Former P. E. I. Man Killed At New Glasgow

NEW GLASGOW, N. S., Oct. 18 — (CP) John James Newbury, 52, a native of Charlottetown, was killed here today when he fell from a freight car while unloading lumber.

A resident here for more than 25 years, Newbury was an employee of the C. N. E. carpenter shop. He was unmarried.

SUBURBY, Ont., Oct. 18 — (CP) — A 29-year-old Nova Scotian, Pino Smith of Sydney, today was sentenced to four months at hard labor when he was convicted in court here of the theft of clothing from a truck Oct. 8.

Two companions, also Nova Scotians, Morris Allen, 29, of Sydney, and James Wilson, 32, of Glace Bay, each was sentenced to three months in jail for the same offence.

- *Superior quality barley meal, bagged wheat, bagged oats in straight or assorted carloads, also all grains in bulk. Telegraph or write for delivered prices. The Atlas Grain Company, Montreal, Que.

OTTAWA, Oct. 18 — (CP) — Provincial and Federal Ministers met here today to discuss orderly marketing of Canada's potato crop and disposal of the country's 10,000,000-bushel surplus.

Five Provinces — Nova Scotia, Prince Edward Island, New Brunswick, Quebec and Ontario — sent representatives to the meeting, at which a formal brief was submitted to five members of the Federal Cabinet.

Premier McNair of New Brunswick and Agriculture Ministers MacKenzie of Nova Scotia and Stewart of Prince Edward Island were the top-ranking members of the provincial delegation. They were received by Trade Minister Howe, acting Prime Minister, backed up by four other members of the Cabinet.

The provincial representatives emerged from Mr. Howe's office under a self-imposed pledge to say nothing about the contents of the brief they represented.

It was learned that the reason for their silence was a desire to

Report Filth, Misery In D.P. Camp Near Winnipeg; Federal Probe Promised

First Snow Of Season Not To Linger Long

By The Canadian Press

That first snow of the season isn't going to linger long in southern regions of Canada.

The assurance comes from the weather men who predict that warm air will spread today across Southern Ontario and the Montreal and Eastern Townships regions of Quebec.

By Wednesday the snow is expected to disappear from Northern areas of both Ontario and Quebec.

It was raining last night in Halifax and other centres in Nova Scotia, as well as in the New Brunswick cities of Moncton and Saint John. Yesterday's snow missed most sections of the Maritimes.

Warm Pacific air rolled across the Prairies towards the lakehead. Westerners so far have had only a trace of snow.

Prime Minister King's Condition Improving

LONDON, Oct. 18 — (CP) — Prime Minister Mackenzie King today described as "showing substantial progress toward recovery," chatted this afternoon with Malcolm MacDonald, United Kingdom Commissioner-General in Ottawa.

MacDonald is in London as an adviser to the Commonwealth Prime Ministers' conference and to Foreign Secretary Bevin on problems affecting Malaya and Singapore.

The Canadian leader also remained in close consultation with Rt. Hon. Louis St. Laurent, who Sunday represented Canada in the conversation on Bevin at Prime Minister Attlee's country home, Chequers.

Yank Plane Shaken By Explosion Near Berlin

BERLIN, Oct. 18 — (AP) — An American air lift plane was shaken but not damaged today by a mysterious land explosion in the Russian zone of Germany near Berlin's Gatow Airport.

The transport had just taken off from the airport when a concussion severely jarred the craft. American and British officials said they believed the jolting came from a ground explosion which occurred so near Gatow field that rattled windows. These officials said there was no indication of anti-aircraft guns being fired.

The Frankfurt German news-

War Not Worst Of Evils—Archbishop

The Archbishop of York called upon the Christian world to fight the cold war to its bitter end, and if that did not subdue Russia, to "recognize that war is not the worst of all evils." The archbishop also recommended that the international control plan submitted by the United Nations atomic energy commission, based on the American plan, be adopted at once as a "matter of extreme urgency," Archbishop Garbett spoke from London.

Small P.E.I. Plane Reported Missing

Pre-Winter Cold Spell In The U. S.

CHICAGO, Oct. 18 — (AP) — A sharp pre-winter chilly spell in the midwestern United States moved into the Middle Atlantic States and New England tonight. Sub-freezing temperatures were predicted for much of the north-eastern part of the United States by tomorrow morning. The colder weather was preceded today by widespread snows in the Appalachians and New England. The snow ranged in depth from four inches in the upper New York state mountains to a few flakes in lowland areas.

The frosty breezes were felt as far south as Mobile, Ala., where three shovels after a 38-degree low because the heating systems were unprepared.

Death Of Well Known Georgetown Man

The death occurred yesterday at his home in Georgetown of Louis H. Douglas, 75-year-old retired Canadian National Railway station agent. He suffered a heart attack about a week ago.

Surviving in addition to his wife, the former Mathilda Macdonald of Georgetown, are two sons and four daughters. The sons are Ralph in Montreal and Gordon in Cranbrook, B.C. The daughters are Marion, Mrs. Rodney Bruce, Montreal; Beth, Mrs. Edgar Lannon, Needham, Mass.; Grace, Mrs. Frank Millar, East Royalty; and Helen, Mrs. Karl Cameron, Charlottetown.

Funeral arrangements were not complete last night, pending the arrival of members of the family. Ralph arrived by plane on Sunday.

Eight Appointments To Dalhousie Staff Announced

HALIFAX, Oct. 18 — (CP) — Dr. Alexander E. Kerr, president of Dalhousie University here, today announced appointments of eight professors to the University's faculty.

L.G. Stephens-Newsam as assistant professor of bio-physics and assistant research professor of physiological physics. Dr. Stephens-Newsam received his B.A. at the University of Saskatchewan and his Ph.D. at McGill University.

C.A. Reilly to the School of Medicine, he received his M.Sc. at Dalhousie and his M.A. at Harvard.

W.R. Trost as assistant professor of chemistry. Dr. Trost received his B.Sc. at the University of Alberta and his Ph.D. at McGill.

Mose O. Morgan, as assistant professor of chemistry and chemistry lecturer for 1946-46. He received his M.A. at Dalhousie.

J.H. Fodden, M.B., Ch.B., M.M. M.R.C.P., L.R.C.P., London University as assistant professor of pathology.

A.M. Fraser as professor of pharmacology. Dr. Fraser received his Ph.D. at McGill, his M.A. at Harvard and his B.Sc. at Dalhousie.

Dr. J.W. Dobson, D.Sc., Dalhousie as professor of dentistry.

Paul Chavy, Agrege des Lettres, Paris, as interim professor of French.

A light aircraft with two aboard is missing on a 150-mile hop from New London, P.E.I. to Bilgville, near Fredericton. N.B. Pilot of the two-place Fleet Finch machine was Paul Sharpe of Charlottetown, an Air Force veteran. The passenger was Elton C. Woodside of Clinton, P.E.I. The latter is a pilot-owner and is known as the Island's "Flying Farmer."

The plane took off about 6 a.m. yesterday in fairly good weather. However, it was reported that there was fog and rain over much of New Brunswick during the day.

Royal Canadian Air Force Search and Rescue officials at Halifax said they had been informed the men were unreported and they would send search aircraft up at dawn today if the plane was not reported by that time. They said, however, it was "quite possible" that the aircraft had landed safely at some isolated place.

The flight would take the plane over about 10 miles of water—Northumberland Strait—and over many miles of woodland in New Brunswick.

A group from Charlottetown travelling by car noticed a plane flying in rain and fog near Minto, N.B. yesterday, some five hours after Sharpe and Woodside left New London. However, there was nothing to indicate that it was the same plane. One of the party remarked, however, that it appeared to be bad weather for a small plane to be out in.

Three Killed, 20 Injured In Blast

TEXAS CITY, Tex., Oct. 18 — (AP) — At least three persons were killed and more than 20 injured in a blast that rocked Texas City tonight.

None of the dead was identified. The bodies were found at a railroad crossing at the entrance of the Stone Oil Company tank farm.

The explosion occurred about 8:15 p.m. Telephone service to Texas City was restricted to emergency calls only and other calls were not immediately available.

On report was that a gas line at either the Stone or Republic refineries broke and spewed vaporized gas about 200 feet along the Galveston-Texas City highway.

Something touched off the blast, which had been stalled on the highway by a switch engine caught fire, it was reported.

Two more big explosions followed.

Guardman To Hang For Rape-slaying

LANCASTER, England, Oct. 18 — (AP) — A young Welsh Guardsman was sentenced today to hang for raping and slaying a three-year-old girl. It took the jury 22 minutes to convict Peter Griffiths, 22, of murdering June Bevaney last May 15. Griffiths' counsel pleaded he was insane when he snatched June from a hospital bed, raped her and then beat her head against a wall.

PRISONER BREAKS FAST

KENTVILLE, N. S., Oct. 18 — (CP) — Enos Trehon broke a three-day protest-fast tonight just before he left for penitentiary to serve a five-year term for wounding with intent to cause bodily harm. Trehon—a husky six-footer—had refused food since he was convicted Friday of striking Pat Realy on the head with a rock when the farmer surprised him stealing chickens Oct. 4.

Will Mean Cut In Dominion's Consumer Goods

(By The Canadian Press)

Canadian industrialists predicted last night that the 18-per-cent reduction in steel imports from the United States would prove a set-back to this country's manufacturing.

A typical reaction to yesterday's Ottawa announcement came from Edmonton. Oil company officials there said that an already tight supply situation in oil casing and tubing would be aggravated further.

In Vancouver, the steel cut was termed "a sledge-hammer blow" to British Columbia industry. Manufacturers said stamped steel, plumbing fixtures manufactured in Vancouver, now in short supply for home building, would become still more scarce.

Spoken for steel companies in the big industrial city of Hamilton said they felt certain the reduction would have serious effects on production by their factories. They rely on imported steel as material for much of their processing.

OTTAWA, Oct. 18 — (CP) — The United States arms program will be reflected in a smaller Canadian supply of some consumer goods in which steel is used, it was indicated today in a statement from Trade Minister Howe.

Mr. Howe's statement said the Canadian Government has agreed

Learn To Stop Worrying Beaverbrook Advises

WINNIPEG, Oct. 18 — (CP) — Worrying doesn't help any, said Canadian-born Lord Beaverbrook when arriving in Winnipeg for a one-day visit today.

The British newspaper publisher, who is on a western tour refused to be pinned down about world affairs during a brief interview.

"But," he said, "I would have been dead long ago if I hadn't learned the secret of how to stop worrying."

Violence Flares In Coal Mine Strike In France

(By Carl Hartman)

PARIS, Oct. 18 — (CP) — The French Government's efforts to save the coal mines from possible damage by action of Communist-led strikers erupted in violence today.

Police clashed with 1,000 striking coal miners at St. Etienne in South Central France, leaving wounded on both sides. The police used tear gas during the battle.

The Government had dispatched troops and police to the mines threatened by flood and explosion by strikers' refusal to work water pumps and other safety devices.

Communist Union leaders had ordered all security measures halted for 24 hours in protest against presence of police in the mine fields.

When news of the clash reached Paris the Communist strike leaders said they would retaliate by not authorizing any security measures whatsoever.

In at least three mines the police and troops arrived too late. The pumps were already under water.

Interior Minister Jules Moch, in a radio speech announcing dispatch of the troops and police, warned that flooded pumps would mean water in all the pits, destruction of timbering and weeks and months of repair to pay for "criminal neglect" by the strikers.

The strike, now entering its third week, has cost France about 2,000,000 tons of coal. All but a handful of mines have ceased operations and some 335,000 miners have been idle.

E. W. Patterson Elected Mayor Of Saint John

SAINT JOHN, N.B., Oct. 18 — (CP) — In one of the closest civic elections in the history of Saint John, Ernest W. Patterson was elected mayor today with a majority of 156 votes over Charles R. Wasson.

Mr. Patterson, a member of the present City Council, succeeds Mayor James D. McKenna, who was not a candidate.

The voters also elected six councillors including Mrs. Percy J. Steel, first woman councillor in the city's history and the first woman ever to seek a council seat here.

Endorsed by the Saint John Council of Women in her candidature, Mrs. Steel is a member of the Saint John Board of School Trustees and the executive of the New Brunswick Festival of Music Association, a former staff member of the Prices Board here and is prominent in church work. She is a widow and has a daughter in college.

Interim Premier

Premier Drew has announced from Toronto he will resign as premier of Ontario as soon as arrangements can be made with the lieutenant-governor. He will be succeeded by Hon. T. L. Kennedy, minister of agriculture, (above). A convention will be called later and Mr. Kennedy will not contest the leadership at the convention, Premier Drew said. No date has been set for the convention, Premier Drew said, but it will be called at the "earliest practical date."

News In Brief

CIARO, Oct. 18 — (AP) — Five enemy planes attempted to raid Cairo tonight, but a heavy anti-aircraft barrage kept them from reaching the city, official Egyptian sources said.

SNOW-FREE IN AUGUST

Except for Greenland more than 80 per cent of all Arctic land is snow-free in August.

HALIFAX, Oct. 18 — (CP) —

Official inland forecasts issued by the Dominion Public Weather Office here tonight and valid until midnight Tuesday.

Synopsis:

Cold air had pushed across most of the Maritimes by Monday evening. Only in Eastern Nova Scotia the temperatures were still near sixty. In Prince Edward Island temperatures were near sixty in the late afternoon but by evening had fallen to the forties and will go lower during the night. In New Brunswick temperatures were mostly in the thirties and in some sections had already fallen below the freezing point by mid evening. There was rain near the leading edge of the cold air mass while further north there were snow flurries but at the cold air spreads across the district the weather gradually clears. Below freezing temperatures will be general in New Brunswick during the night and there is a risk of frost in Western Nova Scotia. The weather will be generally cold and cloudy on Thursday.

Forecasts: (Prince Edward Island)—Rain ending by morning. Tuesday cloudy and much cooler. North winds twenty, gusty. Low early Tuesday morning and high in the afternoon at Charlottetown 41 and 50.

High tide this morning at 11.53 and tonight at 11.35.

Sun sets this afternoon at 8.16 and rises tomorrow morning at 6.22.

Last quarter moon October 25th 9.41 A. M.

Summerside tide eight minutes later than Charlottetown.

Will Consider Renewal Of Palestine War

PARIS, Oct. 18 — (CP) — The United Nations Security Council tonight was ordered into emergency session to cope with the new war in Palestine. The session was set for 10:30 a.m. tomorrow, only a few hours ahead of another meeting on the Berlin situation.

Dr. Ralph Bunche, U. N. mediator, requested the special meeting after Israel rejected his plea for a three-day cease-fire in the Negev, Southern Palestine desert region where Israeli and Egyptian forces are battling.

Dr. Bunche declined to say what he expected the Security Council to do to halt the Jewish-Arab fighting. The 11 delegates have before them from a previous session a joint British-Chinese resolution ordering both sides to cooperate more fully with U. N. truce personnel. The Council already has passed a series of resolutions calling for an end to fighting and to a treaty that it would have to vote economic sanctions or some penalties against
