STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapepsin" makes upset stomachs feel fine in five minutes

If what you just ate is souring on your stomach or like a lump of lead, refusing to digest, or you belch gas and cruetate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy though each dose contains power sufficient to digest and prepare for assimilation into blood all the food you eat; besides, it makes you go to the table with a hearty appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them but you will be cranky about this splendid stomach preparation, too if you ever try a little for indigestion or gastritis or any other stomach misery.
