A NEW DEPARTURE.

A New, Effectual and Convenient Cure For Catarrh.

Of Catarrh remedies, there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies, but very few that really cure. The old practice of snuffing salt water through the nose would often relieve, and the washes, douches, powders and ointments in common use are very little, if any, better than the old fashioned salt water douche.

The use of inhalers and the application of salves, washes and powders to the nose and throat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrhs just as much a blood disease as kidney trouble or rheumatism and it cannot be cured by local treatment any more than they can be.

To cure catarrh whether in the head, throat or stomach an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed on this plan and the remarkable success of Stuart's Dyspepsia Tablets is because being used internally, it drives out catarrhal infection through action upon stomach, liver and bowels.

Wm. Zimmerman of St. Joseph, relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says: "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became affected, but as I was able to keep up and do a day's work I let it run along until my hearing began to fail and then I realized that I must get rid of catarrh or see my position as I was clerk and my hearing was absolutely necessary.

Some of my friends recommended an inhaler, another a catarrh salve but they were no good in my case, nor was anything else until I heard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the start and in less than four months I was completely cured of catarrh although I had suffered nearly all my life from it.

They are pleasant to take and so much more convenient to use than other catarrh remedies that I feel I can not say enough in favor of Stuart's Catarrh Tablets."

THE BEST DOLLAR XMAS GIFT.—One of the very best Christmas gifts and one that will be appreciated by all during 1905 is a year's subscription to the Family Herald and Weekly Star of Montreal. It costs but a dollar a year and includes the lovely premium picture entitled "The Princess at Work." The publishers of that great Weekly are planning to give his readers bigger value than ever during 1905. A dollar cannot be better spent. It is said the staff of clerks employed in the Family Herald office entering up names alone of new subscribers is greater in number than the whole staff of any five papers in Canada.

The death of Thomas Dodd Rogers briefly announced in the Guardian yesterday was learned with great regret by many friends throughout the city and province. The deceased had been taken ill with typhoid fever last September and was making rapid progress towards recovery when a relapse came, and with unexpected complications ended fatally early yesterday morning. The late Mr. Rogers was a member of the Rogers Hardware Co. Ltd. and among the most prominent of the younger business men of the city. He was a member of the Canadian Order of Foresters, Victoria Lodge A. F. and A. M. and P. E. I. Light Horse in which he held the rank of corporal. In all these bodies as in the social life of the city he held a prominent place and there are many to whom his loss will be an irreparable one. To the bereaved parents and other relatives the sympathy of many will go out.
