WORTH WHILE SEEING—The Guardian Sportsman, the oldest turf and live stock journal in America, has a highly interesting article on the racing career of Mayor Brown. The article, which is from the versatile pen of Mr. Hugh McInnis, takes up Mayor Brown's turf history from the time he left his home in Turbridge, Ont., thirty eight years ago until he succeeded to the Mayor's chair. Thirty-eight years is a long space in the life of an individual and many happenings are usually crowded into it. In that time Mr. Brown has been a leading figure in the turf history of these provinces, and some of his experiences are of a character most interesting to followers of the racing game. The story of his famous nine-heat race in Truro, the Hernando-Pilot race in Summerside and the painted horse case are especially noteworthy. The Sportsman is making a strong bid for the patronage of horsemen in these provinces by the way and has engaged Mr. McInnis to represent it in this territory in a news and business way.

Girl a Nervous Wreck At Eleven Years of Age

WAS TIRED OUT, PALE AND SALL OW— WOULD TREMBLE TILL THE BED WOULD SHAKE— DR. CHASE'S NERVE FOOD CURED HER.

In the schools of today there is found an alarming proportion of weak, nervous children who have little chance of developing into healthy, useful men and women. Nature requires the assistance of such treatment as Dr. Chase's Nerve Food to help them over a trying period and set them on their feet.

There would be fewer wearing glasses if the nerves were invigorated, less irritation in the school and home, more robust health and a greater pleasure in the school tasks.

This letter bears a cheering message to parents whose children are weak, puny and nervous. It shows you what may be expected from the use of this great restorative.

Mrs. Stephen Hartman, Italy Cross, Lunenburg Co., N. S., writes: "My little sister at eleven years of age became nervous, irritable and seemed all tired out. She has no appetite, was lifeless and drowsy, and

her complexion grew pale and sallow. Finally she had to keep her bed and have somebody with her all the time. She was afraid of everything, would get excited and tremble till the bed would shake. As she seemed to be getting worse under the doctor's treatment, mother decided to try Dr. Chase's Nerve Food. After she had used about four boxes improvement was noticeable, and it was wonderful to see how much brighter and stronger her boxes altogether, and they cured her. She got fat and rosy, and went to school every day with an ambition that she never seemed to have before. I do not hesitate to recommend Dr. Chase's Nerve Food to anyone, for it was indeed wonderful what it did for her."
