FALL FIGURES MAY BE SLIMMED BY EXERCISE

One who has bulging hips and protruding stomach is going to be no more flattered by new fall fashions than the thin boyishy survelease girl. The ideal figure — all 1938 — is small waisted with gracefully curvy hips and a high, round bosom.

If your hips aren't as trim as they should be, by all means start doing special exercises regularly and correctly. One of the simplest of these is the rolling routine, of course. Simply lie flat on the floor with arms at sides and ankles together. Now, keeping shoulders flat on the hard surface and ankles together, roll hips to the left as far as possible, then to the right. Repeat twenty times the first day, twenty-five the second, thirty the third and so on.

**Canadian Art French Debate Exhibit Opens Nazi Ambitions In Ceded Areas**

LONDON, Oct. 17—(CP-Havas)—The largest exhibition of Canadian Art ever held outside the Dominion was formally inaugurated today at the Tate Galleries by the Duke of Kent.

Viewing the impressive collection of paintings, sculptures and woodcarving representing a century of Canadian Art, the Duke observed it was the first time Britons on this side of the Atlantic had had the opportunity of seeing so representative an exhibition of Canadian Art.

"The pictures date from the end of the 18th century," the Duke said, "and people can see for themselves a sufficiently representative collection of pictures to be able to appreciate the versatility and vigor of Canadian Art."

Vincent Massey, Canadian High Commissioner, in an address, said in Canada there is a great and growing interest in the arts, a development which could be attributed chiefly to modern education.

PARIS, Oct. 14—(AP)—Debate developed in Paris tonight over whether Reichsfuehrer Hitler had his eye on the French provinces of Alsace and Lorraine, which belonged to Germany before the Great War.

The Chamber of Commerce of Strasbourg, principal city of Alsace-Lorraine, apparently started it yesterday by demanding the

French Government negotiate a commercial accord with Germany. A burst of attacks and counter-attacks in the Paris press followed, and then came accusations and denials from Alsatian leaders. A summary of the outburst indicated:

1. Both Alsace and Lorraine are determined to give Chancellor Hitler no chance to claim the districts' 2,000,000 French citizens, most of whom speak a German dialect, compose another Suederland which wants to return to the Great War.

2. Despite their preference for France, the two Provinces see a French-German commercial agreement as their best chance for economic prosperity.

All the discussion arose despite the fact Hitler in his Berlin

speech Sept. 26 disclaimed a desire for return of Alsace-Lorraine.

Paris newspapers published a photograph of a receipt bearing a drawing of Strasbourg Cathedral allegedly given to contributors to a campaign in Germany for funds for propaganda in Alsace-Lorraine.

Edouard Fuchs, Alsatian deputy wrote Premier Daladier that "azi propaganda is 'non-existent' in the district and Joseph Rosse, spokesman for the Independent Popular Action Party, to which nine of Alsace's 16 deputies belong, wrote vice-premier Camille Chautemps, who is in charge of Alsace-Lorraine affairs, affirming the loyalty of the provinces to France.

An order published in the official Journal without explanation established a virtual censorship over news broadcasts from 11 of France's largest privately-owned radio stations.

Not only news broadcasts of political affairs, but those on economic and financial matters now will be under the Government broadcasting service.

**Train Services Fully Restored**

MONCTON N. B., Oct. 15—Passenger train services between Montreal and New York and Montreal and Boston have been fully restored except the night service by way of Rutland and local Boston and Maine services between Boston, Troy and Mechanicsville, according to an announcement by R. J. S. Weatherston, general freight and passenger agent of the Canadian National Railways here. Interruption of these train services was brought about by recent flood conditions which were among the most severe ever experienced in the New England States.

**In Memoriam**

MRS. ALBERT HISCOTT

At the P. E. Island Hospital on September 18th, 1938, there passed to her eternal rest Esther, beloved wife of Albert Hiscott in the 40 year of her age. About six weeks before her death she was taken to the Hospital for an operation and the doctors found that she was suffering from cancer, and although she suffered many a pang she was never heard to murmur or complain. All the medical skill and kind nursing could do but to no avail and she grew gradually weaker until her passing came so peacefully on the above mentioned date.

Mrs. Hiscott will be sorely missed by her neighbours and friends as she was always ready to lend a helping hand to any one in need. She was of a cheery disposition and had a smile for every one. There are left to mourn a grief stricken husband, a little daughter and an infant son to mourn the loss of a kind and loving wife and mother. She is also survived by her mother, Mrs. Herbert Pavynter, Long River, and the following brothers and sisters — Everett, Oliver, George, Francis, all of Long River, Emmaretta, Mrs. Howard Waite, Summerside, Mrs. Ada Adams, Sea View, Gertrude, Mrs. Earl Riggs, Charlottetown, Blanche, Mrs. Lloyd Adams, Darnley. Her father, predeceased her eight months before.

The remains were tenderly laid to rest in the Geddie Memorial Cemetery.

Rev. Mr. Tillie officiated assisted by Rev. Geo. N. Somers of the Long River United Church. The pall-bearers were her neighbours, Edward Graham, Frank Bell, Bruce Graham, James Reid, Lorne McEwen, Herbert McEwen.

The floral tributes were lovely and beautiful.

To the bereaved family the entire community extends sincere sympathy.
