

# PILES DISAPPEAR WHEN TREATED FROM INSIDE

## COMBINATION TREATMENT WITH INTERNAL TABLETS QUICKLY CONQUERS SEVEREST CASES

Thousands of Former Sufferers Who Had Abandoned All Hope of Relief Have Been Freed at Last by This Original, Scientific Method

Piles, which authorities state is one of the most prevalent afflictions of the human race, is no longer regarded as a serious trouble. Unfortunate and painful they are, sparing neither old nor young, man, woman nor child; but easily and pleasantly banished by a new scientific treatment.

To this good news is added the information that the new method has been thoroughly tested and proved before such announcement could be published. In thousands of cases where victims have suffered for years and frankly given up all hope of relief, this marvelously simple method has freed them so quickly of piles that they were positively amazed.

"We are so thoroughly convinced of the merits of our treatment," says the E. R. Page Company, of Marshall, Michigan, the originator of this method, "that we do not hesitate to let those suffering with the most aggravated cases try our treatment without risk or expense to themselves. In fact, we have purposely sought and found such cases as were most painful and of long standing—such as had been afflicted well over thirty years—and persuaded them to try our method. From every nook and corner of the country, reports reach us daily telling of the relief brought."

"This is what has encouraged us to carry on the work—the knowledge that we were giving the world something that would ease the pain and suffering, the ill health and unhappiness, of so many thousands of pile victims."

### Real Trouble Well Concealed

The Page Internal Tablet Combination Treatment, as this new method is called, quickly strikes at the root of the evil which is inside. The real cause of piles, or hemorrhoids as they are scientifically termed, must be eradicated before the slightest hope of permanent relief can even be entertained. That terrible burning, that miserable smarting, that unbearable itching and, in some cases, alarming loss of blood is obviously not the cause but merely an effect of the condition which so tortures itself.

Then, logically, the means which must be taken to drive piles away should include a treatment that attacks the cause. What is the cause? It is the irritation and aggravation which makes the pain and discomfort. This the Page Treatment actually does, for it is a combination idea which heals the condition as it relieves the suffering.

### A Welcome Announcement

Thousands of men, whose efficiency in the business and professional world, has been seriously impaired because of the constant discomfort of piles, will welcome news that such a method as the Page Treatment is at last obtainable. Thousands of women, whose daily duties keep them constantly active and therefore in constant pain, will hail the Page Treatment with unalloyed joy. If these sufferers will avail themselves of this wonderful discovery, it is reasonable to assume that the percentage of pile victims in this country will shortly become so greatly diminished as to be almost unworthy of mention in medical reports.

### Despaired of Being Helped—Treatment Did the Work

L. H. Wallace, of 707 West Chestnut St., Louisville, Ky., relates his experience in the following brief letter of praise. He says: "Some time ago I was bothered with piles so badly that I despaired of ever being helped. About that time, however, I saw your advertisement in some paper and sent for a trial treatment. It helped so much that I got a full treatment and I can say that I have not been bothered with piles since. That was more than a year ago."

### Woman Freed of Long Agony by Unique New Method

After suffering untold pain and constant discomfort for 14 years, Mrs. Joe W. Kelly, of Asheville, N. C., tells how she was freed of piles by the Page Combination Treatment. In her letter she says: "I am glad to say that your little treatment has entirely rid me of this terrible disease. Now I cannot tell you how thankful I am for this wonderful relief, and I will tell everyone whom I know to be a sufferer about this wonderful treatment."

### Well After 32 Years

After 32 years, A. L. Galdston of Cambridge Springs, Pa., is rid of piles and is perfectly well of his pile trouble from which I have been suffering for the past 32 years. I can say so far that all the discoveries of this century do not compare with this great discovery to free the many thousands of people suffering the torture of piles."

## PILE TREATMENT WINS FAVORABLE VERDICT ON TRIAL

Testimony of Former Sufferers Conclusively Proves Merit of New Method

That a new discovery, based on established scientific principles, is ending pile suffering for thousands of men and women, is revealed by the tremendous volume of grateful letters received by the distributors of this treatment from people who have tried it. The big problem which has long and obstinately served in its efforts to end this distressing and almost universal complaint was that of permanent relief. A number of sufferers, it was generally known, had formerly been able to obtain temporary relief only to find the trouble returning with increased discomfort at frequent intervals. The question to answer was, therefore, how to rid sufferers of the real cause of piles—to strike at the source of the trouble at the same time that relief was being afforded.

### Trouble Deeply Rooted

Indication was not lacking as to the origin of piles. It was an accepted fact that the local discomfort was merely a manifestation of other trouble, the deeply rooted cause. Once its origin is reached and effectively combated, it is but reasonable to assume that the piles themselves will leave forever.

This was the theory of the originators of the new discovery which is known as the Page Internal Tablet Combination Treatment. Abundant proof of its accuracy is furnished by the voluntary letters of former sufferers who testify to its merits.

### Two Typical Cases

As an example of how quickly the Page Internal Tablet Combination Treatment ends suffering, in an exciting case, a letter from M. S. M., a dealer of Kansas City, Mo., follows. She writes: "One week ago yesterday I was in bed, helpless. Today I have cleaned my home, cared for my children, and feel fine. I feel sure I would have been dead if relief had not come when it did. Now I do not know I ever had piles."

"I had suffered for five years with itching, bleeding and protruding piles," writes Mrs. Adeline Hovsley of LaPorte, Ind. About a year ago, when I felt I could not stand the pain from them, I sent for the Page Treatment. Today I am not bothered any more. Although I only used about half of the treatment, the trouble has disappeared."

"The idea of this company is to keep our advertising down to the very minimum that will give our product sufficient publicity. We prefer to give our patrons the benefits of this expenditure. Therefore, we agree to send every person afflicted with piles a trial package of our new Page Internal Tablet Combination Treatment. This package costs the sufferer nothing. But we feel that the money used to introduce our product is well spent—that it proves our good faith with sufferers in not asking them to spend one cent until they have demonstrated the merits of the Page method to their own complete satisfaction."

Huge Sum Used to Demonstrate Merit of This New Scientific Combination Method

A special departure from the usual commercial custom of business concerns has been inaugurated by the E. R. Page Co., of Marshall, Michigan. This company has perfected a new scientific treatment for piles, the success of which has been instantaneous, as letters received from thousands of former sufferers confirm.

At a recent meeting of the directors, a policy was adopted that would place this remarkable treatment in the hands of pile victims everywhere without the slightest risk or expense. In a formal statement issued by the company, when this measure was voted upon and passed, may be seen the reason for this unusual move.

### A Novel Policy

"Many concerns," the statement reads, "spend thousands of dollars annually to advertise their products to the public. For the most part, these products must be bought and paid for on faith. If the purchaser is dissatisfied, it is often optional with the seller as to whether he will give the customer the satisfaction to which he is entitled."

Science—that it proves our good faith with sufferers in not asking them to spend one cent until they have demonstrated the merits of the Page method to their own complete satisfaction."

Merit Justifies Plan The Page Treatment is based on purely scientific facts that are common knowledge in professional circles. These facts prove that piles in themselves are not a cause but an effect—the natural indication of other trouble inside.

Science has also determined what the real cause is, and this new method, employing internal tablets in combination with a bowel regulator and a soothing ointment for external application, has clearly demonstrated its ability to remove the real cause of piles. Once this is accomplished, it is only natural that the piles themselves will disappear.

## PAGE TREATMENT PROVES THE WISDOM OF ATTACKING THE SOURCE OF AILMENT

"Strike at Cause of Trouble," Says Man Who Spent Years Perfecting Treatment Which Rids Humanity of Suffering and Ill Health

The original method of pile treatment, adopted by the E. R. Page Company, proves conclusively the sound reasoning of those who discovered it. Thousands of sufferers throughout the nation have learned by painful experience that to actually heal piles so they leave forever, the condition or physical disorder, which causes the tumors, must be corrected. Piles constitute an organic condition, and because of this the logical treatment of piles is through the internal method; by a system that affects the entire body.

## ORIGINATOR OF METHOD TELLS HOW IT HEALS

Combination Treatment Starts Vigorous Attack on Conditions That Cause Piles

A pile treatment, if it is to effectively combat that condition and end suffering forever, must be planned to strike at and remove the cause itself. This is the conviction of officials of the E. R. Page Company, who have originated a combination treatment, which results have proven to be a very effective and thorough one.

"We contend," said one of these officials, "that piles are manifestations—the symptoms, you might say—of a disordered physical condition. If we are to successfully end pile suffering, it is necessary that we go further than merely to stop the pain only temporarily. We must combat the disorder which causes piles and, while we are seeking that light internally, we must stop the pain and suffering by external means. This has been done. It is on this basis that the combination treatment is founded, and it is by this means that the combination treatment is made up of three parts. There is a tablet that helps the bowels to function properly. Poisons are eliminated by this means. Then in addition, there are the pile tablets which, when taken internally, tend to correct the condition which is responsible for the piles. And lastly there is the soothing, cooling, relieving ointment which, when applied to the piles, seems to make pain vanish almost instantly.

"When it is considered that our treatment fights piles so thoroughly, both internally and externally, it is no wonder that thousands of men and women who have been pile sufferers for years are finally healed by this method. Because it is so thorough in its work and so efficiently cleanses the body of those things that cause piles, the piles leave and the suffering is stopped. We are sure we have a wonderful treatment as hundreds and hundreds of people credit us with having healed their piles forever."

### Protruding Piles Quickly Yield to New Treatment

Enthusiasm for the benefits he derived from the treatment induced Curtis C. Oliver, of Forest City, Pa., to send a joyous letter of praise to the E. R. Page Co., Marshall, Michigan. His missive reads: "Your treatment accomplished wonders for me. I suffered with protruding piles for 25 years and one of your small treatments was all that I needed to make me well."

The treatment being discussed was the Page Internal Tablet Combination Pile Treatment, which has so successfully rid thousands of pile suffering and agony. It consists of three medicines. There is a tablet which, when taken according to the directions, helps the body eliminate its poisons and prepares the system for the fight which is to do away with the piles and end the suffering. In addition to this tablet, there is, second, a pleasant tasting tablet which was originated by the Page Company chemists to wage its war against the disorder which results in the formation of piles.

To end the suffering and intense pain, while the two tablets are doing their work, a soothing, cooling, pleasant ointment has been included. This, when applied, seems to stop the pain at once. It has been prepared in such a way that everything obnoxious and unpleasant to its application is avoided and it can be applied with the greatest ease.

To the sufferer's surprise and delight, this system usually not only ends discomfort practically at once, but corrects those physical disorders which are at the base of the trouble.

### Piles Are Symptoms

Authorities know that piles themselves are but symptoms or indications of a physical disorder that must be corrected—if the piles are to leave forever.

The people responsible for the E. R. Page Internal Tablet Combination Treatment for piles recognized this fact many years ago. They sought a type of treatment which would heal internally. They have been exceedingly successful, as thousands of people who have been rid of piles by this method will testify.

The E. R. Page Company, each day, is swamped with letters from all parts of North America; these letters are from former pile sufferers who thank them for the complete relief from suffering but express sincere, heartfelt thanks for permanent freedom. There are, more than 63,000 of these letters in the files of the company today.

### This Method Successful

The success of this internal treatment can be attributed to its being founded upon medical facts. There is no guesswork about it, as the fact that it accomplishes all that is claimed for it clearly demonstrates. The method has been worked out with great care and study—each part of the treatment has a specific thing to accomplish.

The bowel regulator—just a small tablet—puts the system in good order, so that it can readily combat the various diseases which result in the intense suffering and discomfort. The pleasant tasting and very originated to correct the condition which is responsible for the piles themselves. That it does its work well is attested to by the thousands of letters received from people who have been rid of piles by this method.

### Carefully Planned

To relieve the pain and suffering while the internal tablets are doing their part, a pleasing ointment has been created. This ointment is packed so that all the obnoxious, objectionable features of application are avoided. It stops the pain almost at once. People who credit the Page Treatment with having healed them forever call it "the magical ointment."

The combination treatment leaves nothing undone. It strikes directly at the root of the condition which causes piles and at the same time, gives immediate relief from suffering. It goes even further, for thousands will testify that it healed their piles for all time. It stops pain and suffering almost at once and even after the suffering ends—the internal tablets are working their war against the things that caused the piles. When that war is won and ended—the piles will leave forever.
