SALESMAN FOR FACE CREAM Learns a Lesson New York City, Mr. H. B. Menne writes—"I was a salesman of creams for healing pimples, blemishes, etc., but when my face broke out with blotches, pimples and blackheads, I tried one salve after another with no results. I found it as impossible to sell skin creams as a bald headed man finding selling hair tonic. Finally I decided I would have to get at the cause—constipation! I was amazed to find that within a few days after taking Carter's Little Liver Pills my skin took on a new healthy look! Druggists, 25 & 75c red packages.

COCONUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, be careful what you wash it with.

Do not use prepared shampoos or anything else that contains too much free alkali. This dries the scalp, makes the hair brittle, and is very harmful.

Mulsified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can not possibly injure the hair.

Simply moisten your hair with water and rub it in. Two or three teaspoonfuls of Mulsified will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy, wavy, and easy to manage.

You can get Mulsified coconut oil shampoo at any drug store. It is inexpensive, and a few ounces will last everyone in the family for months. Be sure your druggist gives you Mulsified. Beware of imitations. Look for the name Watkins on the package.

Blackheads Go Quick By This Simple Method Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body go quickly by a simple method that just dissolves them. To do this get about two ounces of peroxide powder from your druggist—sprinkle a little on a hot wet cloth—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. Pinching and squeezing blackheads only open the pores of the skin and leave them large and unsightly—while the simple application of peroxide powder and the water dissolves them right out, leaving the skin soft and the pores in their nat-
