**Guaranteed Bonds.**  
 6 p. c.  
 The First Mortgage Bonds of Eastern Car Co., Ltd. of New Glasgow, N. S. bear 6 p. c., payable January 1st and July 1st.  
 Prompt Payment. When Due, Of Both Principal and Interest Unconditionally. Is Guaranteed By Endorsement On Each Bond By Nova Scotia Steel & Coal Co., Ltd.  
 After all payments and charges by The Nova Scotia Steel & Coal Co., Limited, for the past three years, the average net profits have been over \$500,000 each year. The interest on the Bonds endorsed by them is only \$60,000 per annum. And it is almost impossible at present for the Canadian Railways to get the number of Cars they require, and Canada will keep growing each year. These Bonds are the most desirable available at the present time.

THOS. CANTLEY	New Glasgow, N. S.
General Manager Nova Scotia Steel & Coal Co., Limited.	

(The above gentlemen form the Executive COMMITTEE of the Board of Directors of the NOVA SCOTIA STEEL & COAL COMPANY.)

**PURPOSES OF THE COMPANY.**  
 The Eastern Car Company has been organized for the purpose of building Steel Railway Cars

**LOCATION**  
 The Works of the Company are located near New Glasgow in close proximity to the Works of the Nova Scotia Steel & Coal Co., Ltd., and about four miles from the Pictou County Collieries. The Company will enjoy good Railway and Shipping facilities.

**MARKET**  
 The steady and important Railway expansion proceeding from year to year throughout the Dominion, due to large increase in population and trade, and the opening up of new territory, has produced a demand for rolling stock which the existing carbuilding companies are unable to fill. Within the last nine months the Canadian Railway Companies have placed orders in the United States for 13,000 Freight Cars, and it is understood one of these Railways is about placing a further order for 6,000 Cars. Canada's Railway's demand for equipment have increased much faster than her Car Building capacity.

**CONCESSIONS**  
 The Town of New Glasgow has voted to aid the Company by extending its Pipe Line to the Car Company's Plant, and supplying free water for 20 years, the only condition attached being that the Town of Trenton amalgamate, from present negotiations this result is confidently anticipated. The Town of Trenton has also agreed to exemption of taxation for 20 years.

**PROFITS**  
 At the capacity for which the Plant is being built, an output of not less than 30 cars per day is expected. Working 300 days a year the Plant will have an annual output of at least 9,000 Cars; assuming however that the Car Plant has an average output of only 6,000 Cars per year, this at little better than half the estimated profit would yield an income of \$300,000 which would provide for interest on Bonds and Sinking fund, \$75,000, Dividend on Preferred Shares \$45,000 leaving \$180,000 available for Common Stock.  
 It will be seen that after payment of interest and sinking fund charges the balance available exceeds five times the amount required for the dividend on the preferred stock.

WITH THE MARKET FOR THE GOODS ASSURED, CHEAP WATER, EXEMPTION FROM TAXATION, PROGRESSIVE MANAGEMENT, THE OUTLOOK FOR THIS COMPANY IS EXTREMELY FAVORABLE.

SUBSCRIPTIONS FORMS MAY BE HAD ON REQUEST, AND APPLICATIONS RECEIVED at any branch of the Bank of Nova Scotia and the Royal Bank of Canada, also at the offices of the Eastern Trust Company in Halifax, N. S., St. John, N. B., Montreal, P. Q. and St. John's Newfoundland, or at the offices of J. C. Mackintosh & Co., in Halifax, N. S., St. John, N. B., Montreal, P. Q., Fredericton, N. B. or New Glasgow.
