CONFERENCE OF BORDER STATES

(Special to The Guardian.)
RIGA, Monday, Dec. 26.—As the result of conferences held here it has been decided to hold a meeting at Helsingfors the first week in January at which all the Baltic states will be represented for the purpose of expediting the formation of a league of the states bordering on Russia. The question of these states jointly making terms with the Bolsheviks will also be threshed out at this conference.

THIRD DEATH AT TORONTO FROM SLEEPING SICKNESS

TORONTO, Dec. 23.—Emily E. Ainsworth, aged 26, died this morning of sleeping sickness. This is the third death from the disease here.

CENTRAL GUARDIAN

IT PAYS to buy in this province.

CHURCH OF ENGLAND.—Divine service at Springfield on Sunday 28th at 11 a. m. and Craupud 7 p. m.

CAROL SERVICE.—The choir of St. Paul's Church will sing carols and anthems at the annual church service in St. Paul's Church on Sunday.

FUNERAL TODAY.—The funeral of the late Mr. H. W. Turner will leave his residence, 21 Villa Street, at 2.30 today. Interment: Queen's Cemetery.

CHRISTMAS ENTERTAINMENTS.—In the Baptist School room last evening and in Zion Church School-room delightful Christmas concerts and entertainments were held in which the children took part and afforded great pleasure to all present.

GIFTS TO P. E. ISLAND HOSPITAL.—The P. E. Island Hospital gratefully acknowledge the following Christmas donations:—DeBlois Brothers, fruit; Carvell Brothers, fruit for ward; W. H. Johnston, fruit; Mrs. Capt. Taylor, jam, pickles and candy; Mr. J. Lewis, sase; Mrs. Siddons, pudding and cake; Saunders & Nowles, candy; W. T. Wellner, candy; Dr. Warburton, holly; Mrs. Owen, candy; Mr. Wright, candy for nurses; Mrs. Waller, candy for nurses.

A HANDSOME PICTURE.—The Guardian is indebted to the W. K. Rogers Co., Ltd., Insurance Brokers and Ticket Agents, for a handsome and realistic picture of the Ocean Limited, passing through the Matapedia Valley. The Ocean Limited, Montreal to St. John and Halifax is the first train owned by the Canadian Government Railways while the Matapedia Valley is one of the finest bits of scenery in the world. The picture, handsomely framed, is worthy of a great subject portrayed so artistically and gives an idea of the pleasure available on such a train and through such magnificent scenery.

A THOUGHTFUL ACT.—Mr. C. J. Gallagher manager of the Prince Edward and Strand Theatres was very kindly remembered by the members of the staff of both theatres on Christmas Day, when at the close of the regular afternoon show they waited upon him at the Prince Edward Theatre and presented him with a valuable cabinet of silver. Mr. C. J. Mitchell made a few appropriate introductory remarks and the formal presentation of the splendid gift was then made by Miss Helen Binns, cashier of the Strand. Mr. Gallagher needless to say was very grateful for this tangible token of the good feeling existing between himself and his employees and in fitting words expressed his appreciation. Remarks were also made by Mr. Howard Dingwell and Mr. W. J. Whitlock who have long been associated with the theatres in this city.

ROTARY CLUB.—The Rotarians had a Christmas gift "stunt" at their luncheon in the Rose and Grey yesterday when members exchanged gifts more or less appropriate. Past-president Vanbuskirk occupied the chair and the visitors included Mr. Keefer, New York, Mr. William Robertson, Montreal, and Mr. D. Edgar Shaw, Mr. Shaw contributed an excellent reading, and piano solos were contributed by Miss Katie Stanley, who presided at the piano in the absence of Miss Lillian Earle through indisposition. Rotarian Burnett brought up the matter of inviting the Empire Press Union to the province in July, and on the suggestion of Rotarian W. K. Rogers and President Grant, a committee of twelve volunteered to take the necessary action, while the whole of those present pledged themselves to get behind the movement. The large and representative meeting which was held in the Board of Trade Rooms later was the outcome of this decision.

BOWLERS MEET.—The bowling fans of this city received a treat last night at the Charlottetown Bowling Alley when the Carvell bunch defeated the railway team in two games out of three finishing up with a lead of 116 points in all. The Carvell boys having previously won many games against different opponents played with the intention of coming out on top, which they did with flying colors. Of late much interest has developed in this sport or as one of the players put it "there's nothing like it" and the games are eagerly looked forward to by many. The following is a list of the players of last night giving both the individual and team scores.

ISLANDER ASSAULTED.—John McKinnon, a native of P. E. Island while on his way home from Fort William, took up quarters in a hotel in St. John, N. B., where he claims he was assaulted and robbed. A man named George White is under arrest. In the preliminary hearing in the case White was charged with stealing a fountain pen, valued at \$2.50, also two baggage cheques, from Gordon McLaren, and with assaulting John McKinnon with intent to rob. McKinnon testified he came in from Fort William on his way home to Prince Edward Island, on Sunday afternoon, and took a room at the Hamilton Hotel. There were three beds in the room. After witness went to bed he heard two others come in and prepare for bed. The defendant was the last of the two, and he asked witness if he had anything to drink. Defendant then went away from the bed, and witness was nearly asleep when, shortly after, he received a blow over the head. He jumped out of bed and saw the defendant standing by the bed with a big cylinder flashlight in his hand. Witness rushed down

stairs, and the police were called. The wound on his, McKinnon's head was washed and he was later taken to the hospital to have his wound dressed. Witness said he had \$65 in his possession when he was assaulted in the hotel. The case was adjourned after other evidence had been taken.

Mr. and Mrs. George Keefer of New York are spending Christmas with Mrs. Keefer's sister Mrs. Gordon Hughes of this city. Mrs. Keefer is a native of Nova Scotia and is the Fashion Editor of the New York Tribune. Mr. Keefer is Secretary of the Mutual Life Insurance Company of New York.

Deputy Finance Minister Will Shortly Retire

(Special to The Guardian.)
OTTAWA, Dec. 26.—T. C. Boville, C. M. G., who for many years has been Deputy Finance Minister, is leaving shortly to take a leave of absence. It is understood that when it is completed, Mr. Boville will resign his position and accept superannuation. He is one of the oldest and most competent officers of the department.

U.S. Loan for Austria

LONDON, Dec. 26.—Information has reached Vienna from New York that the United States has decided to grant a loan of \$70,000,000 to Austria in monthly instalments of \$9,600,000.

EXPECTATIONS FOR A DECLINE IN FOOD PRICES

WASHINGTON, Dec. 24.—Expectation of a decline in retail food prices beginning January 1 and March 1, was expressed tonight by Attorney-General Palmer in a statement summing up the efforts of the government to date in putting down the cost of living.

"The cost of living already under control," said the attorney-general, "can be reduced if every one who produces will produce his utmost, if those who buy and consume will save and eliminate extravagance and if all honest people will join with the department of justice in stamping out profiteering and hoarding."

Explaining that a downward trend in retail food prices ordinarily was shown during the first two months of the year, Mr. Palmer said it was the hope of the government, "that this trend will be accelerated this year by the campaign initiated by the government which is just now getting under way."

Although statistics compiled annually by the government show that in previous years retail food prices increased during the fall months, Mr. Palmer said that since August this year prices had been maintained practically stationary.

Only since October 22, when necessary amendments to the Lever Food Control Act were passed, the attorney-general's statement said, has it been possible to deal effectively with all the causes of profiteering and hoarding. From October 22 to date, 179 prosecutions have been instituted and prosecutions and seizures have covered eighteen states, it was added.

Due to co-operation between the government and various retail merchants' associations, the statement said, prevailing profits of clothing had been reduced from five to fifty per cent.

BATTLED WITH FIRE ON LINER AT SEA

HALIFAX, Dec. 19.—After a four day battle with a fire in Number One hold, the Leyland Line steamer Lancastrian, Captain Wood, D. S. O., arrived in port late yesterday afternoon and anchored at Quarantine. The hold was flooded yesterday morning, as it was feared that an explosion of some chemicals, which formed part of the cargo, would occur. In addition to fighting the fire, the crew had to run their ship through heavy weather, and too much credit cannot be given Captain Wood, his officers and crew for bringing the ship safely to harbor.

The Lancastrian, which is on the New York-Antwerp service sailed from the latter port on December 2nd for America. Like other ships she encountered heavy weather all the way. On Sunday morning as she was approaching the coast of Newfoundland, fire was discovered in Number One hold. The ship was a general cargo, and in this hold were stored oils, rags and chemicals.

Immediately on discovering the fire Captain Wood and crew commenced their fight. Steam pipes were put into the hold, and until yesterday morning they worked to save some of the cargo in the hold, especially the chemicals. During the entire fight there was danger of an explosion, but undaunted the crew went ahead. Yesterday morning, when off this coast, Captain Wood, decided to flood the hold, and this was done, only after every other device had been used to control the fire.

All the time the fire was raging in the hold the steamer was encountering heavy weather, including head gales, and in addition to keeping their ship to the wind the crew had to endeavor to check the fire. They worked day and night and their fight ended only when the ship anchored at Quarantine yesterday afternoon. This morning she will be docked, and the water pumped out.

Captain Wood, who commands the Lancastrian is well known here. Early in the war he was in command of the Etionian and during 1916 carried horses from this port. He was decorated with the D. S. O., and also highly complimented for being the highest horse carrier, his percentage of loss being lower than other ships. He was on the Philadelphia and the Cambrian, when those ships were torpedoed.

PEACE DATE STILL IN THE FUTURE

(Special to The Guardian.)
PARIS, Dec. 26.—The final date of the repeatedly postponed exchange of ratifications of the treaty of Versailles now depends upon the speed with which the allied missions in Germany can verify the German figures on available floating dock tonnage demanded by the Allies as compensation for the sinking of the German warships at Scapa Flow. The associated press was informed to this effect today, at the headquarters of the German Peace delegation. Baron Von Lersner, head of the German representatives said he thought this would take at least a fortnight if not longer in view of the difficulties of transportation in Germany and the detail involved in verifying the figures.

Conferences Will Open Next Week

PARIS, Dec. 26.—Conferences will begin here early next week between Allied and German delegates on measures preparatory to putting the Peace Treaty into effect it was announced today. The sessions will be held under the presidency of Gen. Lersner, a member of the French delegation.

Marseilles Ry. Station Destroyed by Fire

(Special to The Guardian.)
LONDON, Dec. 26.—The railway station at Marseilles, France, has been destroyed by fire, according to a despatch received here.

SENSATIONAL TESTIMONY IN RUSSELL CASE

WINNIPEG, Dec. 16.—Sensational evidence in the effect of the strikers had asked all returned men strike sympathizers, to bring their Mills bombs and other war souvenirs for use in the strike was given by Sgt. W. H. McLaughlin, crown witness at the trial of R. B. Russell today. He declared that a statement to this effect was made by a man named Henderson at a meeting in the Labor Temple June 23.

This witness quoted remarks made by W. A. Pritchard, one of the accused, at a meeting in Victoria Park on June 15, to the effect that the strike had grown beyond all scope of the Winnipeg authorities, and was an organization movement of the entire West. Pritchard, the witness said, stated that when the authorities were advocating force to quell the strike they should remember that "they that live by the sword shall perish by the sword."

Defense to Open.

J. E. Bird will deliver the preliminary address to the jury for the defence, it was stated authoritatively today, and will deal with the following points:—Explaining the attitude of the defence against the evidence given by the crown. The evidence in Russell's behalf will set forth a general story of the Trades Union movement in Canada, and the spread of socialism, and the fact that the limitation of the Trades Union movement standing alone and unassisted by a political Labor Party would make them powerless to bring about the betterment of the conditions of the laboring classes.

Defence Collective Bargaining.

As a definition of collective bargaining the defence will give the following:—"The right of any individual to belong to a labor union, if he so desires, and the right of all such unions in a given industry to form themselves into a council to conduct negotiations through their council."

MOULDERS AT SYDNEY ARE TO RESUME WORK

SYDNEY, Dec. 24.—The dispute between the Sydney moulders and the Dominion Iron & Steel Company has been ended and an agreement quite satisfactory to both sides arrived at. There have been various conferences from time to time and the last one held this afternoon resulted in a thorough discussion of all matters which were features of the recent crisis, and the men and the company came to a thoroughly amicable agreement and both parties united in the pleasurable statement that their differences are now at an end and operations will be resumed at full pressure tomorrow (Thursday) morning.

Farmers and Merchants

(Continued from Page One.)

ultural products would receive and he was safe in saying that the agricultural community from East Point to Tignish would be behind the government in sending the invitation to get these Imperial newspaper men to Prince Edward Island.

Mr. R. E. Murch spoke on behalf of the Board of Trade and strongly supported the proposed invitation. He quoted figures to show the advantage it would be to the farmers of Prince Edward Island to get a direct market for their eggs and other produce in Great Britain instead of sending them via Montreal as at present. The Board of Trade was strongly behind the movement to get the Empire Press Union here and he hoped the government would see its way clear to reconsider its decision.

Mr. S. A. McDonald on behalf of the Retail Merchants endorsed what the other speakers had said and stated that the Retail Merchants would be unanimously behind the government in sending an invitation although they would benefit nothing directly from the presence of the distinguished visitors.

Mr. J. A. Webster spoke in behalf of the Prince Edward Island Motor League and stated that they had agreed to place their cars at the disposal of the visitors and in addition to sending the owner with them to provide some one in each car who would be able to point out the beauties of the country and its capabilities to supply the British market with agricultural products.

Mr. W. S. Grant said the Rotary Club had got behind this proposal as they considered it was in the best interests of the province. He agreed with Mr. Sinclair that it would be a calamity if Prince Edward Island were only to mean the loss of the advertisement we would obtain but it would mean, so far as the visitors were concerned that Prince Edward Island had practically no existence in the Dominion of Canada. It would be an easy matter to raise the money from private individuals but the reputation of the province was at stake and they felt it was the duty of the government to issue the invitation and provide the ways and means.

Mr. W. K. Rogers, who had taken the initiative in calling this representative meeting, supported all the previous speakers and stated that he considered the best plan of showing the visitors the most of the Island and its agricultural possibilities within the day at their disposal. The visitors would probably travel by special train all night from St. John and arrive at Borden about 8 or 9 a. m. The cars of the Motor League would meet them and drive them through part of Prince County to Summerside via Tryon and Bedouque, visiting farms etc., en route and lunching in Summerside. They would then come to Charlottetown by way of the North Shore and be taken to visit the chief agricultural centres, the Experimental Farm, and drive them through part of the county to Summerside via Tryon and Bedouque, visiting farms etc., en route and lunching in Summerside. They would then come to Charlottetown by way of the North Shore and be taken to visit the chief agricultural centres, the Experimental Farm, and drive them through part of the county to Summerside via Tryon and Bedouque, visiting farms etc., en route and lunching in Summerside.
