HEATHERDALE INSTITUTE

An enthusiastic crowd of members and several visitors gathered at the home of Mrs. W. E. MacPhee, on Tuesday, November 10th, to attend the annual meeting of the Heatherdale Women's Institute. After the opening exercises, a great deal of fun was provided by "Spoon-throwing," given in answer to roll call. Reading of the minutes and the President's address were followed by the report of the secretary-treasurer which showed receipts for the year amounting to \$118.30, total expenses, \$69.55, leaving on hand a balance of \$48.75.

Looking over the receipts for the year, brings to mind the fact that for at least a part of this amount, the Institute is indebted to Mr. Malcolm McKinnon, of Charlottetown, a former resident of this vicinity, who, for the sake of days gone by, assembled a band of entertainers and came thirty miles to give a concert in Heatherdale for the benefit of the Women's Institute. Accompanying Mr. McKinnon and assisting him with the program, were Mrs. Ballam and Miss Wood, of Pownal, Mr. Scotty Armstrong and Mr. Bradley of Charlottetown, each of whom in turn delighted their audience. Worthy of special mention was the violin music generously supplied by Mr. Archie Hume, of Montague, at whose request a Gaelic song was sung by Mr. W. E. MacPhee. A duet, by Messrs. Bears and Bruce, of Brooklyn also added to the pleasure of the evening. To the friends in Brooklyn, the Institute is sincerely grateful for help in entertainment from time to time.

The Scottish lecture given by Rev. D. M. Sinclair also added to the Institute's funds, besides providing a delightful evening's entertainment, which was keenly appreciated by an audience, whose ancestors for the most part came from the land of the heather. The Gaelic song, without which no program in Heatherdale is complete, was sung on this occasion by Mr. J. A. Campbell.

Coming back to the annual meeting, all other business being finished and membership dues paid, the following officers were elected for the ensuing year: Mrs. J. A. Campbell, President; Mrs. Delbert Taitrie, Vice-president; Mrs. Jack Bruce, Secretary Treasurer; Mrs. M. A. MacPhee, Mrs. S. M. Martin and Mrs. Sarah Bruce, Directors; Mrs. Alan McDonald and Mrs. Murdoch Buchanan, Auditors.

The entertainment committee then took charge and a program, consisting of a reading, solos, community

Boulter, Deputy Minister of Agriculture, will also leave Friday morning. Mr. Walter Shaw, of the Live Stock Branch leaves this morning. Captain and Mrs. Reid are also expected to attend.

SOCIAL GATHERING—A miscellaneous shower was held at the home of Mr. and Mrs. Bertram Younker, North River, on Friday evening, November 13th in honour of Mr. and Mrs. Lester Younker, who were recently married. About 150 guests gathered from the surrounding districts and presented them with many useful gifts, showing the popularity of the young couple. A nicely decorated carriage was drawn in by little Miss Florence Jewell and Master R. Coles, filled to the brim with presents. The presents were opened by Miss Helen Warren and the humorous verses read by Miss Helen MacKinnay. The bride and groom expressed their appreciation in very fitting replies. Then all joined in singing "For they are Jolly Good Fellows." The groom was then pronounced by his boy friends. A dainty luncheon was served by the ladies and the remainder of the evening was spent in social conversation and games, after which all departed to their homes, wishing Mr. and Mrs. Younker many years of wedded bliss.—(Patriot please copy).

Mr. Peter Brodie of York, has left for Toronto to attend the Royal Winter Fair. Mr. Brodie is showing an exhibit of potatoes and other vegetables.

CHINESE COAL AT HALIFAX
(Canadian Press)
HALIFAX, N. S., Nov. 17.—The first cargo of Chinese anthracite coal ever to reach an eastern Canadian port was brought into harbor here last night by the Norwegian Motorship Beipamela, fifty seven days out from Port Redon. The Beipamela carried 4,000 tons of Chinese coal, importation of which had been protested against by the Halifax members of Parliament.

A slight quake also was felt at Artega.

When Your Cough Hangs On, Mix This at Home
For coughs due to colds, the best remedy that money could buy can easily be mixed at home. It saves money and gives you the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs, giving immediate relief, is astonishing.

Any druggist can supply you with 24 ounces of Pinex. Pour this into a 16 oz. bottle, and fill up with plain granulated sugar syrup or strained honey. It's no trouble at all to mix, and when you once use it, you will never be without it. Keeps perfectly and tastes good—children really like it. It is surprising how quickly this loosens the germ-laden phlegm, and soothes the inflamed membranes. At the same time, part of the medicine is absorbed into the blood, where it acts directly on the bronchial tubes, and helps the system throw off the whole trouble. Even those severe coughs which follow cold epidemics, are promptly ended.

Pinex is a highly concentrated compound of Norway Pine, containing the most active of creosotes, in a refined, palatable form. Nothing known in medicine is more helpful in cases of severe coughs and bronchial irritations. Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Scout News and Notices

An old jail leased from the county council is now headquarters for the Boy Scouts of Cloverdale, B. C.

Further word as to the next international Scout Jamboree, in Hungary in 1933, states that the world gathering of boyhood will occur in the latter part of July and early part of August.

According to Sir Hubert Murray, Governor of Papua, the Scout Movement has been a most helpful influence in the civilizing of the young Papuans, who formerly were cannibals.

4,000 American boys took part in the 12th annual pilgrimage of Boy Scouts to the grave of Theodore Roosevelt, at Oyster Bay, L. I. The Scouts were from New York, New Jersey, Connecticut, Massachusetts and Pennsylvania.

In England there are 15 Scout troops of blind boys, 87 troops, Club packs and Rover crews for crippled boys, 23 units for the deaf and 33 in institutions for the mentally deficient. In all the cases the training and atmosphere has been found distinctly beneficial.

The French boy choir, "Young Singers of the Wooden Cross," whose recent tour of eastern Canada was a notably musical event, was made up entirely of Cubs, Scouts and Rovers of the 20th and 21st Scout Groups of Paris. In keeping with the statement of the director, the Abbe Maillet, that the boys were "first and foremost Boy Scouts," the French lads wore Scout uniform throughout, except when rendering liturgical numbers. In this the French Scouts carried out the practice of the Westminster Abbey Scout choir which toured Canada in 1927.

A Boy Scout troop has been organized at an asylum for lepers near Colombo, Ceylon. There are several leper colony troops in West Africa.

During the summer's hop picking in Kent, Oxford University Rover Scouts erected a temporary chapel, surgery and canteen, and staffed them for the benefit of pickers.

In connection with the next world gathering of boy Scouts, to be held in Hungary in 1933, a cordial invitation has been extended all Dominion contingents to visit the Old Country before or after the Jamboree.

A member of the Canadian contingent to the great world gathering of Scouts in England in 1929 who attracted much attention passed in the death of Scout Bob Grey of British Columbia. As a "genuine red Indian and son of a chief," many English boys sought the Canadian camp to meet Scout

Grey and take his picture. Grey led the Indian dances which were a popular feature of the display given by the Canadians in the great amphitheatre. His death was learned with great regret by other members of the Canadian contingent.

So far this year 28 awards for life saving have been made to Boy Scouts and leaders,—1 Bronze Cross, for heroism in face of very grave danger; 7 Silver Crosses, for rescue at serious personal risk, and 9 Gilt Crosses, 8 Certificates of Merit and 3 Letters of Commendation for courage and coolness with lesser degrees of risk. One Commendation was given for saving a horse from ill-treatment, notwithstanding rough handling of the boy by the owner. The Bronze Cross was awarded Assistant Scoutmaster Robert Talbot of Hamilton, Ont., for a double rescue from drowning during a heavy storm on Lake Erie.

We, the members of Tryon U. S. W. M. A. Society wish in this feeling way to convey to you our heartfelt sympathy in this sore bereavement of a way to your first born. Marjorie, of us can feel for you as we all have gone through some sore trials. We will all miss poor Jean as a great favorite among the people, young and old. She dwelt in an arena of illumination, but she was a follower of the meek and lowly Jesus. She had a way of her own of winning the hearts of everybody. Those who visited her in her dreadful sufferings for the last three months have been impressed by her patience. Knowledge to her was soon to leave her a little one she could still smile as she said, God will take care of them, will not worry. What a great relief we often wonder why one so needed to us and so young should be called away. We can't understand it now, but God knows the way he holds his key. He guides us with unerring hands. Some time with tearful eyes, we'll see, yes there, up the well understood. He that said "Great the waves, peace, he still, can he up the wounded heart. So we commend you to God who cares for us and think of the rest Jean is in from pain. Happy with her among you.

MINER KILLED BY CAVE-IN
(Canadian Press)

MINTO, N. B., Nov. 17.—Caught in a fall of three tons of mud and rock, Sylvester Voutour, 55, French Canadian miner, employed for the last five years in the mine near Minto of Welton and Henderson, Ltd., was killed instantly at noon yesterday just after he had returned to his place in the mine, after eating his lunch. Discovery of the cave-in, thought to have been caused by the "slip" in the rock and the disappearance of the miner beneath the solid mass, was made by the victim's son, Fedele, 15 who was working with his father. The son returned to his place in the mine just after 12 o'clock. Seeing the broken timbers and the mass of mud and rock on the spot where he knew his father had been working he rushed out to tell the foreman, Mr. M. B. Connors, of his parent's fate. A rescue crew was organized speedily and after an hour's digging the body, crushed almost beyond recognition, was exhumed.
