

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to take Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure.

"I was greatly troubled with small boils, caused by working among the oil at the refinery. Hood's Sarsaparilla was recommended to me as the best blood medicine obtainable. I began taking it, and though many other remedies had failed to benefit me, three bottles of Hood's fully and permanently cured me." ANON. FISHER, Emerle St., Sarnia, Ont.

Hood's Sarsaparilla promises to cure and keeps the promise.

LIGHTNING REMEDY FOR CRAMPS

Some people have cramps pretty often, and only now and again. But when you do have them it is a mighty quick relief you want. Polson's Nerviline is as quick as death to relieve cramps in five seconds—it's instantaneous. In a few drops in sweetened water and the pain is gone. Buy a bottle of Nerviline today, and keep it handy. Nerviline is a common household necessity and only costs 25 cents.

An Ottawa despatch says:—The department has already gone fully into the case of Frank Higgins, of St. John, but no report has yet been made upon it. Capital cases are not generally disposed of until shortly before the date set for the execution. In this way any new evidence or further development can be received and handled.

The following scholars in Glen William School advanced class are entitled to the Assembly's Diploma for having recited the prescribed memory verses: Catherine McInnis, Sarah C. McPherson, Christina J. McDonald, Christina A. McDonald, and Lilla McDonald. The following in the junior department deserve the Assembly's Certificate: Alexander S. Matheson, Donald D. McPherson, Christina McDonald, and Mary McDonald.

Dr. Borden of Mount Allison reports that the College is in a flourishing condition. The attendance is equal to the best of any year in the history of the institution, there being now one hundred and fifteen students in residence and about sixty day students. After the Christmas holidays even a larger number will be in attendance. The present term has been almost entirely uneventful. There has been no sickness, nor, in fact, anything to interfere with the work of the college. A Christmas calendar is now being prepared for distribution.

A LADY who has travelled extensively and is now spending a few weeks in our city, had occasion to consult one of our leading local physicians a few days ago, who wrote a prescription for her which was dispensed by one of our druggists and promptly sent to its destination. In conversation with another lady the stranger said that in all her experience with druggists, she had never before seen the directions printed with a typewriter and numbered with an automatic numbering machine, and considers that the Charlottetown druggists at least are fully abreast of the times.

GRANTON'S GOOD NEWS.

John Fletcher had Lumbago and Kidney Trouble. Dodd's Kidney Pills Cured Him.

GRANTON, Ont., Nov. 24.—(Special.) Among the remarkable cures credited to Dodd's Kidney Pills in this neighborhood is that of John Fletcher, a well-known farmer. In an interview regarding his cure Mr. Fletcher said:—"I was troubled for a long time with Lumbago and Kidney Trouble. My urine was of a very red color, I tried many medicines and could get nothing to help me. The doctors could give me no relief. A druggist suggested Dodd's Kidney Pills, I bought a box and started taking them.

"The first box helped me and I kept on till I was completely cured. I am now as well as ever I was and have not a trace of Lumbago about me. I thank Dodd's Kidney Pills for it, and never intend that my house shall be without them."

Patent medicines form a large part of the trade of every druggist and it is to his advantage to keep a variety large enough to meet the demands of all classes of his customers. The "Two Macs" or Macdonald & MacInnis, seem to realize this. Scarcely a day goes by but this enterprising firm receive new supplies of drugs and patent medicines. On their shelves will be found every Patent Medicine, cream or chemical of worth as well as the leading horse and cattle medicine. The firm make it their ambition to have every thing that is called for. We doubt if there is a more completely equipped drug store in the province. It has become a household phrase that if you can't get your drug wants at the "Two Macs" it's not in town.

MacDonald & MacKinnon DRUGGISTS.
Cor. St. George and Keat Sts.

By the request of the Fruit Division of the Department of Agriculture, Ottawa, Dominion Fruit Inspector Richard Burke, will leave next week on a tour through Mt Vernon, Caledonia, and other localities to investigate the capabilities of that section of country for fruit growing. The fruit crop on the Island this year, says Mr. Burke, is fairly good and in quality and quantity considerably in advance of that of last year. Where proper cultivation and spraying have been carried on, the results have been very satisfactory.

The pianoforte recital by Miss Ethel Pope at the Kindergarten School Room last evening was a most excellent musical event. The very excellent program which is subtitled was carried out in its entirety to the delight of the many music lovers present. Miss Pope's splendid rendition of the classical compositions was greatly admired, showing both proficiency and delicacy of touch. She was the recipient of two beautiful bouquets, made up of roses and carnations. Her work of last evening reflects the highest possible credit upon her teacher, Miss Palmer, who has reason to be more than proud of her pupils generally. Rev. Leo Williams' accomplishments as a vocalist are well known. Those who had the pleasure of hearing Miss Ganning for the first time were quite charmed with her clear musical enunciation, showing careful and thorough training. The choruses by Miss Palmer's pupils were also worthy of favorable mention. Following is the program:

1. Ave Maria..... Mendelssohn Chorus.
2. (a) Prelude and Fugue, No. 6. J.S. Bach (b) Octave Study in E flat..... minor..... Noshels Miss Ethel M. Pope.
3. Vocal Solo, Queen of Angels, Piccolomini Rev. Leo Williams.
4. Sonata, (Moonlight) Op 27..... No. 2..... Beethoven Miss Ethel M. Pope.
5. Vocal Solo, "Sing On"..... Denza Miss Beatrice Canning.
6. (a) Maiden's Wish..... Chopin-Li-st (b) La Complainte..... Goldbeck Miss Ethel M. Pope.
7. (a) Deuzleme Mazurk..... Gdard (b) Ojus Animam, (by request)..... Rossini-Mabe Miss Ethel M. Pope.
