ST. JOHN'S CHURCH.—The annual meeting of St. John's church, Mill-wood P.E.I., was held in the above church, on Jan. 15th, when a few more were present than on the last similar occasion. The Rev. Mr. McLaughlin, opened the meeting by reading the choir and minutes of the last annual meeting were read, approved and adopted. Members present then proceeded to elect officers for 1917, as follows: Rector's Wardman—George Bolt, People's Warden—Edmund Coles. Vestrymen—Messrs. J. Hooper (treasurer), P. Hooper (secretary), Mos. Foster, Herb. Coles, Arthur Curtis, George W. Hooper, delegate to Synod and the D.C.S., Mr. C. Hooper; and as Substitute, Mr. E. Coles. Some general business was then discussed. WEDDING GBELLS.—A very quiet but happy event took place Jan. 17th at the home of Mr. and Mrs. Christopher Jardine when their youngest daughter Caroline was united by the bonds of holy matrimony to John S. Livingstone son of Mr. and Mrs. Samuel Livingstone of Murray Harbour. The ceremony was performed by the Rev. M. D. McLeod, Caledonia, in the presence of a few of their most intimate friends and relations. The bride was becomingly attired in a gown of blue trimmed with crepe de chene. She was attended by the groom's sister Miss Myra Livingstone who wore a becoming dress of blue. The groom was ably supported by the bride's brother John Jardine. After the ceremony all sat down to a bounteous supper which was in waiting in Mrs. Jardine's noted style. The evening was most enjoyably spent in music, singing and games. The bride and groom received some lovely presents also a purse of money. They left Friday on a two weeks honeymoon to New Glasgow and other Eastern towns. On return they will live in Murray Harbour where the groom is employed as fireman on the P. E. I. Railway. Their many friends join in wishing them a happy and prosperous journey through life.

The pupils played their part excellently and it was quite evident that good progress had been made. A program of recitations, dialogues and songs were afterwards rendered by the pupils in excellent style. A pleasing feature was the Christmas tree laden with gifts for teacher and pupils. After dismantling the tree and distributing abundance of nuts and candy, some complimentary remarks by several present who were well pleased at the work done were made and they presented the teacher with a neat sum of money as a small token of their appreciation for which she thanked them in her pleasing manner. A very enjoyable afternoon was brought to a close by singing the National Anthem.

PRINCE EDWARD THEATRE.—Once in a great while comes a photograph that reaches all hearts. A photograph that makes a never-to-be forgotten impression. One that is long remembered and by its prestige becomes a tradition of the silent drama. Such an achievement is the new Pallas-Paramount production shown last night at this theatre. Dustin Farnum, the Pallas Pictures star, portrays the parson in "THE PARSON OF PANAMINT," the young lion-hearted shepherd of a strange appearing flock, the friend of the friendless, the broken-hearted, the rough miner and the sordid derelict. To the ones to whom life has been short, of its petty annoyances and amenities, comes this "Secret of the Secret of the Submarine." The chapter is a galaxy of thrills and shows an earthquake wrecked restaurant, a thrilling fight for the books and a sensational train-wreck. A very jolly comedy complements the splendid programme, which will be repeated at today's shows. Local theatre goers will be interested to learn that February 5th and 6th have been fixed upon as the dates for the appearance here of the mammoth attraction, "The Birth of a Nation," in Charlottetown. There are twenty reels of this production and a symphony orchestra of twenty persons. The company producing bring their own stage settings, operators and machines.

Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or impaired hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. All Druggists, 75c.

This Bush Yields only 2 1/2 ozs. yearly

A VERY small yield considering the size of the bush. It takes about 6 1/2 bushes to yield a pound of ordinary tea—and about 10 bushes to yield a pound of Red Rose Tea, as only the tender shoots and buds are used to produce the distinctive flavor and richness which characterize this high-grade tea.

In sealed packages only. Try it.

If Belgium Were "Next-Door" To Canada

- if the heavily-charged electric wires, that pen the people into a workless and almost foodless land, ran along our frontier
- if instead of reading of Belgian sufferings we heard the pitiful tales from the lips of escaped victims
- if we could see the long and hungry bread-lines of people as intelligent and once as prosperous and comfortable as ourselves
- if we could watch the thousands of emaciated children who are fed at the schools by the Belgian Relief Commission
- if what they are enduring, and their desperate need, were clear and vivid to us, instead of unreal and overseas
- then the great hearts of Canadians would be moved, and there would be no trouble in raising several times our present contributions to the Belgian Relief Fund.

Can we bring the urgent need of the hungry Belgian mothers and children home to YOU? Can we enlist YOUR active sympathy for those whose very lives depend on the prompt and continued help of people like yourself?
