Maritime Secretary—Pursuant to a decision arrived at the last meeting of the Maritime Board of Trade held in Halifax some time ago, the matter of the selection of a permanent secretary and freight expert for the Board will be dealt with by the committee selected which will meet in Moncton on Thursday, Nov. 22. It is understood that the three Maritime premiers will be at the meeting and it is likely that they will make some statement as to the assistance to be given to maintain a permanent secretary. There will no doubt be delegations from the various Boards of Trade throughout the three provinces in attendance at the meeting. The committee to deal with the matter is composed of Messrs. J. E. Masters and C. C. Avar, New Brunswick; J. O. Hyndman and A. A. Pomeroy, Prince Edward Island; and A. E. McMahon and A. MacDonald, Nova Scotia.

A BRILLIANT ISLANDER—Prince Edward Island has again the opportunity of feeling proud of her sons. The following is taken from the Family Herald and Weekly Star. "Rev. R. A. Macleod, M. A. D. D. The Rev. Dr. Macleod, who has just been elected to the Moderatorship of the Presbyterian Synod of Montreal and Ottawa, a well-known man in the religious life of Canada. He is a native son of Prince Edward Island where he spent his school-boy days. Later he went to Queen's University, Kingston, where he eventually won the degree of B. A., with gold medal. He also won the silver medal of his year in Philosophy and Political Economy. In 1887 he won the MacPherson and Lewis prizes and was awarded the degree of M. A. Later he was made Bachelor of Divinity, and a Doctor of Divinity in 1902. His pastorates have been in Atwood, Ont., and St. Paul's church, Truro, now of Kenilworth, Ont. He is considered one of the strong men of the denomination in Canada. Rev. Dr. Macleod, is a brother of John and Andrew Macleod, Dundas, and Mrs. Herbert Jones, Harrington, P. E. I."

THURSDAY
LARGE FOX SHIPMENTS—Two valuable shipments of foxes were made this week to the United States by Mr. W. K. Rogers. Fifty pairs were shipped on Tuesday and thirty-two pairs yesterday. Mr. Fred Whitlock accompanied the shipment yesterday from the city.

C. P. R. VISITORS—Messrs. G. Bruce Burpee, District Passenger Agent, and Mr. G. E. Carter, Traveling Passenger Agent of the C.P.R., St. John, were in the city yesterday on an official visit of inspection and leave this morning on return to St. John. Both gentlemen are thoroughly conversant with conditions in this province and keep in regular touch with its requirements. In discussing the development of the tourist traffic here, Mr. Burpee admitted that the extension of the D. A. R. from Truro to Brulo and the connecting up with Charlottetown by steamers would give a tremendous impetus to passenger traffic and also provide a relief for freight, especially in the congested seasons. Mr. Burpee is satisfied there will be a great increase in immigration from Europe next spring and the C. P. R. is making its arrangements accordingly. Formerly the restriction of immigrants practically to the farming class hindered the development of not a few industries in Canada, but with these restrictions removed there is no reason why there should not be a great influx of artisans and others to take the places of those who have crossed the border and also provide the necessary complement to extend trade and industry generally. Mr. Carter is a frequent visitor to the Island, but this is Mr. Burpee's first visit in many years, he having been representative at Cleveland, Ohio, and only recently transferred to St. John.

In the early morning hours of Saturday, Oct. 20, Mrs. Benjamin Gamester, a highly esteemed lady of Hunter River passed peacefully away at the age of 72 years.

conducted by the Rev. Mr. McDonald of Murray River. The remains were conveyed to the Murray Harbor North cemetery followed by quite a number of friends.

A pall of gloom was cast over Flat River and vicinity, Sunday, Nov. 18th, when the people learned of the death of Mrs. Finlay MacRae at the advanced age of eighty-three years and nine months. She was the last survivor of a family of thirteen of the late Ronald and Katie (Gillis) McDonald, her father having come from the Isle of Skye, Scotland, at the age of three years and afterwards settling in Point Prim, birthplace of the deceased. Although an invalid for a number of years, her last days were comfortable by the love and self devotion of her son and daughter-in-law, with whom she lived on the old homestead at "Big Point." Ever kind and sympathetic friend to those in trouble, she will be missed by many. Her husband predeceased her nine years ago. Eight children were born to her, two daughters, Mrs. A. N. McDonald, (Katie) of Flat River, Mrs. Dr. Brehaut, (Laurie) of Murray River, also six sons: viz Capt. Roderick of Tacoma, Washington; Mr. Finlay of San Francisco, Angus of Flat River Peter who was killed in Vancouver, in June last, and William for a number of years Chief of Police in Vancouver, B. C., now residing on the homestead. The funeral which was largely attended bore testimony to the esteem in which she was held. The remains were laid to rest in the family plot at Belfast, beside the church where she loved to worship in the days of her health and strength. Rev. Mr. McKenzie officiating, kindly assisted by Rev. Mr. McNeill of Wood Islands. The pall bearers were H. D. McKenzie, J. Riley, W. Compton, M. Ross, R. A. McKenzie and W. D. McKenzie.

Sir Charles Dalton, who motored to the city from Tignish yesterday, reports the roads in fairly good condition, though rough. The road projects built under the late Government are showing signs of wear and are badly cut up in some places. Sir Charles reports conditions in Tignish and vicinity very good, the farmer having had a prosperous year. The principal feature of the market is the export sale of Irish Cabbler seed potatoes, which are being sold at from \$1 to \$1.25 per bushel. "I would strongly advise the farmers of this Province to get right into the seed potato business," he declared. The marketable varieties are principally Irish Cabbler, and the demand for them is increasing every year. They are just as easily grown as the kind that bring only half the price. "I am really surprised at the comparatively small quantity still being grown here, when the demand is so great. I think we can grow them to much better advantage than in the State of Maine, and get a better quality. Double the quantity could be grown just as easily and find a ready market." In regard to the fox business the sales at Tignish have not been large in comparison with Charlottetown and Summerside, a number of the buyers evidently not getting up there. The crop, however, is good and the pelts are of a satisfactory quality—better than last year. Sir Charles is leaving shortly on a shooting expedition to Nova Scotia and subsequently will proceed to Boston to spend the festive season with his family. Recently while in Nova Scotia he was successful in shooting a caribou.

FRIDAY
LARGELY ATTENDED SOCIAL—Despite the inclement weather last evening the social given by the Ladies Aid of the Methodist Church was a decided success, the sum of \$300 being realized. The attendance was very large and everyone had a most enjoyable time. The social was the first public event to be held in the commodious new social hall, the adjoining class rooms being utilized as a bazaar. The hall was very nicely decorated. Plenty of good things were provided. For the success of the entertainment the president Mrs. George Gardiner and all the members of the Ladies Aid are to be heartily congratulated.

There passed away at his home in Cambridge, P. E. I., on Nov. 4, 1923, Benjamin Butler (Capt.) after a lingering illness of over two years in his seventy-sixth year. Capt. Butler was a man who went to sea most all his life and was well known in all the principal sea-ports of the Maritime Provinces and Newfoundland. He sailed for a number of years for the firm of McDonald & Westaway, Georgetown as master of the Sch. Jubilee, and was noted for the good judgment he used in stormy weather. He was a member of the Presbyterian Church, Peter's Road, and died trusting in the atoning blood of his loving Saviour. He leaves to mourn his wife, nee Savina Munroe, of White Head, Nova Scotia, also two daughters, Mrs. Samuel Crow, of Lexington, Mass., and Mrs. Oswald Graham, of Cambridge, P. E. I.
