New Glasgow's Activities

Friends of Mrs. Edwin Stevenson will regret to learn of her indisposition.

Mrs. Billie Orr spent an enjoyable week with her sister, Mrs. R. Fraser, returning home Wednesday.

Mr. Mervyn Bulman and son Allison paid his friends here a flying visit recently.

John Bulman had the misfortune to suffer an injury to his ankle recently but glad to say he is able to be about again.

Heartiest congratulations to Mr. and Mrs. Sterling Campbell on the birth of a bonnie wee girl. Also to Mr. and Mrs. Rod Stevenson on the arrival of a lovely baby girl.

Dr. Tidmarsh (Jr.) was a recent visitor here and is interested in practicing in this vicinity if living accommodation are available.

The many friends of Mr. W. B. Bulman will regret to learn that he is a patient in the P. E. Island Hospital. He suffered a stroke a few days ago, however his condition is reported favorable.

Mr. James Brown who recently returned from service overseas, has purchased the beautiful old farm home from Mr. Milton Bagnall, and is moving there with his wife and kiddies.

Mrs. Wm. McMillan returned home last Thursday and is making a wonderful recovery after her recent operation.

A large congregation gathered at St. Augustine Church, South Rustico, Sunday to welcome and pay tribute of love and respect to one who had been a boy of that parish, namely His Eminence Cardinal James McGuigan.

Mrs. George Smith and Miss M. E. Campbell attended the musical festival in Charlottetown, where they found the program very interesting, especially among the young children, who showed wonderful talent. It is to be hoped all the institutes on the island will co-operate another year, and thus make it a Provincial affair.

What might have been a disastrous fire caused by burning grass on the premises of Mr. Lemuel Craswell was narrowly averted but sorry to say his beautiful house looks to be completely destroyed. However, there is a hope it may spring from the covered roots.

Miss M. E. Campbell, President of the Ladies Aid Society called on Mrs. P. L. Campbell who read an address of appreciation and goodwill to the retiring president of the W. M. S., Mrs. E. A. Houston who is to make her home in Charlottetown very shortly. Mrs. E. C. Rollings presented her with a fan of greenbacks. Mrs. Houston although completely surprised, made a fitting expression of thanks. The Ladies Aid conducted their business period with Miss Campbell presiding. The clearing of the Church was discussed and Mrs. Allen Wyand suggested where help might be available for same. Other matters were discussed and satisfactory conclusions reached. An invitation from Mrs. P. L. Campbell for next meeting was gladly accepted. Eynon, If I Have Wounded Any Heart To-day was sung bringing the meeting to a close. A bountiful lunch was enjoyed by all, served by committee in charge, assisted by the hostess.

Sale of pies followed with Mr. Herb Wyand as auctioneer. They brought forth brisk bidding. The good sum of \$125 was realized from admission and pies. Many compliments were heard of the good acting, and all deserve credit.

South Africa Hopes For Late Corn Crop

JOHANNESBURG, May 22 (CP)— Grain shortages in South Africa, aggravated by wartime scarcity of fertilizers and two years of drought, have now reached the point where bread queues have replaced the line-ups for meat of a few months ago.

While government conservation measures have prevented famine, shortages of wheat and corn have brought some hardship to Natives and lower-income Europeans in some parts of the country.

In response to a government request, farmers have gambled on a crop of very late corn which is expected to produce 1,800,000 tons, of 200,000 tons in 1938-39.

South Africa's pre-war exports of 700,000 tons of corn, of which 133,000 tons went to Canada, have been discontinued since the drought years and will probably not be resumed for some time.

The wheat crops has been similarly reduced by the drought years, but farmers in Cape Province and the Orange Free State have sown large areas this year and prospects are reported fairly good. Never an exporter of wheat, South Africa produced 710,000 tons in 1935-36 but dropped to 500,000 in 1936-37 when 70,000 tons were imported, official figures for rice war years are not available.
