cause the nation had not prepared for the production of food as she should have. It is necessary to prepare those who are responsible for the production of food. The speaker went on to speak of the change needed in the system of teaching in the rural schools in order to prepare children for their life work.

Mr. J. A. Dewar, M. L. A., said he was still convinced that dairying is the best agricultural activity for this Province. We have a moist climate and can grow foods suitable for cattle.

The following resolution, moved by Walter M. Lea, seconded by W. J. Gibson, passed unanimously: Whereas, the world war is about to be terminated successfully to the Dominion of Canada, and

Whereas, that from now on will come a period of re-adjustment of the agricultural industries in Canada, and agricultural experts that the larger part of the agricultural portions of P. E. Island is better suited to dairying than any other branch of agriculture, and

Whereas, to bring about the necessary changes in the condition of the country to make the citizens of P. E. Island realize the opportunities that lie before them in dairy work, a very progressive and effective means of education will have to be effected, and

Recent Returned Soldiers

Sapper F. Yates, of Charlottetown, left here with the 105th. He was transferred to the 26th and later to the Canadian Engineers. He was badly gassed at Levein and reduced to point of death by hemorrhage.

Sapper L. Conison, of Kensington, enlisted in Halifax with the R. C. R's, with whom he fought in France for fourteen months at St. Quentin, Cambrai and other parts of the front. He left France on December 4th, 1918.

Private S. L. Thompson, of Charlottetown, enlisted in the 105th, fought two years in France with the 26th, mainly along the Vimy front, and was wounded.

Private Peter P. Macdonald, of Charlottetown, enlisted in the 105th, fought two years in France with the 13th. He was not wounded, but owing to his ear drums bursting, he was for a time in the 1st Canadian C. C. S. He was with the Canadians who had gone to Cologne after the armistice had been signed.

Private Joseph Mitchell, of Port Hill, enlisted in the 105th Reinforcements, fought 6 months in France with the

Notice to Married Men

And Others who Have Dependents to Provide for

While the cost of living has gone up, in almost every line, it is our pleasure to announce that notwithstanding the changed conditions brought about by the war, that we are today able to offer to the insuring public, Life Insurance Protection at a lower rate than before the war.

A Serious Question Worth Considering

With the increase in cost of living the amount of insurance you were carrying before the war may not be sufficient protection today. To meet this extra burden that would be thrown on dependents in case of the death of the bread-winner it would be prudent for every man to consider whether he should not increase the amount of his insurance by 25 to 50 per cent.

When the protection of your loved ones is at stake you cannot afford to gamble with the future. Think of the numberless widows Life Insurance is saving from poverty, from hunger and from despair, of the countless children to whom the Policy benefits are giving a chance in life, preventing them from being huddled together in the slums of large cities, breathing foul air and eating food both unsuitable and insufficient and best of all, saving and preserving to them the mother's care, you will agree that it is the greatest beneficent institution in the world.

We would like to be of service to you and yours. Can we have an opportunity of submitting particulars of our plans free of charge?

We sell insurance at a lower net cost than any other Company in Canada giving absolute security.

Over One Hundred and Seventy Million Dollars of Insurance in force. Consult the Agent in your District or write to or call at Branch Office, 61 Queen Street, Charlottetown.

THE GREAT WEST LIFE ASSURANCE CO.

Hyndman & Company, Limited. MANAGERS P. E. I.
