**A GRATEFUL ISLAND WOMAN**

Tells How She Regained Health After Years of Agony.

Most people who have been benefited by means of the Parador are very grateful and anxious to do all in their power to spread the good tidings of health in order that others may obtain it as they did. The following letter is from a good woman with a heart overflowing with gratitude. Her many friends who knew her condition will recognize its truth and sincerity:

Bay View, P. E. I., December 1, 1916.

Dear Sir,—I think it a privilege to make this statement on behalf of the Parador.

From the time my first child was born, twenty-one years ago, I suffered untold agonies a great deal of the time as the result of improper doctoring. I got so bad that I had to go to the P. E. Island Hospital and underwent two severe operations. The doctors, matron and nurses were very kind to me. They did all they could to help me, but my good doctor told me I could never be strong again as I had gone through more than any woman could stand and be well. I did, however, regain a little strength so as to be able to do a few turns and then gave out.

Then change of life set in and for four years I went through terrible sufferings. The doctors told me they could do no more for me. I was a total wreck, could not sleep and had no desire to live as I had no hope of getting better.

One day I saw an account of the Parador in a newspaper and wondered if it would do me any good. Some discouraged me by telling me it was no good, but at last I made up my mind to send for one and I must say it did wonders for me. The change it has effected seems like a miracle. I was overjoyed at finding my health return.

Now I never have an ache nor a pain. I am able to do all my own work, which means a good deal. I would not take a thousand dollars for the Parador if I could not get another.

If you think this letter may be the means of saving some poor soul from suffering you may publish it.

MRS. WILLIAM E. GRAHAM.  
The foregoing letter is addressed to W. E. Enman, Parador Agent, 226 Richmond Street, Charlottetown. Interesting literature given to all applicants.
