Buy "Invincible" If You Want The Best

When a farmer uses INVINCIBLE FENCING he has the satisfaction of knowing that it will remain in use longer than any similar fence on the market. Every strand is locked with the well known Invincible Bull-dog lock. The wire is made of genuine Open Hearth Steel, which is the most lasting quality of fencing known. A scientific test recently conducted has demonstrated that there is a heavier coat of spelter on Invincible Wire than any Canadian Brand, and it is the thickness of the spelter that determines the life of the wire. Get Holman's price-list of Wire Fencing and Coil Spring Wire. It will pay you.
