the matinee will be "Its All Your Fault."
