WORTH SELLING

Of all the articles of apparel women's dress is the most conspicuous, and either makes or mars her appearance. The fashioning of the dress—the making—has much to do with this appearance, but after all the fabric approved by fashion must be provided, and in such quality as to give elegance and character to the finished dress. This means that you must have quality material to begin with, that you must have the fabric that fashion approves. To this old good dressmaking, and you are gowning fashionably, elegantly, and after such styles as afford satisfaction—you might say, elation. Ask to see the line of elegant stuff we are showing in seven colors and see the made up dress by one of Charlottetown's best dress makers. Goods will cost you \$2.75 try and make it any where else for \$5.00. Jas Paton & Co's 12-1438

WOULD HE LIKE A SUIT CASE?—An article that makes a very attractive gift for a man—suit case or valise. We are showing a complete range, \$1.85 to \$13.50.—Moore & McLeod. 12-15011.

Dentists of One Mind All Endore Asher's Enamel

At the dental convention recently held in Montreal the leading dentists of Canada expressed themselves as being very favourably impressed with Asher's artificial enamel as a material for filling teeth. That this material is the equal in all ways and in many respects the superior of gold for filling teeth is now generally conceded.
