The Motorcycle Tire that WON

Three of every four new motorcycles sold this year in Canada and the United States will be Goodyear-equipped.

Consider the significance of that fact. It means that in four short years Goodyear motorcycle tires have won their way to the front by sheer force of super-quality.

And tire leadership is not lightly won and held. Before such overwhelming preference *must* come utmost efficiency.

What Men Want

In motorcycle tires, men seek action and service—

Remember that Goodyears hold every world's record for speed and durability.

They want tires that represent leadership—

Remember that the same value that has won first place for Goodyear No-Rim-Cut automobile tires is offered in Goodyear motorcycle tires.

Made in Canada

And these tires are made in Canada—at the same great factory and by the same master methods and workmen as the famous No-Rim-Cut automobile tires.

So, with all this quality and leadership offered you at no greater price than other standard makes, why not buy Goodyears *first?*

They are made with a double-thick anti-skid tread. Made to hold the leadership they have won.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST.

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, 'oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The touble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisurated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisurated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—M.F.P.
