PEACE TREATY BETWEEN BRITAIN AND STATES.

LONDON, June 29 — The dinner of the Pilgrims Society last night in honor of John Hays Hammons, special ambassador to the coronation, gave occasion for four speeches which were considered the best exhibition of after-dinner oratory heard in London for a long time.

The speakers were A. J. Balfour, Mr. Hammond Augustine Birrill and Chauncey M. Depew, and "Peace" was their theme.

There was a scene of enthusiasm when a message was read that as a result of the Conference between Secretary of State Knox, and Ambassador Bryce, a treaty had been practically arranged for arbitration of all all differences between the two entries.

is undoubtedly the coming sire of P.E. Island. He will surely prove a Nutwood to our horsemen. Just to see his first crop of colts one must be convinced. They are all large, perfect in conformation, smoothly finished, and a breedy appearance. All bays or chestnuts with white star, and hind ankles white, beautifully marked. His dam is Chestnut, one of the greatest producing mares on the Allen Stock Farm, her weanlings selling for $500.00 All owners of his foals, who has a mare to breed, are breeding back to him again, and bringing a lot more with them. This is the highest mark of honor that could be paid him If you are undecided where to breed your mare, go see one of his colts, and the question will be settled at once. He will be home until Tuesday morning June 20 when he will leave owners stables for John McNicholson's, Dundas, noon and over night, Wednesday morning June 21, to Hughie McMillan's, Head St. Peters Bay, noon, John Phelans, Morell over night, Thursday forenoon to James Mooneys, Peakes Station, remaining until 6 o'clock. Goldzilian

by the mighty Brazilian, King of sires, the iron race horse. We never had his equal here before and when shall we see his like again? Goldzilian is undoubtedly his best son on P. E. I.

Pronounced by Judge Roberston of Ontario, last fall at the Summerside Exhibition as being the best colt he had seen in Canada. He is only a colt, and yet he is all horse every inch of him.

Goldzilian is ready to trot and stud colt of his age, size, and gait on P. E. Island (Brazilian s excepted).

Don't fail to see this colt at owner's stables, before breeding your mares if you want large classy colts.

THOUSANDS OF DOCK WORKERS MAY STRIKE

LONDON, June 28 —The National Federation of Transport Workers, representing more, than 100,000 shore workmen met this afternoon, and approved of the fight for better conditions and the recognition of their unions. It was decided that that unless the shipping strike was settled by Saturday to hold another meeting next Monday with a view to determine upon more drastic action.

Many of the ships are overdue to sail, and this fact combined with continued pressure on them from the Board of Trade, to effect a conciliation seems to indicate that the struggle will not be much further prolonged.

RIOTING IN HULL.

HULL, Eng., June 28—Considerable rioting on the part of the strikers occurred here today. The police made several charges into the crowds of disturbers, but were not in sufficient forbe to control the situation, and the military was summoned. The strike leaders this afternoon succeeded in quieting the men, and a truce was declared until tomorrow on the announcement that the Board of Trade had intervened in sthe strike question and was sending G. R. Askwith, Controller General of the Labor Department to confer with the owners and the men.

SHIPPING PARALYZED.

MANCHESTER, June 28— Three thousand dock hands here joined the seamen's strike today. The shipping business locally is paralyzed.

AMSTERDAM, June 28—Work on the dock here has practically ceased. The striking dock men are parading the streets. Large forces of cavalry and infantry are guarding the docks and sheds.

The carters employed in moving cargoes threaten to join the strike, unless their pay is increased by Saturday night.

THE JULY KEITH'S.

The architecture pictured in Keith's Magazine for July is beautifully quaint although perfectly suited to this advancing age. The plans are so delightfully simple and complete that any home builder can understand them but when completed the effect of a Keith planned home is splendid. The Magazine is so varied that each page is teeming with suggestions and from the living-room to the garden much valuable information is given. The window curtains for house and bungalow, are described and nicely illustrated some of the effects being simple, stylish and summery. Summer houses and delightful resting places under shady trees are described aptly and could be easily built by the handy man at home. Provincialists should secure this Magazine monthly as it is a valuable adjunct to any home. The publisher is Mrs. L. Keith, Minneapolis Minn.
