Faith In Country Is Biggest Asset Says Gov-General

"Guard The Great And Fundamental Legacy Of Character Of The People And The Future Will Take Care Of Itself", States Bessborough Before Canadian Club.

MONTREAL, Que., Oct. 30. (By the Canadian Press)—Keep faith, guard the great and fundamental asset of character of the people and the future will take care of itself; only transmit to your children the faith in Canada and the Canadians that your fathers bequeathed to you and the walls of your house are secure. In these and similar words the Earl of Bessborough, Governor General of Canada today counselled the Canadian Club of Montreal against accepting the judgment of certain prophets, "that far worse things were waiting round the next corner."

"If I may be permitted to give you a word of advice," His Excellency said, "it is that you pay a minimum of attention to such south sea bubble speculation about what may or may not happen in the future, and concentrate your energies on what has got to be done in the present. Times are bad, I quite agree; but sufficient unto the day is the evil thereof, and I, for one, am convinced that times would be very early."

Ran Gauntlet Of Revolution

Captain And Crew Of Visiting Potato Steamer Had Exciting Experience In Cuba During Recent Revolt. Bombs And Rifle Fire Met Them At Antilla, But They Escaped Without Much Damage.

Running the gauntlet in a defenseless steamer under bomb and rifle fire in a live revolution is a unique experience for anyone, even a sea captain; but such was the experience recently of Capt. Wuentd and crew of the S. S. Frederisborg, now in port, loading potatoes for New York. The incident happened last August on the north east coast of Cuba, during the hottest period of the Cuban revolt. Suspected of being an enemy steamer carrying ammunition to the rebels, the Frederisborg had a decidedly hot reception, but after detention and examination by the military authorities was finally permitted to go her way. Capt. Wuentd's story was thus given to a Guardian representative yesterday, in an interview on board his steamer at the Railway wharf:

"It was on the afternoon of August 20th," the Captain declared, "that we arrived at Antilla, Cuba, having received a wireless message from the ship's owners in New York to anchor there while at sea."

TO ASSIST

(Canadian Press) OTTAWA, Ont., Oct. 30.—Canada is sending a consignment of supplies to hurricane stricken British Honduras. Consisting of building and roofing supply and builders' hardware, the goods are all of Canadian manufacture. The consignment, it was officially announced tonight, will be despatched by an early boat to assist in the rehabilitation of Belize.

Following the hurricane disaster several months ago which brought death and enormous damage in British Honduras, the Dominion Government wired the sympathy of the Canadian people and enquired of the Government of British Honduras if any assistance were necessary. British Honduras indicated in its message of reply that building supplies for re-building were necessary, and under arrangements made the consignment of Canadian made goods is consequently to be shipped.

IMPERIAL ECONOMIC CONFERENCE

Present Appearances Indicate An Early Parley At Ottawa.

(Canadian Press Cable) LONDON, Oct. 30.—By all present appearances the convening of an Imperial Economic Conference probably at Ottawa, will not be long delayed.

Fire Losses

TORONTO, Ont., Oct. 30.—(By the Canadian Press)—Heavy aggregate losses from the epidemic of the supposedly incendiary fires in Ontario during the past week is responsible to some extent for the unusually high mark of fire losses in Canada for the week ending Oct. 28, as reported by the Monetary Times, which estimates the total for Canada at \$602,900, as compared with \$382,625 for the previous week and \$311,065 for the corresponding week of last year. For the ten months ending Oct. 29 the losses in Canada were estimated at \$24,295,618 as compared with \$32,266,334 for the corresponding period of 1930. MISSING CAPT. IS NATIVE OF SUMMERSIDE

Aged Father Convinced Capt. Kirk Still Survives.

Captain T. E. (Paddy) Kirk, Halifax, who is reported missing since the schooner, Catalogue, was found off Cape Breton coast on Thursday, is a native of Summerside, this Province. He is the son of Robert Kirk, who is 92 years of age.

Captain Kirk has had an adventurous career, having been shipwrecked many times. Two years ago he was stormstayed on the Atlantic for ten days in one of the worst gales recorded, and reached Halifax only after great hardship.

Mrs. Kirk, who lives in Halifax, and also his aged father, believe he will turn up again.

"He always does," declared Mr. Kirk, senior, with conviction.

SAD DEATH

(Canadian Press) TRURO, N. S., Oct. 30.—Devotion to his pet kitten probably resulted in the death of Freddie Burns, 2½-year old son of Mrs. John Burns, of Alton, whose lifeless body was found today on the railway tracks an hour after the New Glasgow train had passed. Beside the body was his kitten also in death, and marks on the tracks indicated that they had been thrown about sixty feet. It is thought the little fellow tried to get the animal off the track as the train approached.

IS FREED

MONTREAL, Que., Oct. 30.—(By the Canadian Press)—George W. McCollum, of Toronto, General Secretary of the Canadian Electrical Trades Union, was acquitted late today by a jury in the Court of King's Bench on a charge of having aided, abetted and counselled striking linemen of the Montreal Light, Heat and Power Consolidated to commit acts of sabotage on the Power Company's property during the month of August last. The verdict came after one hour and a half deliberation on the part of the jurors.

OVERDUE

(Canadian Press) BOSTON, Mass., Oct. 30.—Fears for the safety of the two masted schooner Arthur James, long overdue at New Bedford, were dispelled tonight by a radiogram from the Captain of the steamer Lady Drake. The message said the packet was sighted at 3 p.m. Wednesday at a point 325 miles south of New Bedford. The schooner flew no signals and apparently was in no trouble, the radiogram said.

The Arthur James, with a crew and passenger list of 50, left the Cape Verde Islands on September 12 and it was believed on the waterfront here that she had merely been blown off her course.

"Nothing Less"

(Associated Press) LONDON, Oct. 30.—Mahatma Gandhi and other delegates to the second round table conference were invited by the Lord Chamberlain today to attend a party at Buckingham Palace next Thursday. Commenting on his mode of dress, Gandhi said "I will wear my habitual dress of join cloth, shawl and sandals. If the King or the Government prescribe European or any other form of dress I will be obliged to decline the Royal invitation."

"It must be remembered I am a humble servant of India's impoverished millions and must dress as they dress—nothing more and nothing less. As a matter of fact the King's invitation is unconditional and stipulates no particular mode of dress."

(By Thomas T. Champion, Canadian Press Staff Writer)

LONDON, Oct. 30.—Rt. Hon. Philip Snowden, who as Chancellor of the Exchequer has been at Prime Minister MacDonald's right hand since 1929 and all through the troubled months of this year, was granted an audience by the King today. His Majesty early this evening also received Rt. Hon. J. H. Thomas, Secretary for Dominions and Colonies. In his capacity as head of the Colonial Office Mr. Thomas discussed with His Majesty the disturbances in the Island of Cyprus which cost several lives, but have now been put down.

DENIAL

MODEST

(Canadian Press) NEW YORK, N. Y., Oct. 30.—An impatient subway crowd surged forward today in response to a train's distant roar.

Miss Frieda Wasserstein, 28, stumbled, fell onto the steel rails. Spectators stood horrified.

A slight stir. Two youths, aged 15, squirmed to the platform's edge, jumped down, pushed Miss Wasserstein into a small clear space beneath, climbed in beside her.

Brakes shrieked. The motorman backed, fearful one, perhaps all three, had been struck.

The boys calmly lifted Miss Wasserstein to the platform, mindful not to hurt her fractured leg.

"We're late for school as it is," they mumbled, then edged away.
