Mothers! Watch your Children's Health

THE sparkling eyes, rosy cheeks and bright vivacity of childhood can only come from perfect health. Mothers! Watch carefully your children's health and train them into regular habits. There is no safer corrective or preventive of children's ailments than—

ENO'S FRUIT SALT

Not only a delicious and cooling drink but a mild natural tonic-aperient. It acts *gently* upon the stomach and cleanses and purifies the system by *natural* means. Insist on "ENO'S"—the only genuine "FRUIT SALT."

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

THE SPREAD OF THE FARADOR

IN PRINCE EDWARD ISLAND AND THE REASON WHY.

One of the earliest and most remarkable cures effected in this Province by means of the Farador treatment was that of Mr. Thomas McMahon, 100 Richmond St., Charlottetown. Here was a case of anemia, rheumatism and bleeding piles—a case that seemed absolutely hopeless. For five years Mr. McMahon had been going down hill. He states that he had spent over a thousand dollars in many remedies and that he was pronounced incurable by all of the many physicians he consulted. Four years ago he purchased a Farador and from that time he began to improve and is today enjoying excellent health, a living testimony to the health-giving power of the Farador which none can gainsay.

So many Faradors have been sold on account of this cure that it would be difficult to trace all the cures that have resulted therefrom, but one of the most remarkable is that of Mr. George Bell of DeSable, also a victim of anemia and considered hopelessly incurable. He was restored to health much to the surprise and delight of his friends, and this cure gave the Farador another great boost.

Hearing of this cure Mr. Dougald McFadyen of St. Catherines purchased a Farador, and he received great benefit therefrom. He had been a great sufferer from asthma, bronchitis and general ill health. Many Faradors have been sold through Mr. McFadyen's recommendation. A man at New Argyle, aged 76, purchased the Farador for rheumatism. Before he got the instrument he was unable to do any work or even put on his coat. He experienced a perfect cure.

Further examples of how the Farador wins its way will be given next week.

W. E. ENMAN,
Farador Agent.
226 Richmond St., Charlottetown.

CARRYING THE "FENCE" STONE

(Continued from page four.)

day the huge "stone" of fencing. If a wild animal comes to injure a man's crop or stock he can resort to shooting trapping or poisoning, but if this animal is a domestic one he must raise a barricade to keep him out! Why should the warning "keep of the grass" or "no trespassing" not be sufficient to keep domestic animals as well as persons off one's property?

Let this principle be embodied in law and there will be a sight of relief from the overburdened tiller of the soil. Twenty-five cents worth of rope will keep an animal on the owner's farm. Turn that animal on the road and he sets the whole community to fence, to watch gates, to hurl stones and to use expressions altogether unsuitable for a Sunday School book!

Some time ago a writer advocated removing road fences and cultivating the land to the wheel track. A good idea, that. Thousands of acres of this fertile Island are occupied by fences. **The permanent fence must go.** There is enough land occupied by fences if properly cultivated to pay the public debt!

Just think of a poor man with a three or four chain farm being compelled to build several miles of fence to keep his crop from being destroyed by other people's animals! His farm will not produce enough to pay for the fencing. Why not protect the poor man, or the aged parents or the widow and children by making a law that there must be no trespassing-fence or no fence?

I appeal to the young men in the House especially, to look into this matter and see if something can be done to remove this antiquated and useless burden.

I am Sir, etc.,
PROGRESS.

PROWSE'S

Where You can Buy Your Carpets, Oilcloths, Linoleums, Carpet Squares and Rugs for Less

Our Large Carpet Department is filled to overflowing with the largest stock of new Floor Coverings we ever had,

And everything here was ordered or contracted for at LAST YEAR'S LOW PRICES.

"This typewriting gets on my nerves." "Now I'm well and enjoy my work."

Neurasthenia or Exhaustion of the Nervous System.

It is quite possible for the nervous system to be considerably exhausted before you realize the seriousness of your condition. You do not feel up to the mark, are easily tired out, worry over little things, and get cross and irritable, but do not consider yourself sick.

For this reason we shall give an outline of the symptoms so that you may be warned in time and use preventive treatment at a time when it will do the most good.

1. General discomfort—excitement and depression alternating.
2. Headache and sometimes dizziness, and deafness.
3. Disturbed, restless, unrefreshing sleep, interrupted by dreams.
4. Weakness of memory, particularly of recent events.
5. Blurring sight, noises and ringing in the ears.
6. Disturbance of sensibility or feeling, as in hands, or, with women, in the breasts.
7. Coldness of parts of body or flushing and sweats.
8. Lack of tone, easily fatigued, dyspepsia.
9. Fear to be alone, or in a crowd, fear of things falling, fear of travelling, etc.

These symptoms indicate that the nerves are being starved for lack of rich, red blood. Certain elements are lacking which can best be supplied by Dr. Chase's Nerve Food.

This cure is easily available and awaits alone your action in applying it. There is no question of the merits of this food cure. Enquiry among your friends will prove to you that many thousands of women, and men, too, are being restored to health and vigor by use of Dr. Chase's Nerve Food.

50 cents a box, 6 for $2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations disappoint.
