

# PANDORA RANGE

### Interchangeable Sections are a Handy Feature

The sections of the top of the Pandora are interchangeable. For instance, you can change the boiler from crosswise to lengthwise (see illustration) by merely switching around the sections, which can be done in less than a minute.

The many advantages of these interchangeable lids will suggest themselves so readily to the home cook that it is not necessary to enumerate them here.

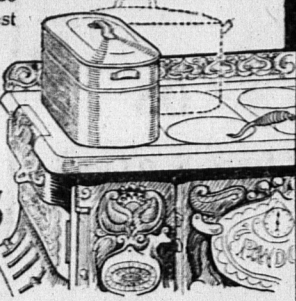

Pandora lids are made extra heavy—practically non-crackable and unbreakable.

## THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 105,000. The Guardian's daily circulation is therefore 1 to 13 of population in the city 1 to 13 of the population of the Province, 1 to 13 of the population of the Province. This, the management believes, is unequalled by any daily newspaper published in Canada.

St. John has a population of 40,000 and the Province of New Brunswick 330,000. St. John has five newspapers and among these The Telegraph and the Sun are perhaps the foremost. Each claims a circulation of about 8,000, or say as 1 to 5 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,250,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 30,000. That is as 1 to 5 of the population of Toronto and 1 to 4 of the population of Ontario.

The point is this: The Guardian covers the field of its circulation three and a half times as well, if compared with population in the city and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons like. They have a right to know how completely their favorite Journal's endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this Great Province in Canada.
