SUNDAY SCHOOL

Convention Holds its Closing Session

DIPLOMAS PRESENTED

To the Graduating Members of the Normal Class - The Press thanked.

Yesterday the first session of the Sunday School Association was opened with a half hour of prayer led by Rev. Neil McLaughlin. The regular work of the Association was taken up by the reading and adoption of minutes of preceding session.

Rev. J. W. McConnell read the report of Nominating Committee, which on motion was unanimously adopted, electing the following officers for the ensuing year:

- Pres.—Rev. D. B. McLeod. Vice for Queens.—Rev. R. F. Whiston, Charlottetown. Vice for King's.—Rev. W. H. Warren, Montague. Vice for Prince.—Thos. Moyle, Central Bequee. Cor. Sec.—Rev. G. P. Raymond, Charlottetown. Rec. Sec.—Miss Sara McRae. Treas.—W. C. Turner. Supt. Normal Work.—J. D. Seaman. Supt. Home Department.—D. Schurman. Supt. Primary Work.—Miss Marion Wathen.

Additional members of Executive Com.—Revs. Messrs. W. H. Spencer, Montague; N. Stevenson, St. N. McLaughlin, Summerside; Elwin Smith, Kensington; J. W. McConnell, Charlottetown; Hon. Benj. Rogers, Alberton.

A most interesting half hour was spent by Mr. C. D. Meigs answering questions, which had been handed in the previous night and left over.

Conference: How to make the S. S. Association more effective, conducted by the President. A very helpful and inspiring conference. One of the best ways for S. S. workers at present is to get the ground-work of organization completed.

To this end it is hoped that Mr. Raymond's visits will be aided by the local Sunday School class to secure the desired boon.

The last item on the morning program was an address, Subject—How to get hold of your Sunday School lesson. (1) Spend at least two hours in preparation. (2) Have a time and a place where you will be alone and study. (3) Have a kit of tools, spend a little money to get a Teacher's Bible, Concordance and a Revised Version Bible. Commentaries are little help. (4) Get your S. S. lesson on your knees. Without earnest prayer and diligent study.

ONE MINUTE CURE FOR TOOTHACHE.

Toothache, the most common and one of the most painful affections, is instantly cured by the application of Polson's Nervine. It is a combination of powerful anodynes, and it strikes at once to the nerves, soothing them and affording in one minute total relief from pain. Mothers, try it for your children's toothache. Nervine is sold in ten and 25 cent bottles by all druggists.

tem the only the secret of success cannot be hoped for. Adjourned until 3 p. m.

TUESDAY AFTERNOON.

Fifth Session.

At 3 p. m. Rev. G. P. Raymond took the platform to open a conference on Normal Work. Mr. Raymond showed the need of a Normal Class from the fact that the International series of lessons, though excellent, are not perfect, no one book of the Bible being studied as a whole. The work of the Normal Class will be to supplement the study of God's word with lessons on Bible History. A Normal Class had been organized last year in this city under his supervision as teacher. That class had studied Hurlburt's Normal lessons. One of that class had passed a successful examination and would receive diplomas this evening.

Mr. Seaman spoke a few words of endorsement of normal work and submitted a resolution to the effect that Hurlburt's Normal Lessons be the text book for at least this year. This resolution was spoken to by Rev. A. F. Browne and others and adopted.

Rev. G. M. Young was the next speaker, his subject being the need of a Home Department.

There are in our province 61,000 Protestants, of those 30,000 ought to be in S. Schools. The records show that only 19,000 are in S. School which leaves 22,000 whom the S. School does not reach. The Home Dept. is the instrument which can successfully reach these people. The success of the Home Dept. depends on the willingness of the members to do the work. The only requirements are to give half an hour a week to the study of God's word. The Home Department is a part of the main Sunday School just as much as the Bible class or the Primary. The officers, necessary are a Superintendent who is also an assistant Superintendent of the main school and visitors whose duty it is to visit the members of their classes at least once a quarter and as ten besides as is possible. The officers of the Home Dept. should be members of the Sunday School Board. All moneys collected in Home Department to go to the treasurer of the main school and all supplies necessary for the carrying on of Home Department work to be furnished by main school.

How to organize? Get the consent of Pastor, ask him to preach on the importance of Bible study suggest the Home Department as the means of securing this general Bible study, elect a live Superintendent and visitors. Those to be benefitted are the aged, the infirm, those who are kept at home by family cares, nursing the sick, caring for little children, etc. Mr. Meigs showed that the Home Department takes in 31 classes of people. The aged, infirm servants, mothers, nurses, railway men hotelman, cabmen commercial travellers, etc., etc.

The Home Department fits in every school wherever there is Sunday School and a home. Who can start it? Anybody with enough religion in his soul (solo) to do the necessary work.

Rev. G. P. Raymond spoke on the subject and suggested that in the ease where schools close in the winter the work be carried on under the Home Dept. This suggestion was favorably spoken to by Rev. G. M. Young, C. D. Meigs, W. H. Spencer and others and adopted. Mr. Meigs came next with an address on object lessons in which he said, the baby begins to learn through its eye very early in life. Eighty per cent of all we learn we learn through the eye. The nerves of the eye are 20 times as strong as those of the ear. First look, then think, this is evidently what our Savior did. He noticed the birds and the flowers, then followed some of his best discourses such as "Consider the lilies of the field, they toil not neither do they spin." Even the Almighty used an object lesson to call Moses to lead the children of Israel out of Egypt.

The Finance Committee through its chairman Rev. R. F. Whiston submitted their report as follows: Total receipts \$233.63 Total Expenditure 176.41 Balance \$57.25

TUESDAY EVENING.

SIXTH SESSION.

Devotional exercises led by Rev. Geo. Miller of Brookfield. Minutes of afternoon session read and approved.

Mr. Raymond then gave an address on normal classes why should they be organized in P. E. Island.

Because the Sunday School teachers in P. E. Island want to have Normal classes organized.

Because they have proved to be a good thing in both Nova Scotia and New Brunswick. In Nova Scotia there are 120 as Normal class students. In New Brunswick 200 are graduates at their convention which opened there with this morning.

The most thorough normal work on this continent is carried on in the Jewish synagogues of New York.

The Sunday Schools of the New York synagogues are the only ones who pay their teachers. No one is allowed to teach in these schools unless he or she is a graduate of the Normal Class.

We should organize them because they have been for six years such a success in the other Provinces.

The next item on the program was the presentation of Diplomas to the Graduates of the Normal Class. The diplomas were presented alphabetically as follows:

- G. Herbert Alexander, Stanhope. Mary Ashley, Charlottetown. Ella G. Hayden, Charlottetown. Joanna Henderson, Charlottetown.

- Edward Jordan, Charlottetown. Beatrice A. McIntyre, Charlottetown. Helen H. Sanderson, Charlottetown. Elizabeth S. Sneeston, Charlottetown. Joseph D. Seaman, Charlottetown. Ada A. Wadman, Charlottetown.

Dr. Anderson spoke a few words of appreciation of Normal work and encouragement to continue in the good work so well begun. The Sunday School teacher needs preparation for his work. There is no more interesting work than the study of the Bible. As a literary work it commends itself to the young and they will be interested in its narrative if taught by persons who have been trained for their work. No one can teach what he does not know. Get thorough, earnest, educated, trained, Godly persons to be teachers in the schools and you will do a vast amount of good for the young people of this country.

Rev. C. D. Meigs spoke on "Why am I in Sunday School work?"

First, because I am a Christian, that is a young enough to answer the question.

Second, because I am more than a Christian, I am a member in the church.

Third, because I believe the Bible which means more than believing in the Bible.

Fourth, because it has come to pass that the Sunday School is the place where the Bible is taught. There are a great many children in the world who never get any Bible instruction except from their Sunday School teachers.

Fifth, because it is the most profitable, the economical Christian work that is being done in the world. 84 per cent of those who come into the church come there through the Sabbath School.

Sixth, because what I get out of it myself, Talk of paying Sunday School teachers, why they are paid in Heaven. They get more out of it than they put into it. To teach in the Sunday School is a blessed privilege.

The following resolutions were unanimously adopted: Resolved that this Convention desire to put on record the great loss sustained in the death of our late Superintendent of Primary Work, Mrs. (Dr.) R. B. Shaw. Her eminent fitness for the work and her loyalty to duty, make her loss peculiarly lamented by her fellow workers and this Association.

Further Resolved that this resolution be engrossed and placed on record.

Resolved that the hearty thanks of the delegates here assembled be tendered to the trustees of the First Methodist Church for the use of their beautiful church building. To the choir for their beautiful music, and to our Bro. Prof. Watts for his kind services which have contributed so much to the success of these meetings.

Resolved that in the opinion of this convention it is necessary to have the report of proceedings printed as last year and the Executive Committee are hereby empowered to attend to the publishing of said report.

Resolved that the thanks of the delegates are due the kind friends who so nobly opened their homes to us and to the Executive Committee for their pains in placing us so comfortably, and that Revs. D. B. McLeod and G. P. Raymond be a committee to engross and convey the same.

Resolved that our thanks are due and are hereby tendered the city, dailies for advertising privileges granted and for their most excellent reports of the sessions of this Convention.

Mr. Meigs said a few words of farewell, thanking the kind friends for their kind reception expressing his pleasure in his visit to the Island and his hope to be able to repeat his visit at no distant day. The President expressed the thanks of the convention to Mr. Meigs for coming so far and for the very many helpful hints and suggestions given by him to the Sunday School workers of this city and provinces. Session closed with Doxology and benediction.

The S. S. New England, 12,000 tons of the Dominion Line, which sails from Boston to 10 a. m. this morning has among its passengers three of Charlottetown's well-known citizens namely: Hon. Benj. Rogers and Mrs. Rogers and Dr. W. A. Burton, Mayor of our city. Mr. E. P. Beer, agent of the Dominion Line here has booked a number of passengers by this line this season and informs us that the service is ahead of any sailing from Boston. The Co. has five steamers sailing from Montreal and four from Boston. The Boston service includes the S. S. Commonwealth now on her maiden trip from Liverpool. The steamer is 13,000 tons and the Co. are now building at the famous yards of Messrs. Harland and Wolfe a sister ship to the Commonwealth which when completed will materially aid to the already competent facilities of this Company to handle the better class of ocean passengers.

Pain cannot stay where Fentley's Liniment is used. To suit the poor and economical it is put up in 2oz. bottles. Price 10c. Large size 25c.

See Ramsay for your glove wants, he can supply you cheaper and better than anyone else in the city.—R. H. Ramsay & Co. 10 51

GTO LET.—That desirable residence on Preston Street at present occupied by W. H. Watts, immediate possession. ven. House equipped with all modern conveniences, hot water heating. Present tenant leaving owing to house being too large. Excellent kitchen, garden, dry cellar, stable and coach house. Apply on the premises or to F. S. Moore, Prince Street. eod 101.

Gents—Our new fall and winter stock of shoes has just arrived. It will be to our own advantage to call and examine them. We feel sure you will buy, as the quality is first-class and the price as low as good gloves can be sold.—R. H. Ramsay & Co. 9 41

ROYAL Baking Powder

Made from pure cream of tartar. Safeguards the food against alum.

ROYAL BAKING POWDER CO., NEW YORK.

CITY & COUNTRY NEWS

Three horses and 30 cases of eggs formed part of the cargo of the Princess yesterday morning.

MR. AND MRS. W. E. MURPHY, of Columbia street returned home Monday from a pleasant sojourn of three weeks in visiting friends in P. E. Island.—Cambridge Times.

As the owner of the rooms lately occupied by him is not in a position to hire them any longer, Mr. Earle will for the present, teach pupils in all branches of piano, organ and vocal music at their homes or at his own residence, until suitable rooms are secured.

Mr. Mark Wright leaves this morning for Montreal, Toronto, and other points west on a business trip, and will bring with him the latest ideas, designs and patterns in furniture, both Canadian and American. 20th century ideas no doubt all of them.

THE Civil Service Examination will be held for this Province on Tuesday Nov. 13 and will continue for three successive days. Candidates going up for examination should remember that application should be sent to the Sec'y. of the Civil Service Commissioners at Ottawa not later than Oct. 15th.

The many Charlottetown friends of Mr. James B. Allan will be pleased to learn that he has been promoted to the office of the general superintendent of the Post Office System at Vancouver. Mr. Allen, was formerly employed as postal clerk on the Vancouver C. P. R. section. He is a son of the late Rev. James Allan, of Covehead, and was a few years ago employed as teacher in West Kent School.

SOCIETY IN ST. JAMES HALL.—See the Klitties next Friday evening in St. James Hall. Give the Highlanders a rousing house on this occasion. A good program. Dainty refreshments, etc.

The weekly meeting of the Tupper Club was held last night and notwithstanding the very wet night the rooms were crowded. Mr. J. B. Daw 01 retired from the chair shortly after the proceedings opened in order to go to the wharf to meet Mr. A. C. Bell, the late member for Pictou County who was to address the members of the Club. Dr. McNeill then took the chair and Senator Ferguson addressed the meeting until Mr. Bell arrived, accompanied by Mr. Daw and Mr. W. S. Stewart, the Conservative candidate for West Queens. Mr. Bell then delivered an address on some of the questions of the day—speaking over an hour and a half. At its conclusion Mr. Stewart was called on but only briefly addressed the audience closing by moving a vote of thanks to Mr. Bell. The motion was seconded by Dr. McNeill and carried by a standing vote. On motion of Mr. R. B. Norton, Mr. Bell was elected an honorary member of the club. Three cheers and a tiger were given for Mr. Bell, as also three and a tiger for Mr. Stewart. The meeting closed at eleven o'clock, after first singing the National Anthem.

For some weeks past the price of coal has been constantly on the ascendancy. The increase in price has been caused by increased demand, strikes, combines, etc. For years the inventive mind has been endeavoring to grapple with the question of heating. Scientists who have failed in the attempt state that there is a fortune for the "other fellow" who may invent something equally as good and effective in the heating line as coal. It is a remarkable fact that the inventive age has been devoted towards the creation and manufacture of cheap light and increased power. An Ontario exchange says: Peat has been experimented with, but, so far, it has not been wisely developed or put on the market in any great quantities. There are said to be immense peat bogs within a few miles of Ottawa, and different propositions have been mooted to put in machines and place the material on the market. Beyond organization and agitation nothing has been accomplished. Prince Edward Island is said to possess extensive peat areas. In view of the fact that for part of the season the province is practically isolated to large freights, it would be a good idea to ascertain if the fields could be developed. With wood and coal selling at such a high figure it is a severe tax on the resources of the poor man to keep himself and his family warm during the long winter months. His fuel bill eats up a big proportion of his income, and gladly will thousands of householders hail the day when a cheap and effective heating product is launched on the market.

PARLIAMENT DISSOLVED.

OTTAWA Oct. 9.—[Special.]—A proclamation was issued to-day announcing the dissolution of Parliament and ordering the writs for a general election—Nomination October 31st; voting November 7th. A QUESTION OF ELECTION LISTS.

In answer to a question as to which list would be used in Ontario the Secretary of the Liberal party said whatever lists were certified to on or before Sept. 1st, 1900.

So far as the Liberals are concerned the lists were never in better shape.

LIBERAL CANDIDATE DECLINES.

TORONTO, Hartly H. Dewart, County Crown Attorney, announces he will not accept the Liberal nomination for Centre Ontario.

GLOBE PRAISES EMMERSON.

The Globe editorially pays a high tribute to EX. Premier Emerson as the Liberal Candidate for Westmore and adds: "The Maritime Provinces have sent a remarkable number of able men to Parliament and there is little danger of the supply being exhausted as young men are coming up to take the places of veterans."

CONSERVATIVE CANDIDATE DECLINES.

MONTREAL Oct. 9.—[Special.]—G. N. Ducharme, President Banque Provinciale, has declined the Conservative nomination in Hochelaga.

Dr. La Chappelle who was defeated in the last election, will probably be chosen.

SHE WAS SAVED

From days of agony and discomfort, not by great interpositions, but by the use of the only sure-pop corn cure—Putnam's Painless Corn Extractor. Tender, painful corns are removed by its use in a few days, without the slightest discomfort. Many substitutes in the market make it necessary that only "Putnam's" should be asked for and taken. Sure, safe, harmless.

Buy your supply of Holland bulbs, hyacinths, tulips, crocus, freesias, at Carter's Bookstore. 10 11

Be wise, buy Ramsay's gloves. They're fitting, lasting, good looking gloves at moderate prices.—R. H. Ramsay & Co. 10 41
