—NEARLY A BAD FIRE—The building owned and occupied by Mr. John McNeill on First Street, Summerside as a carriage and blacksmith shop had a narrow escape from destruction by fire yesterday. When Mr. McNeill was absent for lunch the fire was noticed inside by some passers-by. The door was broken open and with the timely help of neighbors the blaze was extinguished. The west side of the building was considerably damaged. No alarm for fire was rung in.

—BASEBALL—The Red Sox Baseball Club held an enthusiastic meeting on Friday evening in the office of Mr. J. A. Lee, upwards of twenty five members being present. The Club will make an endeavor with the league to start the games one hour earlier than usual and for this purpose some of the town merchants are willing to close their stores at 5 p. m. This will allow the boys more time for practice. The club is on a good footing so that interest enough will be put into the games to attract country visitors to attend. The following members were appointed for the season: Hon. Pres.—Mr. John A. Lee; Pres.—L. M. McNeill; Vice Pres.—Mr. C. McArthur, Secy. Treas.—R. M. Gorrell; Executive Committee: Messrs. John Bullman, Dr. J. A. McMurdo and Arthur Johnston, Managing Committee: Messrs. John A. Lee, William Sullivan and Dr. J. A. McMurdo.

—FOX SPEAKS GRATITUDE OVER 'PHONE.—Gratitude by dumb beasts over favors bestowed by their masters is proverbial, but to have a baby fox express its delight at being alive and well, by telephone, was one of the rare treats offered by LeRoy Holman yesterday morning. After Mr. Holman had finished a telephone conversation with Mr. Weeks, his head rancher, he was informed by the rancher that there was another party who wanted to speak with him and a few minutes later the rapid and sharp bark of a baby fox, one of a litter of six that had been brought indoors, nearly dead from exposure and through good treatment was able to announce his gratitude to all.

He Was in Bed for Eighty-five Days

NOW LEON JOBIN RECOMMENDS DODD'S KIDNEY PILLS
Quebec Man, Long a Sufferer From Sciatica, Can't Cut Wood Without Being Tired

Villefontaine, Pontiac Co., Que., April 18th (Special)—Mr. Leon Jobin, a traveller in many countries, but now a respected resident here, has made a statement as to the benefit he received from the use of Dodd's Kidney Pills. "I was in bed eighty-five days with sciatica," Mr. Jobin states. "I have been looked after by many doctors, both in Europe and Montreal, but always without results. A friend asked me to try Dodd's Kidney Pills. I took them for six months. "I have yet a little pain but I can now cut wood without being tired. I advise all those who suffer from sciatica to use Dodd's Kidney Pills." If your kidneys are troubling you and you don't know Dodd's Kidney Pills, ask your neighbors about them.

—STREET REPAIRS.—The town street foreman, Mr. Henry Desroches, has a force of men employed at repairing sidewalks, putting down culverts, and fitting up for general street work which will include laying of concrete sidewalks, putting in drainage sewer pipe and the Macadamizing of some of the important streets.

—NEARLY A FATALTY—What might have proved a serious accident occurred as the train was departing for the west Saturday night. A Summerside citizen in alighting landed from the moving train in a backward position and consequently lost his balance. After doing a few ungraceful somersaults, miraculously keeping from under the wheels of the train, he gathered the pieces up and made a dejected exit, none the worse, but wiser for the experience.

—DEATH OF MR. ARCHIBALD GILLIS—The death took place at Miscouche on Saturday of Mr. Archibald P. Gillis. He is survived by his widow, three sons and three daughters, viz., Sister Mary Reginald, of the Congregation de Notre Dame, Chicago; Sister Helga Marie of the Order of St. Joseph, Peterborough, Ont., and Regina at home. The sons are Dr. John and Dr. Austin of Merrett, B. C., and Urban at home. Rev. Father Gillis of Indian River is a brother of the deceased. Funeral takes place this morning at 9 o'clock.

Labor Troubles Are On In Newcastle

NEW CASTLE, April 18—There was a slight disturbance in labor circles here last night as a result of about 75 men marching over to Fraser's mill and invading it. Some nine or ten men were working in the mill doing repair work. The union men, it is alleged, interfered with them and made a slight demonstration, telling the men they should not work ten hours a day. In threatening language, it is said, they tried to get the men to agree to a nine hour day. Donald Fraser was in the mill at the time and the union men asked him if he would grant a nine hour day. He told them that the mill owners had decided upon a ten hour day and that must go.

German Cabinet Greatly Troubled

BERLIN, April 18—The question of reparations is evidently giving the German Cabinet great trouble. No official statement has been made concerning the matter and but two proposals are being favored. First the proposal contemplates the assumption of Germany's debt to the Allies by the United States and second that the Allies should be given something like one-third their share in a number of the principal German industries.

SPRING DEBILITY

Loss of Appetite, That Tired Feeling and Sometimes Eruptions. Thousands take Hood's Sarsaparilla as a spring medicine for that tired feeling, nervous weakness, impure blood and say it makes them feel better, eat and sleep better, and "makes food taste good." Spring debility is a condition in which it is especially hard to combat disease germs, which invade the system here, there and everywhere. The white blood corpuscles, sometimes called "the little soldiers in the blood," because it is their duty to fight disease germs, are too weak to do good service. Hood's Sarsaparilla strengthens the "little soldiers" and enables them to repel germs of grip, influenza, fevers and other ailments; relieves catarrh and rheumatism. It has given satisfaction to three generations. Get it today, and for a laxative take Hood's Pills.

God Save the King

The president of the firm, Mr. George DeBlois expressed his pleasure at being present on so happy an occasion. A whole year had passed since the last gathering together of the staff. It had been a very anxious year—one full of problems and trials for the man of business. Yet, looking backward, we realize that it has been rich in memories and full of hope and encouragement for the future, he said. Through the loyal co-operation of the staff the firm has been able to close a very successful year. Where such generous co-operation exists there must of necessity follow the spirit of mutual esteem and consideration of the employer for the employee, and in like manner, the employee for the employer.

Mr. DeBlois, on behalf of the directors of the firm, thanked the staff one and all for their faithful service and devotion to duty. Realizing that words of thanks were empty unless backed up with action, it had been decided this year to take out of the profits of the firm a sum sufficient to pay five per cent bonus to every member of the staff. This bonus, it was hoped, would be continued next year. In concluding his brief address, Mr. DeBlois paid a fitting tribute to a departed member of the staff:—"I almost hesitate to touch a note of sadness or to say anything that might cast a shadow over the bright atmosphere. Still, I know that you would not want the evening to pass without honoring the name of our dearly loved companion, Mr. Fred Large, who was with us last year and who has since entered that larger family—the home on High. Though he is absent in body tonight, we cannot help but feel that his gentle spirit is with us, because we know

that the true tie and bond of friendship is made of such lasting material that neither time nor space nor even death itself can destroy it. And let me remind you that there is no better way you can keep his memory green and do honor to his name than by cultivating and imitating his purity of mind, his standard of service, and his practice of loyalty and courtesy, extending to all with whom he came in contact."

In honor of the memory of the late Mr. Large all present rose and stood in silence.

In the unavoidable absence of Mr. A. A. Pomeroy, who had promised to address the staff, Messrs. Zacher and McMillan, of the Peerless Ginger Ale Company, gave interesting talks on the manufacture of that popular beverage.

Mr. Noel DeBlois gave a brief address, thanking the staff personally for their co-operation. He referred laughingly to the staff Athletic Association formed last year, and to the creditable record they had made of only two games lost. He concluded with some remarks on the changeability of the markets.

Mr. Archibald Irwin, president of the local Rotary Club, delivered an inspiring address on Service. He explained the meaning of Service as it is now being accepted among business men and working men the world over—that it is a living force exempting duty in its highest and completest meaning and that its application in all occupations is bound to result in business success and in human happiness.

The entertainment owed much of its success to the efficient services of Miss Lillian Earle as pianist.

The following is the menu of the banquet which was served in the best style of Mr. and Mrs. H. Brown:
