"TOMMY" THOMPSON SOLD TO SACRAMENTO A wire has been received from president Leo Solman from New York conveying the information that the Toronto club had sold pitcher Harry (Tommy) Thompson to the Sacramento club of the Pacific Coast League. Thompson is a left hand twirler who has been with the Toronto club for a number of years with the exception of one season, when he was with the Baltimore club. He gave promise of being one of the most useful utility men in the game, as he was a fine fielder and a good hitter as well as a clever pitcher. His pitching arm has been causing him trouble for some time and has affected his usefulness to a great extent.

Plan To Fight Big Movie Producers

CHICAGO, Dec. 15 — A group of owners of small town theatres from all parts of the country and a few large owners, in session here since Monday, have organized as the Theatre Owners' Distributing Corporation, with a proposed capital of \$5,000,000, to compete with the big producers who are attempting to centralize the industry.

"They have been trustifying the industry," said M. J. O'Toole, committee chairman, "but they failed to reckon with the fact that 90 percent of the movie theatres are in small towns. They thought they had it all sewed up. They released artists like Wanda Hawley and Mary Miles Minter and hampered Rodolphe Valentino with a court injunction. They spend \$300,000 on a big production and then expect us to take it at high royalties, while an independent producer may be able to make a better play for one tenth the money. We are going to encourage the independents." The directors of the new organization include W. A. True of Hartford; Sidney S. Cohen of New York; Harry Davis of Pittsburg; J. L. Dittner of Louisville; and W. D. Buford of Aurora, Ill.
