

PEN PICTURE OF PAUL KRUGER.

Paul Kruger is 6 feet in height, but, owing to loose, ill-cut clothes, looks a few inches shorter. He is extremely fat, with surprisingly thin legs; dirty, unkempt, unbathed. Mr. Kruger is generally willing to receive visitors from 5 to 7 in the morning. He sits loosely in a chair, for all the world like a sack of potatoes, with a spittoon on one side of him and a cup of coffee on the other, while his right hand clasp his enormous pipe, which is already foul, and has stained hands and mouth with tobacco juice. With his left hand he gesticulates vehemently but awkwardly. Altho his manner is lethargic, and his eyes are also half closed, he reads a man with wonderful facility. The tales of his prowess with the gun and his right arm are as tall as the labors of Hercules. They say that he strangled a panther at the age of 17; he is credited with having killed a buffalo by holding his head under water until he was drowned; and there is no doubt that he cut off, with his clasp knife, the thumb that is missing from his right hand. He has never read any book but the Bible, and his people believe he is the direct agent of God—a belief which unhappily for him, he shares. In his opinion the British lion is as bad as the African.

A MONTREAL LADY

Suffered from throbbing of the heart, choking sensation and weakness.

Nothing relieved her until she took Milburn's Heart and Nerve Pills.

Plenty of people dropping into their graves every day through heart failure. The heart can't stand the stress and strain of this busy bustling age. It gets weak irregular in its beat. Throbs and skips beats now and then. Faint and dizzy spells comes at times. Weakness and nervousness follow. How's the health and strength to be regained.

How's the heart to be made strong, steady and regular in its beat? Only by the use of Milburn's Heart and Nerve Pills.

How do you know they cure heart trouble? Well here's proof from a Montreal lady.

Her name is Mrs Pickel. Her address 32 St. Antoine Street. This is her statement:

"For several years I was greatly troubled with palpitation of the heart, extreme nervousness and dizziness. My heart would throb and beat so that it would seem to go into my throat, which would cause a choking sensation.

"I grew so bad that I could hardly go around, and going upstairs would so tire me that I would be completely used up, I was all run down and enfeebled. My nerves were so bad that I could not sleep at night, but would toss a card.

"I used many kinds of remedies, but none seemed to do me any good. I then got Milburn's Heart and Nerve Pills and received great benefit from the first. I kept on improving and am now well—my heart strong, nerves toned up and blood enriched."

Milburn's Heart and Nerve Pills are 50c. a box, 3 for \$1.25, at all druggists.

A Manitoba Tribute to Laxa-Liver Pills.

Miss Blanche Windrem, of Baldu, Man., restored to Health after her Mother had despaired of her recovery.

Here is Miss Windrem's statement: "Some three years ago the glands on either side of my back swelled up, and remained so in spite of all the Physicians could do. Then my eyes got sore and I was greatly troubled with pain through my head, particularly the temples. At last I became so weak and run down that my mother almost despaired of my recovery. I then heard of Laxa-Liver Pills and started taking them. The result is I am cured and I cannot speak too highly of the benefit I derived from these little pills." Price 25c.

Ladies! if you have missed buying any of our Table Linen and Napkins you have Missed much. Jas. Paton & Co's. 5 ft

MISS TEMPLE Teacher of Painting.

Pupil of one of Boston's first artists. Apply at residence of Prof. Watts, Grafton St. 18 d.

HEART HUMBUC.

It is fashionable to day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite and poor circulation, are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month. A wrong construction is put upon common ailments in order to humbug the people into the belief that heart disease is prevalent, where as real heart trouble, which is so deadly and suddenly fatal when it does occur, is a rare disease. Lopsided arguments cannot convince an intelligent people. Iron is a vital element of the blood. Too little iron means weakness, lack of spirits, pallid cheeks, shortness of breath, sleeplessness, nervousness, loss of vital force, ending in general break down. The iron in Dr. Ward's Blood and Nerve Pills is in the soluble form you need, in combination with other curative agents in such a manner that disease can't resist their action. You feel yourself getting well when you take Dr. Ward's Blood and Nerve Pills.

A Wonderful Advantage. P. C. LADY MINTO CORSET

This grand Corset carried off the diploma at both St. John and Halifax Exhibitions in connection with the W. B. Corset Company of New York as well as against Manufacturers of Ontario.

All parcels must arrive in Halifax by February 12th, and they will be sent free of charge from Halifax to Cape Town.

Khaki Cloth.

The manufacture of "khaki" cloth has been greatly increased by the war in South Africa, and over 15,000 people are now engaged in making cloth for the soldiers. The word "khaki" is of Hindoo origin, and means dust or clay colored. It is made entirely of cotton and is exceedingly durable. It was probably first used by the English regiments in India, and was also worn by them in the Egyptian campaigns. The color is not attractive, but it is very satisfactory for service in warm countries.

The Tracadie Larazetto.

The Larazetto at Tracadie, N. B., is the only institution for lepers in Canada. Happily the Canadian people are almost free from this fearful disease. The expenditure connected with the Tracadie institution last year was a little over \$5000. Sisters of the Charity nurse the sick. The patients are becoming fewer. The patients numbers about 25.

TO CURE A COLD IN A DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure 25c. E. W. Grove's signature on each box.

Hay Presses Cheese Presses
