HAVE YOU VISION? IF YOU HAVE, BUY NOW.

The tide of demand will turn gradually just as the tide of the ocean does, but you can't stop its roll any more than King Canute was able to.

Once our people realize the immense expansion that will come over this beautiful island as a result of the new world markets that will be opened up by ocean transportation, once the Charlotte Harbour docks have been built as voted last week by the House of Commons, they will demand fair prices for their properties and they will be far in advance of today's figures.

We have some wonderful bargains to offer you, both City and Country.

Come and see us.
