

DR. F. F. FRIEDMANN GIVES DEMONSTRATION AT OTTAWA

Test Made Before Large Audience Consisting of Doctors and Nurses—Ten Patients Selected

(Canadian Press) OTTAWA, March 12.—Before a large audience consisting of members of the medical profession from Ottawa and many outside points, nurses and prominent members of the Canadian Association for the Prevention of Tuberculosis, Dr. F. F. Friedmann gave demonstrations of his alleged cure for tuberculosis at the General Hospital today.

TURKISH CRUISER BOMBARDS DURAZZO

(Canadian Press) BELGRADE, March 12.—The Turkish cruiser T. Hametkiah bombarded the port of Durazzo at noon today although it is an unfortified place. The cruiser then proceeded to San Grovan "De Medua" which she also bombarded. It is not known whether damage was inflicted.

REPLY OF ALLIES DELIVERED FRIDAY

(Canadian Press) SOFIA, March 12.—The reply of the allies to the offer of mediation by the powers will not be delivered until Friday.

ANOTHER BLACK FOX COMPANY

The North Shore Silver Black Fox Company, Ltd., is being organized by Messrs. Warburton and Shaw. The object of incorporation is to take up the stock that is over-subscribed in the Charles Dalton Company. The promoters have secured two pairs of breeding foxes of the best Prince Edward Island black fox breed, and are offering on the incorporation, the two pairs and five options of this year's issue. The nominal capital stock is \$100,000 and already \$55,000 has been subscribed. It is calculated that the balance of the stock will be taken up in a few days. It is hoped Messrs. Warburton and Shaw will meet every success in this adventure and make good returns for the investors. The company is disposing of two options, averaging \$10,000, insuring to the investor a dividend of twenty per cent, payable the first of September next, in other words \$100 invested gives twenty per cent in six months equal to forty per cent per annum.

SERIOUS FIGHT NOW AT BULAIR

(Canadian Press) CONSTANTINOPLE, March 12.—Serious fighting has been in progress along the Bulair frontier since yesterday. The Turkish fleet is co-operating with the troops.

LIPTONS CHALLENGE IS DECLINED

(Canadian Press) NEW YORK, March 12.—The Yacht Club to-night declined Sir Thomas Lipton's challenge for the America Cup. The reason for this action was that the terms of the challenge impose the condition that the defending vessel shall not exceed 75 feet in length at the water line. This stipulation would deprive the club of the right to enter a vessel from 65 to 90 feet as provided in the deed gift.

NOMINATIONS FOR THE LEGISLATURE

(Canadian Press) PERTH, Ont., Mar. 12.—John C. Bbbs, Conservative, David McLean, Liberal and W. G. Ferguson, Independent were nominated today in the contest for the vacancy in the Ontario Legislature for South Lanark, caused by the death of the late Col. Mathieson.

WILL INVESTIGATE BIG GOLD STRIKE

(Canadian Press) SKAGWAY, March 12.—It is reported that there is a big strike of placer gold miners near Teblin Lake. The Provincial Secretary of British Columbia have arrived to investigate.

ARMAMENTS GROWING FAST

LONDON, March 12.—The alarming developments of European armaments and the open refusal of the German press to the possibility of a French war of revenge creates a feeling of anxiety in Great Britain, and the London morning papers express disappointment at the omission in the King's speech at the opening of parliament of any indications of the government's intentions with regard to further defensive measures to meet the growth of continental armaments. The subsequent debate on the address, however, brought an important statement from Premier Asquith. Lord High Chancellor had voiced the current rumors that the government was embarking on a dangerous foreign policy and had entered into an engagement in certain contingencies to throw a British expeditionary army across the channel. The prime minister suddenly jumping up said: "I ought to say at once that that is not true." This explicit denial was received with loud cheers.

CHARGE OF LIBEL

NEW YORK, March 12.—Ralph Pulitzer has lodged information against Mayor Gaynor charging criminal libel in defaming the memory of his father, the late Joseph Pulitzer, publisher of the New York World. In his Brooklyn speech Gaynor said that Pulitzer had amassed a fortune of \$50,000,000 by blackmail and indecency.

CENTRAL SEED FAIR MEETINGS

The series of meetings held yesterday in connection with the Seed Fair, although not carried out as per the printed programme, were well attended and all very interesting. Professor Ross and T. A. Benson of the Agricultural Department addressed a meeting in the Agricultural Building at 3.30, the former on Requisites of Agricultural Success, the latter on The Poultry Industry. Needless to say both addresses were interesting and profitable.

The public meeting in Prince of Wales College Hall last night was by far the largest meeting yet held in the series. The commodious hall was well filled. On the platform along with the President, Rev. Dr. P. D. McGuigan, were Hon. Seantor Murphy, Premier Mathieson, Hon. John Richards, Hon. M. McKinnon and other prominent gentlemen besides quite a number of ladies.

An interesting feature of this meeting at the outset was the presentation of a handsome Morris chair, accompanied by a suitably worded address, to Rev. Dr. McGuigan by the management of the Central Seed Fair. This address will, by request of the Seed Fair Management, appear in The Guardian to-morrow. The Rev. President made a suitable reply. He had, he said, accepted the position of President, not because he was looking for work but to help the cause. He was pleased with the growth of the institution, pleased especially with the success of the present Seed Fair, which was a credit to the province. Turning to the audience he expressed his appreciation of the large attendance. It was gratifying to find that so many had interested themselves in the agricultural movement that is making such an enviable name for the province. The Seed Fair was a great success, but only an earnest of greater things yet to be.

Premier Mathieson was the next speaker. Referring humorously to the presentation just made to the President, whom he heartily congratulated, he said that the King may sit comfortably or uncomfortably on his throne and preside over his people but his throne is not his own. The President not only presides over his people here but he owns the chair he sits on. Continuing, the Premier spoke of the great advancement in Agriculture in recent years. When in Hamilton, Ont., some weeks ago, when the Short Course in agriculture was in progress here he was proud of the record that was made, a record of attendance for Canada. It was the best advertisement the province ever had. Of the agricultural grant by the dominion government to the different provinces the proportion given to Prince Edward Island was the largest per capita to any of the provinces. The same course, he felt sure would be pursued in apportioning the grant for highways. He was proud of the Seed Fair now being held. It was a credit to the province. A better quality of seed, he felt sure, had never before been exhibited in the province. In connection with the accommodation provided by the government in the Agricultural Building he hoped to see further enlargement and extension. It would yet be a home in which farmers would meet and exchange ideas on such topics as

they might wish to discuss. Mr. Wesley Frost, United States Consul, was the next speaker. As usual the Consul's address was interesting and eloquent. His gave an interesting comparison of the yield per acre of the principal products in Prince Edward Island and elsewhere showing that while in many respects this province leads there is still room for improvement. He also touched upon the industrial possibilities of the province and the necessity of establishing industries to retain the population. Hon. John Richards followed. He congratulated the Management of the Seed Fair on the splendid success attained, and while congratulating the President on the successful manner in which he had directed the Association since becoming its president, he concurred heartily in the complimentary remarks in the address presented to him. When the Seed Fair was first instituted the object was to make the province a seed bed for the Maritime Provinces. It has exceeded the most sanguine hopes as Prince Edward Island is now recognized as the seed bed of the dominion. In aiming at the highest quality in seeds and in all products, the good name of the province will be maintained. Mrs. Dunbrech of Fredericton, N.B., was next introduced by the President. Mrs. Dunbrech on coming to the platform was warmly applauded. In her opening remarks she referred pleasantly to the cordial reception she had met with as a stranger in Prince Edward Island. She "had met many charming women and many interesting men." (laughter). Her subject was Women's Institutes and to quote again she was "full of it." Women's Institutes were first started in Ontario fifteen years ago, one institute with 15 members. In 1911-12 there were in the province 700 branches with a membership of 22,000. The movement was taken up in New Brunswick two years ago. There are now in that province 30 self-sustaining institutes with a membership of 12,000. She spoke most interestingly of the aim of the institutes, the betterment of rural and village life, urging the ladies present to interest themselves in the movement and to assist in organizing Women's Institutes wherever possible. Hon. M. McKinnon, the next speaker, announced and prolonged arranged that the government had arranged to prolong Mrs. Dunbrech's stay in the province, to establish Women's Institutes and he bespoke for her the cordial support of all. Dr. J. C. McDonald and Dr. Gauthier followed both giving excellent addresses. The meeting closed with the National Anthem.

NEW YORK SURGEON GAVE OWN BLOOD TO SAVE INFANTS LIFE

NEW YORK, March 6.—The prompt and plucky action of Dr. A. J. Rogny of the Jewish Maternity hospital, in giving two ounces of his blood to an eight day old child saved the baby's life.

Sidney Nelkin was suddenly discovered suffering from typhoid. Dr. Rogny promptly took his arm and was his own surgeon in a transfusion operation.

EFFORTS TO RELEASE HARRY K. THAW

New York papers just received give particulars of the efforts now being made for the liberation of Harry K. Thaw. The Dr. Kennedy mentioned in the following is a Prince Edward Islander, a son of Mr. Samuel Kennedy, Bradalbane and a brother of Joseph J. and M. Kennedy, Members of the Provincial Legislature. Dr. Kennedy was graduated from Prince of Wales College in 1895. Dr. Charles Kennedy, a physician and attorney, with an office in No. 51 Chambers street, who said he had received no retainer for the services yesterday was granted a writ of habeas corpus to test the validity of Harry Thaw's imprisonment in Mattawan. The date of the return of the writ was not given, but it is said Thaw will be brought to this city probably Thursday. Justice Guy of the Supreme Court granted the application late yesterday. Dr. Kennedy said he was brought into the case by Alfred Henry Lewis, an old friend, who first took him to visit Thaw at the insane asylum more than three weeks ago. Since then Dr. Kennedy has seen Thaw twice. On Friday, he said, Thaw ordered him to begin the new proceedings. "I have known Alfred Henry Lewis for more than five years," said Dr. Kennedy last night, "and some time ago he spoke to me about Thaw's case. After speaking to Thaw, as a physician, became convinced that he is sane and, as a lawyer, that he is being illegally detained. Thaw asked me to try to free him and designated

HOTEL KEEPERS ASSOCIATION

Organized at Ottawa—R. H. Sterns, Charlottetown on Executive

(Canadian Press) OTTAWA, March 12.—Leading hotel men from every part of the Dominion waited on Hon. C. J. Doherty, Minister of Justice, today, seeking amendment to the criminal code to provide for a fine of \$100 or thirty days in jail for anyone who plays the dead-beat game promised to give the matter consideration. Later in the day a Dominion organization was completed called the Hotel Keepers Association of the Dominion of Canada. George Wright of Toronto was elected president. The Executive includes R. H. Sterns, Charlottetown, James Fairbanks, Halifax and F. H. McIntyre, St. John.

CAPITULATION IS IN SIGHT

(Canadian Press) LONDON, March 12.—News from Adrianople is meagre but despatches from Constantinople say it is believed there that the end of the present week will see the capitulation of the fortress or a desperate attempt by Shukri Pasha, the commandant, to break through the lines of the enemy.

THE DAY OF FIRE HORSES IS ENDED

(Canadian Press) NEW YORK, March 12.—According to an announcement given by the Fire Commissioner. The day of the fire horse of New York City is over. The 1500 horses in the department will be replaced by motor-drawn apparatus as soon as possible. No more horses will be purchased.

POPE'S CONDITION IS IMPROVING

(Canadian Press) ROME, March 12.—The Pope continues to improve and now takes his regular nourishment.

CASTRO SEEMS TO BE LOOKING FOR TROUBLE

NEW YORK, March 10.—Castro, the former president of Venezuela, is back in New York. He slipped in quietly this morning and it is reported that he is planning a Napoleonic invasion of the Latin American countries.

ISLAND DOCTOR INTERESTED

this county as the place for filing the necessary papers. Dr. Kennedy was graduated from the New York University in 1898, took a course in Bellevue College in 1908 and is a visiting physician of the Metropolitan and the People's Hospitals. He lives in No. 230 West Seventieth street, and has an office in No. 8 Rutgers street, besides the one in Chamber street. Dr. Kennedy says he has never taken an active part in politics, and the fact that he is in the office of State Senator Christopher Sullivan in the Chambers street has no relation to the legal proceedings in Thaw's case. Information concerning Dr. Kennedy's proceedings did not ruffle Austin Flint, one of the alienists who has supported the prosecution in the contention Thaw is not sane. Dr. Flint, who is ill of lung and probably will not be able to go to Albany to be questioned by Governor Sulzer's committee of inquiry into the alleged bribery charges Monday, when Alfred Henry Lewis, Dr. Austin C. Flint and O'Farrell are expected to testify.

Dr. Flint has written a letter to Governor Sulzer, which the Governor referred to the committee, in which he alleges a conspiracy existed to displace all the attaches of the Mattawan State Hospital who were unfriendly to Harry K. Thaw. Lewis, according to H. A. Hoffman, Thaw's "messenger," was paid for services rendered Thaw.

INCREASE TO FRENCH ARMY

Strong Opposition Appearing. People Urged to View Increase Calmly and Carefully

(Canadian Press) PARIS, Mar. 12.—Some opposition to the immense and hurried increase to the peace footing of the French army has appeared. 250 professors of the Sorbonne, many of them among the finest soldiers in France, have issued a united address to the people of France not to allow themselves to yield thoughtlessly to the military panic and forced reaction which will tend toward desperate adventures hostile to the republican government. The professors ask for the fullest and most careful consideration of the situation without any haste or excess of emotion. Another declaration, signed by Albert France, and other noted French army men, scientists, educationists and members of the French Institution was published today urging a calm consideration of the proposed military measures which, if adopted, would so profoundly affect the life of France both intellectually and economically. Premier Briand has informed his members that it is not necessary to rush the estimates through before Easter.

DIOCESAN CHURCH SOCIETY MEETING

The sixth annual general meeting of the Diocesan Church Society of P. E. I. met in St. Paul's Parish Hall, Charlottetown, last evening with Canon Simpson in the chair. The minutes of the last meeting were read and approved. The report of the executive was encouraging but regret was expressed that there were vacant parishes in the diocese. There are new churches at Rustico and Lot 11. The treasurer's report was adopted. A letter from the Bishop was read regretting his inability to be present at the meeting. The executive committee was re-elected. The Domestic Mission Board members elected were Canon Simpson, Rev. T. W. Murphy, Mr. Justice Fitzgerald and Mr. Thompson. A resolution expressing sympathy with Rev. H. Harper in his serious illness was adopted, also with Archdeacon Reagh, both of them being greatly missed from the meetings, also with Mr. H. J. Cundall a faithful member of the society and for many years its treasurer. A resolution of sincere sympathy with Rev. Dr. O'Leary of St. Dunstan's Congregation, in the loss of their beautiful cathedral was adopted on motion of Rev. H. Scott-Smith seconded by Mr. Justice Fitzgerald. A resolution expressing appreciation of the work of the Bishop and the hope that he may be able to give more time than usual to the island in his coming visitation was adopted. A brief address was given by the chairman stating that the vacant parishes would soon be filled and congratulating the parish of Alberton on becoming self supporting and looking forward to the division of some of the other parishes. He also gave a brief review of the progress of the church financially and spiritually.

NO QUARTER FOR SCUTARI PEOPLE

LONDON, March 10.—The massacre of the entire population of the Turkish fortress of Scutari is probable when the city falls, according to a traveller, who writes to the Manchester Guardian. The newspaper gives prominence to the letter, saying that the writer has had every opportunity to know the temper of the Montenegrin and Serbian besiegers and it appeals to Sir Edward Grey, the British foreign secretary, and to the European powers to take steps to avert such a massacre. The writer says that Serbian officers at the port of Durazzo boasted to him that they had exterminated the Moslem Albanian tribe of Lyuma. He continues: "Later a Montenegrin official assured me very earnestly, 'We have completely exterminated the Rugava tribe. When he had overpowered them, we made them all pass under the sword. I assure you that not one of the tribe remains.' The Montenegrin reason was that the tribesmen were animals—savag beasts." The leading Belgrade newspaper is quoted by the writer as recommending that no quarter be given to the civilian inhabitants of Scutari and that the town be levelled to the ground.

WHITE HOUSE TABLE

LONDON, March 11.—President Wilson's testotal policy at the White House has aroused the resentment of the London Standard, which editorially warns the president against "crank." Other papers refrain from comment, but the Daily Mail has taken the means to ascertain that there are about a hundred testotalers in "gaining the fatal reputation of a British house of commons and on this point remarks that the majority of ideas would not suit the majority of the British and Irish members.

ANNUAL SEAL HUNT HAS COMMENCED

(Canadian Press) ST. JOHNS, Nfld., March 12.—Newfoundland's annual seal hunt began to-day when the first division of the sealing fleet sailed. Owing to the early presence of drift ice in the Gulf of St. Lawrence and off the Grand Banks, the fact that seals were sighted several weeks ago is taken as an indication of a good season. The seal hunt this year will employ over a thousand men. Nearly all the vessels are equipped with wireless service, shore stations being arranged through which owners may keep in touch with the fleet at all times.

ISLANDER KILLED

Particulars are at hand of the accidental death at Oshawa of Mr. Joseph P. Connolly, formerly of Charlottetown. On February 22nd Mr. Connolly who was a fireman on the Grand Trunk Railway, running from Oshawa to Minico, left for the run in his usual good health. Coming back he was talking water on at Oshawa when he slipped on the icy treads and fell. On examination it was found that he had "broken his jaw, leg, wrist and spine. He died at the Oshawa Hospital, having received the last rites of the R. C. Church. The remains were interred at the cemetery there. He leaves his mother, who is in New York and two sisters, Misses Mary, at Stanley Bridge and Bridget in Charlottetown. In his instructions taken before the priest, he left all his possessions, including a \$1,000 policy in the Brotherhood of Locomotive Firemen and engineers and another in the Metropolitan Insurance Co., to his sister Bridget. The Guardian extends sincere sympathy to the bereaved.
