

# "I place Palmolive first among soaps"

says Mme. Dahlstrand

foremost beauty specialist of Stockholm

"Time can do nothing to a skin that is safeguarded by Palmolive Soap and my special products. But remember that it must be Palmolive Soap, if you want to obtain these results. It cannot be done with just any kind of soap."

Mme. Dahlstrand, Sweden's most expert of beauty culture.

It is not remarkable that the lovely women of Sweden and of almost every other civilized nation find this one method of skin care best.

"My principle for home treatments," says Mme. Dahlstrand, "is first of all to keep the skin clean, the most vital condition for beauty, and Palmolive Soap is my valuable assistant in the service of beauty. This fine facial soap keeps the surface of the skin well protected. Use it with warm water, then rinse with cold water or ice to prevent sagging of the skin."

The great specialists all over the world agree on the efficiency of Palmolive Soap. Could there possibly be a more authentic recommendation than the approval of 23,723 professional experts?

They all realize that soap must cleanse without irritating; must refresh and beautify the skin without injuring its delicate texture. And Palmolive answers these needs perfectly. Its vegetable oils have been used by lovely women since the days of Cleopatra.

Palmolive owes its natural green color to palm and olive oils . . . to no other fats

whatever. It is a pure vegetable oil soap, safe for the most sensitive skin.

"Vegetable oils in soap," says Mme. Dahlstrand, "will help to improve your color and tone up your skin."

Take Mme. Dahlstrand's advice and begin this day to use Palmolive.

Made in Palmolive's Canadian factory, one of the finest soap factories in the world.

### IN MEMORIAM

#### MR. GEORGE H. CREAMER

The sudden death of George H. Creamer, 13 Harding Ave., Belmont, Mass., occurred Easter Sunday, April 5, at the Forest Hills Hospital after a brief illness of but eleven days. It came as a sad shock to many relatives and friends who did not know of his illness.

On the Wednesday previous an operation was performed for appendicitis, and all hoped for his speedy recovery, having always had in his favor fine health and strength and being only fifty-two years of age. All that the best of medical aid and careful attention could do proved unavailing, and he passed peacefully away fortified by the last Sacraments, and Rites of the Roman Catholic Church of which he was a constant and devoted member.

Born at Tryon, P. E. Island, Mr. Creamer came to Boston when only a boy desirous of learning thoroughly the carpenter trade of which he became a successful and skilful mechanic. He joined the Carpenter's Union, Local No. 33, at the age of twenty-two, and at his death received the reputation of being the youngest man in the Union eligible for the pension which he could not receive until the age of sixty-five. Always honest and upright in his business dealings, he gained the respect and admiration of all who knew

him. He leaves a sorrowing wife, Mary T. McKinnon Creamer, formerly of Monticello, P. E. Island, who, with one daughter, Miss Odellia Creamer, and four sons, Trenton, Orrin, Elmer and John are left to mourn the loss of one who loved them dearly. He also leaves three sisters and four brothers.

The funeral, which was well attended, took place Wednesday, April 8, from his late residence to St. Luke's Church where a Solemn High Mass was sung by Rev. C. Engewald, assisted by Rev. T. L. Murray, and Rev. C. K. Desmond, after which the remains were borne to St. Patrick's Cemetery, Lowell, Mass., and all that was mortal of a kind and loving husband and father was laid to rest. The pall bearers were: Messrs. Ambrose Creamer, Charles Campbell, Frank Kelley, Joseph Malone, Ernest Campbell and Frank Nelson.

Besides many letters and cards of sympathy which showed the esteem in which the deceased was held there were the following:

Floral Tributes—Pillow—Father, the Family; Pillow—Brother—Mrs. Frank Nelson, Mrs. Leo Ward, Lowell, Mass.; Cross of Lilies—Mr. Russell Creamer, Colebrook, N. H.; Sprays—Employees of S. H. #### Murray Harbor North

The persistent and constant use of the spill-log drag has given our shore road a hard surface that is almost as good for motorists as a paved road. A rain on Sabbath made slippery times for the people going to and returning from the Church services, but the beginning of the week restored normal conditions.

Several week-end visitors were in our vicinity. Preston McClure from Murray Harbor with his parents, Mr. and Mrs. George T. McClure and Eileen McClure from Montague at the same place. Mrs. Diamond from Charlottetown with her aunt Mrs. Thomas A. Millar, Mr. Charles Jordan of Murray Harbor at Mr. G. McClure's and several others.

Mrs. Gillis of Eldon spent a few days last week at the home of her parents, Mr. and Mrs. David Reid, also enjoying a day at the Pond fishing for trout. Poor returns.

Mr. William Cordon of Charlottetown spent Sunday at his home here. He reports good business in the woolen mill and good season's business are expected.

We are reminded of Samson and the foxes of the Philistines when we hear reports of one farmer catching a stray one alive a couple of weeks ago. Although it was advertised in the Guardian there are no claimants here yet. This is a poor place for stray foxes to come.

Mrs. Isabel Clow has returned home from Murray Harbor where the sad death and funeral of her daughter Mrs. Jackson took place last week. She brought the infant with her and will take charge of it for some time. The sympathy of the whole community is with the bereaved persons.

The lobster factories along the shore have attracted the majority of our people of all ages and the few that are home have begun working on the land and housecleaning in the house.

Mrs. Ben Richards and Mr. Samuel Llewellyn are still very low and no hope for their ultimate recovery is held out.

Mrs. Edward Henderson is recovering slowly from the effects of her accident. Mrs. James Graham spent Thursday of last week with her.

Mr. Compton and son, James Belle River came up to Mr. Benjamin Miller's on Saturday evening by train and on Monday Mrs. Compton returned home with them after a prolonged stay in our midst. We are glad to report all of them in good health.

Mother's Day will be observed in the Presbyterian Church here at the morning service 10:30 A. M. on Sabbath May 10th with the use of the following programme:

Invocation—Pastor. Scripture Sentences—Call to worship. Singing Praise Selection No. 160. Prayer—As given on the sheet. Praise selection No. 797—O happy Home. Scripture Reading Proverbs XXXI 10-31. Quartet selection—My Mother's Prayer. Prayer—as given on the sheet. Praise selection No. 738. Offering. Selection by Mother's Choir. Address—Noble Mother's of the Bible. Praise selection—No. 708. Benediction.

A cordial invitation is extended to all and a similar service will be held in the Peters Road Church on the same day combining with the service of the Sabbath School and commencing at 2:30 P. M.

### Manning Bowman ELECTRIC TABLEWARE

At the breakfast table, each Manning-Bowman electric appliance, shining in its jacket of silver sheen, determines to a nicety the perfection of each breakfast delicacy. One dictates the exact shade of brown for the toast, another the strength of the coffee, a third the rich gold of the waffle—a noiseless harmony that starts the day right.

Things of beauty, every one, the Northern Electric Manning-Bowman appliances meet with efficiency every table requirement. The percolator spouts twelve seconds after you snap the switch. Its heating element, applied directly to a thimble-full of water, starts working instantly.

There are Northern Electric Manning-Bowman table appliances in varied designs, all with their silver-white chromium plate finish which never rusts nor stains, is harder to scratch than steel and needs no polishing. All carry the Northern Electric "Approved Appliance" SEAL—your guarantee of perfection.

### FRIGIDAIRE ELECTRICAL REFRIGERATORS and ENTERPRISE ELECTRIC RANGES

This Demonstration will be continued

### FRIDAY AND SATURDAY, MAY 8th AND 9th

From the standpoint of actual sales this Demonstration has been a big success. The glistening white Porcelain-on-steel FRIGIDAIRE with so many features of advanced refrigeration coupled with the fact that it is by far the fastest freezing refrigerator and the silent operation simply captivated the hearts of those attending the Demonstration. From the remarks overheard there is no question but that FRIGIDAIRE is the Leader of its field.

The New ENTERPRISE Electric Ranges received big attention and one could not but admit that for handsome appearance, sturdy construction and convenient features—the ENTERPRISE is in the front row of Electric Ranges. It was a surprise to many that such a modern, beautiful Range could be built right in the Maritimes by our own Maritime people and the consensus of opinion was that they should and would use an ENTERPRISE, and why not. If you'll go over the ENTERPRISE—compare it point by point with any other you cannot possibly fail to see its superiority. If you haven't seen FRIGIDAIRE and ENTERPRISE, then you should come today.

Terms if you wish. \$10.00 down. 18 months for Balance.
