"CLAN MACRAE AMBULANCE"
Miss Lizzie MacRae, of this city, has received the following letter which speaks for itself and will no doubt commend itself to many members of the MacRae Clan in this province:—
Dear Madam,—It has been suggested to members of the Clan that a Motor Ambulance, which might be called the "Clan MacRae Ambulance," would be a most useful contribution towards the welfare and comfort of

our fellow clansmen who have the misfortune to be wounded on the field of battle.

The suggestion is an excellent one, and with a view to giving it a start I have promised a sum of £25 and Colonel MacRae-Gilstrap a similar amount on the understanding that the Clan will make up the balance. £400 is about the amount required.

Might I ask for a small contribution from you towards the Ambulance for our Clansmen who are serving in the Forces of the Crown in defence of the Empire, and thus upholding the best traditions of our warlike race.

Many of them in their hour of need would not fail to appreciate the kindly efforts of the members of the Clan for the relief of their sufferings by the provision of a "Clan MacRae Ambulance."

Yours sincerely,
ELLA MACRAE-GILSTRAP.

Here's A Way To Save Doctor Bills

Physicians Give Free Advice by Which Parents May Profit.

It was an association of gentlemen, professionally physicians and chemists, all of whom were born in the drug trade, so to speak, and who have been connected with it all their lives, who first gave to the world Castoria, which as every one knows is a pleasant and effective remedy for the ailments of infants and children. It has always been recognized as a meritorious preparation, and its reward has been the great popularity ever enjoyed by any remedy, not by flamboyant advertising or appeals to ignorance or vulgar prejudice, but by inherent merit. All physicians recommend it, and many, very many, prescribe it.

Many parents call in the family physician. Many other parents take advantage of what the physician told them when he was first called in consultation. All good family physicians say: "Give the children Castoria. Healthy parents know this remedy of old, for they look it themselves as children. It was more than thirty years ago that Castoria made a place for itself in the household. It bore the signature of Charles H. Fletcher then, and it does today. The signature is its guarantee, which is accepted in thousands of homes where there are children.

Much is printed nowadays about big families. Dr. William J. McCram, of Omaha, Neb., is the father of one of

these much-read-about families. Here eating comes sleeping and Castoria looks out for that too. It allays feverishness and prevents loss of sleep, and this absolutely without the use of opium, morphine or other baneful narcotic.

Medical Journals are reluctant to discuss proprietary medicines. Hall's Journal of Health, however, says "Our duty is to expose danger and record the means for advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge Castoria is a Castoria in their own families, but they prescribe it for their patients. First health by regulating the system, not by stupefying it, and our readers are entitled to the information."

IN FLANDERS FIELDS.

(Written by Dr. John McCrae of Montreal, now at the front.)

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place, and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.

We are the Dead, Short days ago
We lived, felt dawn, saw sunset glow,

Loved and were loved, and now we lie
In Flanders Fields.

Take up our quarrel with the foe,
To you from falling hands we throw
The torch; be yours to hold it high;
If ye break faith with us who die,
We shall not sleep, though poppies grow
In Flanders Field.

Enormous Fire Waste

In the year 1915 property to the value of over Two ty Millions was destroyed in Canada.

The Fire Loss ratio in Canada is higher than in any other Country in the World, according to the report of the Conservative Committee at Ottawa.

This should bring home to every property holder, not only the necessity of Fire Insurance protection, but of better efforts on behalf of all Canadians to reduce this enormous Fire waste.

For, after all, Fire Insurance Companies are only a medium for distributing among many people the losses of the few, so that which would crush the individual will be felt lightly by the many. The loss experience, over periods of years, fixes the basis for making the rates.

Property owners should keep alive to the fact that the possibility always exists of a conflagration in any City, no matter how excellent the fire protection service may be. Cheap Insurance has proven a dear experience to many. You cannot afford to carry your own risk. It is a penny wise and pound foolish policy. You cannot afford to puff taking out Insurance. Fire comes when least expected. The year 1914 produced a fire loss in North America of \$235,591,350—the heaviest loss to property by fire in the history of the Continent with three exceptions—1908 when the conflagration at Chelsea Mass occurred—1906 the year of the St. Francisco conflagration, and 1904 when Baltimore burned.

On June 25th, 1914 the fire in Salem Mass, started at 1 o'clock in the afternoon. In thirteen hours sixteen hundred buildings were burnt involving a property loss of \$140,000,000, and spreading ruin and devastation over 2-3 acres of what had been flourishing factories, and spreading ruin and handsome dwellings. It may happen to-morrow where you live. No property is immune, no buildings are exempt. The fire fiend never gives notice where it will strike—and the records of a hundred Insurance Companies show that it is invariably the unexpected that happens where fire is concerned. You may be next. Your home, your factory, your store may be the next to suffer. Can you afford to be without protection? Are you big enough to shoulder the risk when for a few dollars of premium you can buy unquestionable protection.

Insure in a good solid Company—it may prove a wise investment to-morrow. We represent several of the oldest and strongest English, Canadian and American Fire Insurance Companies.

All honest claims are settled with promptness and despatch; we can refer in this regard to leading Merchants and Farmers throughout the Province.

You Can Buy a \$450 Vocallion Church Organ Today, for--- \$120.

Here is the Organ for your Church, Chapel, Sunday School, School or Public Hall—the Vocallion Church Organ.

And here is a real, \$450 Vocallion you can buy for your Church—and buy it at \$120—delivered.

There is just one reason why the price is cut down to \$120—\$330 less than cost—this Vocallion is second-hand and was somewhat used.

This is a large organ, massive and rich in appearance, with a finely polished bright oak case—a beautiful ornament and a most satisfactory instrument for any public hall or church. Many prefer the liquid, reed music of an organ to any other instrument for public meetings, etc.—and the Vocallion is the really superb organ.

And here are some of the features that have made the Vocallion famous—

The knee-swell, in use, operates a panel-like opening at the top which regulates, to your own fancy, the volume of sound.

The grand organ pedal release gives you the full tone in all its power and resonance—an exclusive feature that will appeal to you.

Eight sets of reeds give you any church organ, the full tonal capacity found in

This Vocallion Church Organ is guaranteed to be in perfect condition, guaranteed as the same instrument which sold for \$450 when new. Present price, delivered to any Island Station \$120
